Look For the Federal Grade Stamp
It Is Your Guarantee Of Quality

Judging beef quality by looking at a retail cut takes more experience than most consumers possess. Federal grading gives consumers the benefit of experienced, unprejudiced judgment. It tells you, unquestionably, if you are getting the grade of meat you want. At Safeway you will find this newly designed U.S.D.A. grade stamp on every cut of beef.

Safeway sells only top government grades of beef, veal and lamb because our customers prefer the more consistent quality found in these top grades. This consistent quality permits us to offer our money-back guarantee of complete satisfaction.
