The French high command reported that Communist forces now are driving toward the Thailand border trying to cut Laotian defenses in half.

Cattlemen Face Feed Situation

SAN FRANCISCO — Jake L. Schneider, president of the California Cattlemen's Association, Wednesday appealed to the California congressional delegation to break a "feed squeeze" situation which he said threatens chaos for the livestock industry and millions of dollars of extra cost for meat consumers.

Schneider wrote to Sen. Knowland and Kuchel and the 20 California congressmen asking them to support emergency legislation which would permit government sale of surplus feed grains on a parity price comparable to the price of livestock.

Schneider said unless the price adjustment can be made:

1. Thousands of cattlemen will be forced out of business because their cattle will not bring the cost of production.
2. Large numbers of feeders will have to discontinue business.
3. The resulting scarcity of quality beef for the retail markets will again raise prices to the consumer.

The price of cattle has dropped in the past year to as low as \$17.30 per hundred pounds, or \$2 per cent of parity, he said. Since President Eisenhower removed controls early this year, the retail price of beef has dropped an average of one third and the retail consumer
