WASHINGTON (AP)—Sen. Monroney called today for a senatorial inquiry into plans of the administration to strip civil service protection from thousands of government jobs.

Chairman Philip Young of the Civil Service Commission announced yesterday President Eisenhower soon will issue an executive order for a review of about 134,000 jobs in this country and 68,000 overseas, to determine whether they should be stripped of civil service protection.

Young said posts involved will include specialists' jobs brought into the civil service in 1947 by

Lack of Food Follows East Zone Riots

By TOM REEDY

BERLIN (AP)—Hunger stalked Germany's Communist East zone today, fanning the powderkeg which exploded last week into a workers' rebellion against Russian repression.

Refugees to West Berlin reported that the East Germans, undaunted by Soviet tanks and firing squads, protest marches demanding bread through the streets of Leipzig, Dresden, and other cities.

"The tottering puppet government of Premier Otto Grotewohl admitted it faced 'grave problems' in feeding the 18 million restive East Germans. Its news agency and broadcast announced state food handling agencies had pledged to make up the losses 'caused by the Fascist Western agents' in the strike and riot wave launched June 17.

Farmers were urged to co-operate.

East Berlin was better off than most areas, but with two policing Russian armored divisions living off what was available the city was short of bread and potatoes. Refugees described conditions in many Soviet zone cities as catastrophic.

Communist police patrols, they said, were looting the streets with sound trucks, blaring that things would get better.

Farmers, browbeaten for years by arbitrary Communist quotas, were reported withholding their produce from central state collection points, bringing extension of the Red Army's martial law to the agricultural belt.

Farmers also were said to be making behind-the-scenes deliveries of food to workers and their families in distressed areas.

The wave of arrests and executions continued. The anti-Red underground estimated 16,000 alleged strike leaders were behind bars.

The latest death penalty reported was meted out to Communist Mayor H. W. Hartmann of Dobernitz, in Saxony-Anhalt. He was the first party official reported engulfed in the wave of terror and the 22nd German definitely known to have been executed.

Refugees said Hartmann was knocked down by a German Communist policeman who fired into a crowd of demonstrators.

Soviet military courts dealt out scores of 25 year sentences in Magdeburg and Leipzig. Four thousand East Berliners were reported in jail.

There was some relaxation of the barrier of Soviet steel between East and West Berlin. The 40,000 East Berliners who normally work across the frontier were given special passes to cross the boundary daily. Presumably the best East government was glad to get them away from the overcrowded food lines.
