GENE ST. JOHN, who won the $100 prize on the recent Horace Heidt show with his guitar selections, is appearing this weekend on the Heidt show in Hollywood. His numbers will be broadcast over CBS at 6 p. m. Thursday, July 2. Young St. John, 17, son of Mr. and Mrs. "Frenchy" St. John has never had a formal music lesson but improvises and plays by ear. He was graduated from KUHS this year.

THE CARLISLES, whose recordings are currently ranked in the nation's top 10 in popularity polls, are to be featured here tonight at the Roundup Jamboree Ball at the Armory. The ball will offer square dancing, with music by the Bend Cornpoppers, 7:30 until 10. From 10 until 1:30, it will be popular dancing with music by Baldy's Band.

BOB MOORE was brought here by West Coast Airlines as manager for the new service to be inaugurated Monday. West Coast planes will afford the Klamath Country with service to Portland, Spokane, Seattle and Boise, stopping at principal way points.

Brownell Sets 'Middle-Of-Road' Anti-Trust Course

WHITE SULPHUR SPRINGS, W. Va. (AP) — Atty. Gen. Brownell Friday proclaimed a middle-of-the-road policy in the anti-trust field, but he said there will be "no winking" at violations of the monopoly laws.

Brownell pledged no wholesale dismissals of the big batch of anti-trust actions which he inherited for prosecution from the Democratic administration.

At the same time, he announced he proposes to set up "the attorney general's national committee to study the anti-trust laws."

Composed of lawyers, economists and jurists, the group will survey every angle of the present statutes dealing with business regulations, Brownell said. Its stated mission it to clarify application of the law and to arrive at "an agreeable statement of national anti-trust policy that will confirm the principles of private competitive enterprise, and insofar as possible, combine certainty with flexibility."

Brownell's statements, his first comprehensive discussion of anti-trust policies since taking office last January, were in an address prepared for the annual conference of the Fourth Judicial Circuit.

The pending cases include, among others, monopoly prosecution against the nation's five largest oil companies; the du Pont family and their controlling stock interests in General Motors and U. S. Rubber Co.; General Electric Co.; A. and P. grocery chain; American Telephone and Telegraph Co., and its subsidiary Western Electric, major motion picture film producers; the National Football League, and some of the biggest soap manufacturers.

Brownell himself has initiated about a dozen lesser cases since taking office.

Mineral Bill In Conference

WASHINGTON (AP)—A bill for development of mineral resources in the submerged lands of the outer continental shelf was in the hands Friday of a conference committee which must harmonize the Senate and House versions.

Late Thursday the Senate, by a voice vote, passed the House-approved bill with several changes. One amendment would dedicate the federal offshore revenues to aiding state educational programs as soon as the present national emergency ends.

Both the House and Senate versions authorize the secretary of the interior to administer the lands out beyond state seaward boundaries.

Delegations Appeal For Highway Work

PORTLAND (AP) — Delegations from three Oregon communities pealed to the Highway Commission Friday for road improvement to eliminate traffic accidents.

A group from Josephine and Jackson Counties asked a four-point program: Improvement of the Pacific Highway north of Grants Pass, construction of a four-lane bridge across the Rogue River at Grants Pass; improvement of the Crater Lake Highway, and extension of the Little Butte secondary highway east to the Klamath County line.

Police Called To Free Man From Bank

CHICAGO (AP) — Police from the Burnside station answered a different kind of bank alarm Friday night—a man wanted to get out of a bank.

Police were summoned to the Chatham Bank by a telephone call and found the caller, William H. Rudd, an assistant cashier, peering through the front door.

Rudd said he was locked in while working late checking accounts. At his direction, police got in touch with a bank official who unlocked the doors.

OFF TO RETREAT

WASHINGTON (AP) — President and Mrs. Eisenhower will leave Friday afternoon to spend the weekend at Camp David in the Catoctin Mountains near Thurmont, Md.

Retiring Atom Chief Hints US Could Destroy Aggressor

WASHINGTON (AP)—Gordon Dean has bowed out as head of America's atomic program with advice to Russia that starting a war would expose her to a rain of U. S. A-bombs "of almost any size."

That was the picture Dean painted at a farewell news conference yesterday before his retirement next Tuesday, after four years in the job, as chairman of the Atomic Energy Commission (AEC).

"It would be a great pity," he said, "if Russia started a war because she assumed the United States did not have the power to retaliate to the point of destruction."

Then, in contrast to the theory once held that bombs no weaker than the "nominal" ones dropped on Japan could ever be made—equivalent to the energy released in the explosion of 20,000 tons of TNT—Dean said the U. S. now has a whole family of A-bombs.

He told of "the development of a family of atomic weapons—a family which includes new designs of almost any usable energy release, small or large, and of almost any size."

He suggested it might be helpful if an official indication of the "magnitude" of the U. S. atomic weapons stockpile was given. But he didn't subscribe completely to proposals that the number of bombs be published.

Dean also looked at the other side of the picture. He said it might help the civil defense effort, which has been lagging, if Americans were presented with an official U. S. estimate of Russia's atomic capabilities.

Yes, he said in response to a question, he had the information but it was not up to the AEC to issue it. He said that was something for the White House, the National Security Council and other policy-making agencies to decide.

St. Paul To Test Polio Vaccine

ST. PAUL, Minn. (AP) — A mass test of a new polio vaccine on as many as a half million U. S. children may be undertaken this year by the National Foundation for Infantile Paralysis.

Basil O'Connor, foundation director, voiced that possibility here Friday night in a talk at a six-state meeting of workers for the March of Dimes Campaign, which mainly supports the foundation.

O'Connor said a vaccine developed by Dr. Jonas Salk of the University of Pittsburgh would be used if the experiment is carried out. He added that this vaccine had shown enough promise to warrant such a large-scale test.

The director told the fund workers from Minnesota, Illinois, Iowa, Wisconsin and the two Dakotas that 1953 was "shaping up as another heavy polio year, perhaps our heaviest."

Alderwood Clubbers Will Split Payoff

PORTLAND (AP) — The Port of Portland, which has purchased Alderwood County Club to expand the Portland Airport, Friday gave club officers a check for $638,122.

The club will disband and divide its assets among its 357 members. The course can be used through July. After that, members will go to other clubs. About 100 have joined Columbia-Edgewater, nearby.

Most Army Reserves Renew Commissions

WASHINGTON (AP)—More than 64 per cent of the Army's Reserve officers have agreed to exchange their old, five-year commissions for indefinite term appointments now provided by law.

Of 353,895 officers offered a choice between giving up their military standing or accepting the indefinite commissions, 227,225 said they would stay with the service. An additional 15,246 officers will be given another chance to take indefinite commissions before their five-year appointments expire.
