

RIDIN' THE TRAIL ON THE LOST RIVER RANCH are some of the Klamath Country sportswomen who went along for this year's Roundup Queens Outing. A picturesque picnic spot on a rocky knoll overlooking the broad, green valley offered several good horse trails and the women and girls rode for hours

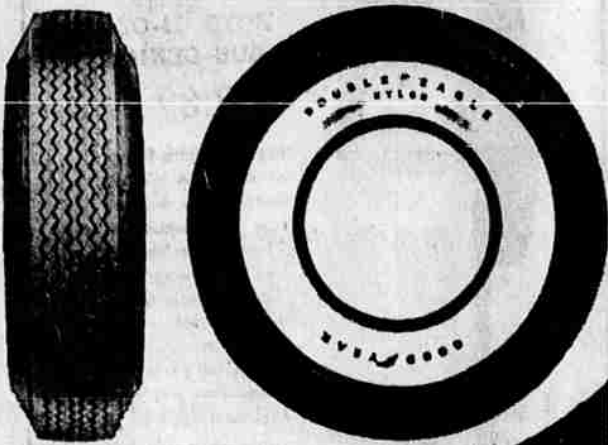

through the woods and across the gentle slopes. For some of the distant trails, men of the Lost River Ranch rode along as guides. It was the women's day for while they rode or sat around chatting, the men were busy bringing up the food and serving as waiters.
