ZX Starts Cattle On Way To Desert Summer Range

By MRS. CLYDE BRAMLETTE Sunday April 5, a trail of dust on the desert road east of Summer Lake caused many local residents to drive out to the high places where they could view the long procession of 8,000 white faced range cattle on their week long trek to the high desert a trip of approximately 75 miles.

The bovines were herded by 17 cowboys who, sweating and gasping in the alkali cloud that almost concealed them from view, strove to keep the procession moving.

A cook car, always the delight of the buccaroos, drove ahead and when the drive reached a point between Five Mile and Ten Mile point, the men found their noon day meal awaiting them.

The drive started from the Red House, one of the ZX ranch headquarters located a mile north of Paisley at four Sunday morning. On Monday a snow storm overtook them but the sturdy drivers rode on.

The cattle will remain in the high desert range until Fall when they will make their long way back to their winter quarters.

At San Francisco the potato market was slightly weaker. Track sales of Klamath Russets, U. S. No. 1 A, 2 inch minimum size, with fair color and in fair condition, brought \$3.50 a hundredweight.

Big Springs Park Benefits By Variety Show Recently

BONANZA — The Variety Show given for the benefit of the Bonanza Big Springs Park at the school auditorium showed to a packed house and \$192 was cleared.

The show was put on for the benefit of the Bonanza Big Springs Park by the cast of the Main Extravaganza and others.

The park is located in the center of Bonanza and is an entirely voluntary project made possible through the donations of land, money, material and labor by interested people living in Bonanza, the surrounding country and other communities.

It has progressed far enough so that trees have been planted and flowers and some shrubbery will be planted soon. A pumping system is to be purchased and picnic tables will be put in so that the park can be used this summer. Charles Dalton's biology class has a bulb garden and nursery in the park and are working every afternoon.

Florence Wilson directed the variety show. Organ music was by Mary Jane Paygar of Malin and Lynn Roycroft was master of ceremonies. Guest performers were Jo DeBenedictis of Boston, and Hazel Jones of Calgary, Canada. Others were Vesta Shogren,

Millions will not have Acid Indigestion Today

Why? Because they always keep Tums handy—for record-fast relief of gas, heartburn, sour stomach. Almost instantly, Tums neutralize excess acid. Yet contain no soda to over-alkalize or cause acid rebound. One or two Tums, eaten like candy, stops stomach distress almost before it starts. Do as millions do—carry Tums always. Remember to get a handy roll today.

WALL STREET — In a quiet stock market Monday a fairly steady course was followed. All price changes were fairly small either way with a point either way with a fairly steady course.
