

TWO PRETTY KLAMATH COUNTY high school girls, Kay Hegland, left, Chilquin and Margaret Scala, Sacred Heart Academy, both seniors, have been chosen to live in the newly completed Azalea House next fall on the Oregon State Campus. The girls were chosen by a committee appointed from members of Home Extension Units of the county. Mrs. Earl Mack, Mrs. Clara Scott and Mrs. William Drew. The honor is similar to a scholarship based on citizenship, scholastic standing and other top qualifications.

Azalea House Being Built

For several years the members of the Home Extension Units throughout Oregon have been looking forward to the time when Azalea House would be a reality, and now the time has come. This house will be a new residence hall for girls on the Oregon State College Campus, and is now under construction. The women in Oregon State Home Extension Units raised \$40,000 toward this new house.

The selection of girls to live in Azalea House has been made by County Azalea House Committees in each county having a Home Extension program. The Klamath County Committee, Mrs. Earl Mack, Mrs. Clara Scott and Mrs. Wm. Drew, selected two girls from a number of applicants, as its representatives. They are Kay Hegland from Chilquin and Margaret Scala from Sacred Heart Academy. These girls are looking forward to living in Azalea House because it is really a model in planning. Working with the architects have been specialists in housing and management. Girls living in the house will have some duties to perform in part payment for their living expenses.

The structure is being built on what is known as "lower campus."

Tax Collector Tells Total

WASHINGTON — The federal government collected 68.7 billion dollars in all forms of taxation during 1952, the Bureau of Internal Revenue announced Friday. That was nearly 12 1/2 billion dollars, or 22 per cent, more than total federal taxation in the previous calendar year. Last year was the first calendar year in which all the post-Korea tax increases were operative a full 12 months. The biggest increases were in corporate income and profits taxes, and individual income taxes. Taxes from corporations went up 34 per cent, from \$16,364,712,956 in 1951 to \$22,139,733,198 in 1952. Total federal individual income
