Hoover, Truman Both At Capital, Didn't Meet

WASHINGTON (AP)—It wasn't planned and their paths didn't cross, but the only two living former presidents were both on Capitol Hill yesterday.

Herbert Hoover dropped in briefly on Sen. Taft (R-Ohio). They discussed, in the senator's office, legislation for a new government reorganization commission. Hoover headed the such body.

Few people knew of Hoover's visit, but the Senate galleries were packed when Harry S. Truman visited that chamber.

Truman got a warm bipartisan greeting, was escorted to his old Senate seat and made a brief speech.

He told the senators they had a duty to "help keep peace in the world."

He also quipped that he liked the location of his old seat, near a door—"when the going was too rough there was always a way to get out."

FOR OUTSTANDING ACHIEVEMENT by her husband, Mrs. Martin A. Putnam, Klamath Falls, has been named queen of Southern Oregon by Investors Diversified Services. Mrs. Putnam above receives a Siamese bracelet from James Kyle (right), Eugene, division manager, while Putnam (center) looks on.

Probe Chairman Defends Pea Sale

WASHINGTON (AP)—The chairman of a congressional investigating committee said Wednesday there is no evidence of anything political or illegal in the Commodity Credit Corp.'s handling of a sale of dried peas to three Pacific Northwest firms.

Rep. Hoeven (R-Iowa), chairman of a House agriculture subcommittee, told reporters the investigation showed only that CCC officials showed only that CCC members were expected to file a minority report. Rep. Sutton (D-Tenn.) indicated the report will contain stronger criticism of the deal than is expected from the GOP majority.

The committee investigated the April 30 sale of 80,000 tons of Austrian winter peas. They were sold for \$30 a ton at a time when the government was offering them publicly at \$50. CCC officials appointed by the new Republican administration handed the private negotiations.

Purchasers were the Arch-Daniels-Midland Co., Portland, Ore.; Henry D. Gee Co., Seattle; and E. F. Burlingham and Sons, Forest Grove, Ore.

US-Owned Wheat To Be Exported

WASHINGTON (AP)—Government-owned wheat needed to meet current export requirements will be made available for export sales from North Pacific ports until further notice.

This Wednesday report by the Agriculture Department amended a Monday announcement that all domestic or export sales of storable wheat from government stock would be discontinued.

Complainant, 21, Sues Over Birth

LOS ANGELES (AP)—A Los Angeles man says a San Francisco physician was negligent in attending at his birth 21 years ago.

Hector Olivares filed suit yesterday asking \$175,000 damages from Dr. William M. Weiner. He says he suffered paralysis and deformity of the right shoulder, arm and the right side of his head and that the condition has kept him from earning a living.

BOAT RIDERS

CAIRO, Egypt (AP)—Egyptian President Mohammed Naguib and Indian Prime Minister Jawaharlal Nehru went for a day-long boat ride on the ancient Nile Wednesday—and presumably talked some more about the British-Egyptian deadlock over the future of the Suez Canal Zone. There was no announcement concerning the discussions.

PATTERNS DASH & DRAMA

9223 SIZES 12-20
 by Marjorie Martin

Spring news! See the coldress influence in this smart, step-in dress! So dashing—its buttons all the way over to one side! So dramatic—point up the neckline with contrast-color scarfs. Note the button trim on the sleeves, flatteringly flare of the skirt.

Pattern 9223: Misses' Sizes 12, 14, 16, 18, 20. Size 16 takes 3 1/2 yards 39-inch; 1/2 yard contrast; this easy-to-use pattern gives perfect fit. Complete, illustrated Sew Chart shows you every step. Send thirty-five cents in coins for each pattern if you wish 1st-class mailing. Send to Marjorie Martin, care of Herald and News, Pattern Dept., P.O. Box 6740, Chicago 80, Ill. Print your name, address, zone, size, style number.

Subcommittee Discloses What's Up Army's Sleeve

WASHINGTON (AP)—Somebody's security slip was showing today with publication of recent testimony about military secrets by Army officials before a House appropriations subcommittee.

Military secrets which popped into the open included information about:

1. An entirely new weapons-carrying vehicle, nicknamed "The Thing" but carrying the official designation "Ontos," to be used variously, including as a mount for a new "very high-powered" recoilless rifle and for a quadripod 50-caliber anti-aircraft weapon against low-flying planes.
2. A plan to provide "much longer range" for the 200-millimeter cannon, which now has a 20-mile accurate range and fires either atomic or conventional shells, and a new shell, slightly smaller than the caliber of this giant cannon, expected to extend its range "by about 50 per cent."
3. "Extra light tanks," two of which are under test, of a type expected eventually to replace the 28-ton Walker Bulldog tank.
4. A lightweight radar for battle-entire raia nait itaono temp enemy attempts at infiltration of the front line, a technique much used by the Communists in the Korean War.
5. A long-range radar IFF (identification, friend or foe), which could mean the identification of aircraft long before they are within range of anti-aircraft guns or guided missiles.
6. A folding, portable bridge, to be carried on top of a tank as a shelter or the crew while being put in place under enemy fire.
7. A steam outboard motor for small boats, to be used for quiet crossing of rivers when the noise of gasoline outboard motors would warn the enemy.
8. Army officials expressed amazement and appeared appalled when copies of the 1,667-page printed testimony released by the subcommittee reached the Pentagon.

Among the pages was information on new weapons still stamped secret by the Pentagon. It was not immediately clear how the mater-

ial had come to be left in that portion of testimony sent for public printing.

This advertisement is the third in a special series which began over a year ago, and which is designed to give you, as a prospective buyer, detailed and helpful information. We'd be happy to have your comments about this type of advertising.

This is the 1953 Chevrolet Bel Air 4-Door Sedan. It's one of 16 Chevrolet models in 3 series, which add up to the widest choice in the low-price field.

Some Chevrolet advantages worth considering when you're ready to choose a car . . .

Next to a new house, a car is probably your most important purchase. Here are some facts to help you make up your mind about which make to buy.

Don't you agree that it's well worthwhile to weigh all the factors carefully before you buy any new car? Let's consider the major reasons why people choose one make over another and see how the 1953 Chevrolet stands in those respects.

Styling You Can Stay Proud Of
 Styling, of course, is a matter of personal taste. Because we think Chevrolet is the best-looking car in its field, doesn't necessarily mean you'll think so, too. But we can tell you that the majority of our showroom visitors prefer Chevrolet styling and compare its appearance most favorably with cars costing a great deal more.

And you might consider this: Chevrolet styling is the newest in its field. It's the kind of styling that stays new, too. For it is based, not on fads or extremes, but on the fundamentals of good, modern design.

The One Automobile Body Almost Everybody Knows
 It's not really surprising that so many people prefer Chevrolet's appearance. For Chevrolet is the only low-priced car with Body by Fisher. And Fisher, as you know, is the only automobile

body manufacturer with a world-wide reputation for styling, craftsmanship and quality.

The Many Benefits of High-Compression Power
 When you drive a new Chevrolet (and we hope you'll do that soon), you'll notice these things: faster acceleration from a standing start; greater passing ability in traffic and on the highway; the new ease with which you climb steep hills.

These are just some of the benefits of Chevrolet's new high-compression power. In gearshift models, there is an advanced 108-h.p. "Thrill-King" engine with a 7.1 to 1 compression ratio. Teamed with the new Powerglide automatic transmission* is an entirely new 115-h.p. "Blue-Flame" engine with 7.5 to 1 compression ratio. It is the most powerful engine in Chevrolet's field.

A Great Gain in Gasoline Economy
 Along with remarkable new performance, Chevrolet's advanced engines give you far greater gasoline mileage. In fact, this year marks the most important gain in economy in Chevrolet history. And that includes substantial savings on over-all upkeep, as well as on gasoline.

New Getaway in the New Powerglide*
 The new Powerglide automatically drops into "Low" range for starting and for passing in city traffic. Then, as you glide along, it slips smoothly and almost imperceptibly into cruising range. The results are much faster and more positive acceleration, and much lower fuel consumption.

The First Power Steering in a Low-Priced Car
 This year's Chevrolet is the only car in its field to offer you the extra ease and convenience of Power Steering, optional at extra cost. With it, you can spin the wheel with the strength of one finger. You can see-saw in and out of tight parking places without the slightest strain. You get an additional cushion against road shocks and jars. Driving is easier, safer.

A Smoother and a Safer Ride
 Chevrolet is the heaviest low-priced car. Model for model, a Chevrolet will weigh as much as 200 pounds more than the other makes. You often hear people say they buy high-priced cars because they're heavier, hold the road better and ride better. Well, isn't it logical, then, that Chevrolet's extra weight (which comes from extra strength of body and frame) would result in a better ride?

Chevrolet is the **Lowest-Priced Line**

Certainly, price is one of the most important factors of all. We're glad to be able to tell you that Chevrolet is the lowest-priced line in its field.

Now, you might well ask, "How can Chevrolet offer me more and still cost less?" There is a simple, logical answer to that.

Remember that Chevrolet builds more cars than any other manufacturer. Chevrolet, along with General Motors, has greater facilities for research, for engineering and production. So, isn't it reasonable that these greater facilities bring manufacturing advantages and economies which Chevrolet can pass on to you in terms of higher quality at lower price?

An Endorsement Given No Other Car

Again this year, more people are buying Chevrolets than any other car. Obviously that wouldn't be true unless people liked Chevrolet better. Unless Chevrolet offered more things people want—more value.

So, when you're ready to choose your new car, wouldn't you agree that Chevrolet merits your careful consideration? We welcome your visit at any time, so that you can look the car over yourself and try it out on the road.

*Combination of 115-h.p. "Blue-Flame" engine and Powerglide automatic transmission optional on "Two-Ten" and Bel Air models at extra cost.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!
