US Women In Shipwreck Identified

HARWICH, England (AP) — Police announced today the identification of three American women and one German killed in the British steamer Duke of York during a North Sea collision Wednesday. Another American—an Air Force lieutenant—is missing and believed drowned.

The American victims were identified as Miss Gilda Jordet, 49, of Rocky Ford, Colo.; Miss Bernice Viola Larson, 49, of La Grange, Wis.; and Miss Ann Spring, 29, of Honolulu, Hawaii.

The fourth body found in the wrecked section of the Duke of York was identified as Kurt Fromm, 22, a German from Oldenburg.

The fifth victim was an Englishwoman, Mrs. Margo Ansdell, who died in a hospital Wednesday. One other passenger still was unaccounted for. British Railway officials were not certain, however, whether this might be a result of an error in either their list of passengers embarked on the voyage or their records of survivors brought ashore. Some 500 passengers and crewmen of the Duke of York—including a number of Americans—were saved. Twelve persons were injured.

Governor Has Plenty Work

SALEM (AP) — Gov. Paul L. Patterson signed 43 bills into law Thursday, including a measure to let veterans of World War II have until next Dec. 31 to file for the maximum \$600 state bonus.

Five persons were known to have died in the collision of the 4,197-ton Duke of York and the 7,607-ton American freighter Hail Victory.

Local Operator Develops New Style Duster Plane

Chet Stinson, owner and operator of Stinson Air Service here, claims the development at the firm's Municipal Airport quarters of an improved crop dusting plane. Stinson has supervised a wing modification on a Stearman trainer which he says gives the plane about one-third more lift capacity and makes the ship more adaptable to dust flying.

Five Held In De fraud Case

BUENOS AIRES, Argentina (AP) — Police announced Friday the arrest of five persons as suspects in a plot to defraud Argentine insurance companies partly owned by the government of between 200 and 400 million pesos (12 to 28 million dollars).

Local Operator Develops New Style Duster Plane (continued from previous page) One such modified plane has been completed for Mulkey Spray Service and another is being readied for Huffman Air Service. The Stearman trainer is built for combat instruction with wings permitting inverted flight. Stinson has changed the wing structure, adding about 10 per cent more wing surface and changing the airfoil so that the plane not only has more lift capacity but can be flown slower. Stinson says Civil Aeronautics Board engineers have tested and approved the modified wing structure.

Local Operator Develops New Style Duster Plane (continued from previous page) Sources in touch with the flagging Cairo discussions indicated British negotiators, Ambassador Sir Ralph Stevenson and Gen. Sir Brian Robertson, told Naguib Thursday that only a softening of what the British describe as Egyptian stubbornness could open a way to further talks. The parleys, which started in the Egyptian capital April 27, have tumbled on the edge of a breakdown since Wednesday when they were recessed without setting a new meeting date.

Suez Canal Talks Tense

LONDON (AP) — Britain has warned Egypt that talks on evacuation of Britain's Suez Canal military base may collapse unless Premier Naguib backs down on his demand for Egyptian control without strings attached, British informants said Friday. Sources in touch with the flagging Cairo discussions indicated British negotiators, Ambassador Sir Ralph Stevenson and Gen. Sir Brian Robertson, told Naguib Thursday that only a softening of what the British describe as Egyptian stubbornness could open a way to further talks.

Good Used Cars come to Ford Dealers (and so should you)

What's happening is that lots and lots of people want new '53 Fords. So day after day they keep turning in cars so good as to make a Scotchman shudder! (Some of these cars come close to being as good as new!)

And would you believe it? Most of these cars have had only one owner—a careful owner (though not, we admit, an old lady who never got a speeding ticket!) Lots of these cars are just one or two year old babies. (Probably their owners were waiting 'til they could get a new Ford!)

Here are some examples:

1949 6 cyl. Ford Business Coupe Heater	\$995
1949 6 cyl. Ford Deluxe Tudor Radio and heater	\$995
1950 6 cyl. Ford Business Coupe Heater	\$945
1948 6 cyl. Dodge Custom Club Coupe Radio and heater	\$995
1949 V-8 Ford Custom Tudor Radio and heater	\$995
1948 Mercury Fordor Radio and heater	\$895

Sure, we get some jalopies (who doesn't?). But we don't keep 'em. If used cars don't come up to our exacting A-1 standards, we just won't sell them to you. Come in and see yourself—there are no jalopies here.

So the moral is: If you want a good used car, come where good used cars come. Come here.
