2 Ike Speeches On KFLW List

Pres. Dwight D. Eisenhower will broadcast two addresses, one a major foreign policy speech, the other his first public statement on Pan American affairs, on KFLW-CBS next week.

His first address on Pan American affairs will be broadcast tomorrow, 12:30 p.m., from the Pan American Union in Washington, D.C., where Eisenhower will speak before a special meeting of the Council of the Organization of the American States.

The president will broadcast a major foreign policy speech Thursday, 10 a.m. This address will be delivered at a luncheon meeting of the American Society of Newspaper Editors in the presidential ballroom of Hotel Statler, Washington.

ENTHUSIASTS OF MODEL RAILROADS will again display their art at this year's annual Klamath Basin Hobby Show at the YMCA, April 16-17-18. Entries in all divisions are coming in rapidly, according to Bernard Griffin, hobby show chairman, and this year's show promises to far exceed last year's in the number of exhibits. Here Pete Colley, 5526 Avalon, is shown with the model railroad display he entered last year, pointing out a model Sears Roebuck Store in the setup. He is employed by the local Sears store. —Fred Lawrence Photo

Centenarian Impressed By Women, Wine in Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—What impresses a 100-year-old on his first trip to Hollywood?

"The women and the wine" says Maximilian von Stephany, who lists his preferences in that order.

The Cincinnati oldster is one of two centenarians brought to Hollywood to celebrate the 100th telecast of the Colgate Comedy Hours. He is having the time of his long life. Nothing pleased him more than to have his picture taken with some TV chorus girls.

Born in Germany in 1852, Von Stephany has a smart goatee and a courtly air. When he meets anyone, he clicks his heels and bows briskly. The routine is especially polished if he's meeting a woman.

I asked if he thought women had changed much during his lifetime.

"Yes," he replied immediately. "They are taller. And more beautiful."

His daughter, Mrs. Robert Markle, remarked that he likes curves, and thinks the modern girls are very pretty.

"He loves them in strapless gowns and scanty beach attire," she reported. "He claims the best tonic in the world is a girl's smile."

What else impresses him about Hollywood?

"California wine," he replied with a sparkle in his eye.

His three great interests: girls, wine and cigarettes.

Mrs. Markel reported that other members of her father's family were not long-lived. In fact, he was orphaned at 12. He came to the U. S. in 1881, settling in Milwaukee. He became supervisor of a machine shop and retired over 30 years ago.

"That almost killed him," Mrs. Markel said. "He was quite ill between the ages of 50 and 60. After that, nothing seemed to faze him.

"Now he can hardly wait for summer to come, so he can get out into the garden and start trimming hedges and mowing the lawn. Two years ago, he cut down a big three that hit him and broke his shoulder. It healed faster than a bone I broke around the same time."

The other Hollywood visitor is Mrs. Ann C. J. Milne, 104-year-old resident of Salt Lake City. Like Von Stephany, she has a firm handshake and a sprightly view of life.

"I was born in London, England," said Mrs. Milne, who chuckles as she recalls the past. "At that time, London was the biggest city in the world. But since I came to America, I have generally lived in the country. I'm not used to the excitement of the city.

Mrs. Milne's hearing and sight are not as good as they used to be, but that doesn't stop her from enjoying life. She sits directly in front of her TV set at home and watches the shows. Her favorites: Kate Smith, Hopalong Cassidy and Bob Hope.

JIFFY HALF-SIZER!

It's new—sew-easy—and proportioned for the short, fuller figure. Wear the shoulders up or down—they're elasticized to stay in place. That sleeve is simple to do—and it's fashion's newest. Make this in a cool, fresh cotton.

Pattern 9312: Half Sizes 14½, 16½, 18½, 20½, 22½, 24½. Size 16½ takes 4¼ yards 35-inch; ⅜ yard contrast.

This easy-to-use pattern gives perfect fit. Complete, illustrated Sew Chart shows you every step. Send thirty-five cents in coins for this pattern—add 5 cents for each pattern if you wish 1st-class mailing. Send to Marian Martin, care of Herald and News, Pattern Dept., P.O. Box 6740, Chicago 80, Ill. Print your name, address, zone; size, style number.

Rheumatic Fever Fought

By FRANK CAREY
AP Science Reporter

ATLANTIC CITY, N. J. (AP)—A nationwide preventive campaign against rheumatic fever was launched yesterday.

It is the first large-scale effort to put into general use the recently-marshaled evidence that recurrences of rheumatic fever can be prevented by daily use of penicillin or sulfa drug.

The plan is to have some four million Americans—most of them school children—receive a dose of one of the drugs every day for a period of years.

The various state and local Heart Associations pledged themselves to the effort at the annual meeting of the American Heart Association (AHA).

The project—to be undertaken by the state and local associations is designed to aid the three per cent of the population who have had at least one "bout" of rheumatic fever.

That's the malady which is responsible for most of the heart disease in children and a large share of heart trouble in young adults. It causes more deaths in the first two decades of life than all other communicable diseases taken together.

Local heart associations won't furnish free penicillin or sulfa drug, or give actual treatment. But they will take the initiative in communities towards encouraging doctors to use the method—and also towards educating the public on the scientific findings.

Cancer Foe Discovered

By ALTON L. BLAKESLEE
AP Science Reporter

CHICAGO (AP)—Discovery of the first drug stopping the speedy and almost-always fatal black cancer, melanoma, was announced yesterday.

It works only for a time. But it has banished this dread cancer in one human for at least a year, and has helped a few others.

Until now there has not been any drug or treatment, except surgery at the very earliest signs, which has had the slightest effect upon melanoma. This dark cancerous growth always starts somewhere on the skin, then spreads with distressing rapidity inside the body.

This heartening step in chemical warfare upon cancer was reported to the Americn Association for Cancer Research by Doctors Farber, Virginia Downing, and Majib Abu-Hydar of the Children's Cancer Research Foundation and Department of Pathology, Harvard Medical School, Boston.

Tepa has been used so far upon 7 humans with melanomas, Dr. Farber said. It temporarily knocked out the cancers in five. The other 12 were persons in whom the cancers already had spread to internal organs.

Work on mice indicates that Tepa might entirely abolish human melanomas if they were caught very early, said Dr. Farber. Melanomas account for about three per cent of all cancer deaths.

Tepa was developed by scientists of the Calco Chemical Division, American Cyanamid Company and first was tried against leukemia, the cancer of the blood. It has little effect against acute leukemia, but by happy accident it was tried upon melanoma.

Adenauers Fly To California

SAN FRANCISCO (AP)—Chancellor Conrad Adenauer of Germany arrived with his daughter at San Francisco airport at 1:00 a.m. today.

The departure from Denver, the previous stop, was made in a driving snowstorm. But the United Air Lines plane carrying Adenauer arrived over San Francisco under a clear sky.

Aid Asked In Courthouse Work

ALTURAS — Want to assist in beautifying the Courthouse grounds?

Caretaker Ray Hanks, getting spring gardening under way, needs a good many shrubs and cuttings. If you have any to spare, call Hanks at the Courthouse (4451 or 4574) and he will call for the plants.

BANK HOLIDAY

ATHENS, Greece (AP) — Greece declared a bank holiday Friday and devalued her currency by 50 per cent. The drastic cut in the value of the drachma—from 15,000 to 30,000 to the dollar—was announced Thursday night. Banks were ordered closed while the devaluation was being carried out.

US Newswoman Tells Of Visit To Mosc

(Editor's Note: A group of U. S. newspaper and radio executives has just spent seven days in Moscow. Now the editors have left the Iron Curtain behind, and one of them, Miss Rebecca F. Gross, has written a report of her experiences. This is the first of a series of articles by Miss Gross, who is co-publisher of the Lock Haven (Pa.) Express.)

By REBECCA F. GROSS
(Written for The A.P.)

BERLIN (AP)—Riding away from Moscow on the Brest-Litovsk Express after seven days in the capital of Russia, I had some of the feelings of the famous blind men who undertook to examine and describe an elephant.

A huge city, in a vast country, filled with ancient historical shrines and the modern structures of a fast-growing metropolis, cannot be studied intimately in the space of a week. I had a glimpse of Moscow and the life of its people. The only reason such a brief and superficial visit has any significance is that very few Americans have had the opportunity to see as much of Moscow as we did. It is significant, too, that our group received visas from the Russian government to make a visit at this time.

In many ways, our Moscow visit was like an American family's sightseeing trip to New York or Philadelphia, or a tourist's stay in Paris or London. We saw the historic shrines and major attractions which would be viewed by any average tourist—the tomb of Lenin and Stalin, the 500-year-old Kremlin, the 16th century Cathedral of St. Basil on Red Square, the new and old buildings of the state University of Moscow, the Tretyakov Art Gallery, the Bolshoi Theatre, and the new administration and apartment structures which the people of Moscow proudly describe as "multi-storied buildings."

But in addition to this sightseeing schedule, we also saw some places practically no Americans have been able to visit before—the Red October Candy Factory, the Kusikov Bakery, the Stalin Automobile and Truck W... the printing house of Pr... In addition to that, at f... affairs connected with ou... met Russian officials ... high level positions in th... ment, whose work pe... American relations an... information services.

'GG' Aimed At Infection

STERLING, Colo. (AP)—Male students at Sterling's high school will be injected with gamma globulin today in an effort to immunize them against infectious hepatitis.

The virus infection, an inflammation of the liver, has stricken 45 students. Most of the victims are boys.

Some 235 boys who have not shown signs of infection will receive gamma globulin injections. It is a blood plasma fraction also used against measles and the crippling effects of poliomyelitis.

Dr. Charles I. Lestwich of Johns Hopkins, arrived here yesterday to aid authorities in their investigations of the epidemic.

FISH BILL

SALEM (AP) — The House Fish and Game Committee will act at 9 a.m. next Tuesday on the Senate-passed bill to close the Coquille River to commercial fishing.

AGREEMENT

TOKYO (AP) — The Idemitsu Kosan Co. said Friday it has signed an agreement with the National Oil Co. of Iran to buy an unlimited quantity of Iranian oil and produces processed at the Abadan refinery. Iran took over the Abadan refinery when it seized the British-owned Anglo-Iranian Oil Co.'s vast Iranian holdings.

The British have been trying to stop such shipments as illegal.
