KF Realty Board Meets

Optimism was the keynote of the luncheon meeting of the Klamath Falls Realty Board held Wednesday at the Willard Hotel.

President Burton Gray conducted a short business meeting and called for a report on Eldorado Heights. It was promised that building will go forward speedily as weather conditions improve. All the structures are planned to meet FHA and GI loan specifications.

One member brought up for discussion the annexation of the South Suburban section. It was pointed out that this merger would increase the official population to a figure that would be more attractive to outside industry considering locating branches here.

The long range program for building the Klamath Basin was discussed by Frank Tucker, manager of the chamber of commerce and guest speaker. He pointed out that in per capita effective buying income, Klamath Falls ranks second only to Portland in the state. Yearly per capita income in Klamath Falls, he stated, is \$1965; Portland is \$2145, while the average for the entire state is \$1682.

He reported that much interest was shown in this area by manufacturers and members of the chamber of commerce with whom he and Bob Thompson met on their recent trip to Los Angeles.
