Plans for the meeting here were discussed at the April 1st session of the Guild of the Tulelake Community Presbyterian church, held in the annex.

Mrs. Sam Herringshaw, Malin, gave an interesting talk on "Music in the Church," discussing the phases of improvement, type, quality of music played in the church and the influence that the choir members can have as spiritual leaders, through music.

Following the program Mrs. Carl Jensen, president, called the business meeting to order. It was decided that the Guild will serve the dinners and luncheons to those attending Presbytery.

Mrs. Frank Zlabek and Mrs. Evelyn Galloway were hostesses to 30 women.

Living Cost Pay Cut Made

WASHINGTON — Falling retail prices Monday clipped three cents an hour from the pay checks of 1,300,000 rail workers.

The government announced that on Feb. 15 its old - style consumer price index stood at 186.6 per cent of the 1935 - 1939 average, enough of a drop in the cost of living from last November to assure the three-cent hourly wage reduction.

Rail wages are adjusted each three months to correspond to rising or falling living costs. Monday's three cent loss is the biggest since rail wages were first tied to the cost of living. It leaves employees with ten cents accumulated cost - of - living pay from previous raises based on rising index figures.

The three - cent pay cut means a payroll saving for the nation's carriers estimated at \$7,500,000 a month. It all but wipes out a four-cent hike awarded virtually all rail employees last month by a government referee. That increase was based on higher productivity - output per man hour.

Rail wages averaged around \$1.90 an hour before Monday's adjustment.

Lower prices for food, fully reported when the official or new-style consumer price indexes for January and February were announced weeks ago, were mainly responsible for the over - all decline in the price level.

The government also announced Monday that the January old - style index stood at 190.3 per cent. An estimated 50,000 cotton textile workers will also take a pay cut of two cents an hour because of the sharp drop in the old style index between November and February.

Ike Names More Chiefs

WASHINGTON — President Eisenhower Monday nominated Arthur S. Flemming to be director of defense mobilization. Flemming now is serving as acting director.

Eisenhower also sent to the Senate the nominations of James P. Mitchell of West Field, N. J., and John Slezak of Sycamore, Ill., to be assistant secretaries of the Army.

Flemming, president of Ohio Wesleyan University, will head the existing Office of Defense Mobilization.

The White House said the nomination is in no way related to the reorganization plan Eisenhower sent to Congress last week, calling for creation of a new ODM.

Asked whether Flemming would be nominated later to head the new centralized ODM if Congress approves the reorganization proposal, presidential press secretary James C. Hagerty replied he did not know.

Flemming also is a member of the President's committee on government organization.

Prison Guard Still Missing

PORTLAND — Still unsolved Monday was the mysterious disappearance of Victor H. Williams, 40, missing state prison guard. Police found his automobile here Sunday but no trace of Williams.

Williams has been sought since he failed to report for work at the prison in Salem Friday night. His wife told state police he was carrying \$200 on his person when he left her at a neighbor's home.

State Police Capt. Ray Howard said he believed Williams was kidnapped and robbed. His empty billfold and part of his guard's uniform were found Saturday near Rickreall.

Police said they had learned Williams stopped at a service for gasoline after leaving his wife Friday night, and then drove to a cafe about five miles west of Salem.

His automobile was discovered in downtown Portland, the key in the ignition and the doors unlocked.

The theory that Williams had been kidnapped by a convict was discounted by Prison Warden Clarence Gladden. He said no prisoners have escaped in the past few days.

NO "PILLS" CURE CANCER

The American Cancer Society urges patients to seek competent medical help in treating cancer. It points out that no cancer ever cured itself and none was ever cured by pills, powders, or any other "home remedy" or "secret method, medicine or gadget."
