CHICAGO GRAIN

CHICAGO (AP) — Wheat continued to roll upward on the board of trade Wednesday, helped along by further gains in the cash price and an expansion of buying on the part of mills.

Trading was active on the advance, which got underway in Tuesday's market. Other cereals took their cue from the action of wheat, also forging ahead. Corn was aided by substantial export sales, totaling 1,250,000 bushels, to France and Ireland.

Brokers said the main reason behind the wheat upturn was the surprisingly light receipts, which has reduced hedge selling.

Wheat closed 1 to 1 ¾ higher, July $1.97 ½-¾, corn ⅛-1 ⅛ higher, July $1.56-$1.55 ⅞, oats ⅞-1 ¼ higher, July 75 ⅝-¾, rye ⅝ lower to ⅛ higher, July $1.36, soybeans 1 to 1 ¾ higher, July $2.74, and lard unchanged to 8 cents a hundred pounds lower, July $9.62.

STOCKS

WALL STREET

NEW YORK (AP) —Railroads were in demand Wednesday in a stock market that showed a broad mixture of gains and losses.

At the outside in significant areas the changes went to around a point either way.

Volume was maintained right around Tuesday's 1,030,000 shares.

Twister Hits Hot Springs

A small but vicious "twister" screamed into the Hot Springs area yesterday afternoon, scored bullseyes on two targets and then whirled away.

The first target was a child's rubber wading pool at the Robert Kent home, 1934 Painter. The wind snatched up the 6-foot oval and carried it some two blocks away. Second target was the Loren Palmerton home, 1345 Eldorado, where the little tornado neatly grabbed off a patch of cedar shingles about four feet square.

Rent Control's End Studied

WASHINGTON (AP)—Rent Stabilizer Glenwood J. Sherrard has told Congress he is studying the possibility of recommending elimination of all federal rent controls as soon as possible.

Controls in most areas are due to expire July 31, but under the law will continue in critical defense areas until June 30, 1954. Sherrard said these would total about 50 areas of the country.

"At the present time," he told a House appropriations subcommittee, "I am working on a study to see if we cannot have the whole thing closed up by presidential order."

His testimony, given last month, was released today.

TROTTING OUT

HELSINKI, Finland (AP) — Dr. Urho Kekkonen, trying to form his fourth Finnish government, picked a minority cabinet Wednesday of agrarians and representatives of the Swedish Party. The group will be presented to President Juho Paasikivi.

Livestock

CHICAGO LIVESTOCK

CHICAGO (AP) — Livestock supplies measured up exactly to trade forecasts Wednesday, but demand continued firm. Hogs were strong to 50 cents higher, with sows faring best.

Cattle were strong to 75 cents better, steers taking the outside advance, and sheep were steady to 50 cents higher.

Most butcher weights of hogs sold from $24.75 to $26.25 and a few as high as $26.40. Sows mostly brought $18.50 to $23.00.

Good to prime steers ranged from $19.00 to $24.00 and choice and prime heifers from $21.00 to $23.00.

A deck of prime spring lambs topped at $27.50 but most good to prime kinds were $23.00 to $27.00.

Salable receipts were estimated at 7,000 hogs, 11,000 cattle, 400 calves and 1,000 sheep.

Agency, Chiloquin Scouts Leave Friday For Jamboree

KLAMATH AGENCY—Two local boys leave Friday for a thrilling two weeks trip to the 3rd National Boy Scout Jamboree to be held from July 16-24 in southern California, 40 miles southeast of Los Angeles. From here will go Victor Sisson Jr., who will be one of the patrol leaders from the Klamath area and Gordon Copeland, Chiloquin.

The boys will travel by bus. They spend the first night at the Hoopa Reservation near Arcata, Calif., where the Hoopas and Warm Springs Indians will hold a ceremonial in their honor, doing native war dances. The next two nights will be spent in San Francisco and the boys will see the sights both in their groups and with a former Klamath Agency resident, John Monks, to show them around.

Then they will go on south to Santa Barbara and to Long Beach for a two-day stop over as guests of the U. S. Air Force and the Navy. They will have an escorted trip aboard a cruiser and a trip around the harbor. They can inspect jet fighters, bombers and numerous other military equipment. They will even see a show as guests of the Air Force. The next day will take them to San Diego to see Marine and Navy installations and a short side trip into Mexico.

The Jamoree is the next stop, where they will remain just over a week. On the return trip they will see the interior valleys, with stopovers in Fresno, Sacramento and Marysville.

The Modoc council for Boy Scouts sent some factual data to delegates recently which gives an idea of the tremendous organization needed for the Jamboree. The following are some of the statistics from that paper.

Fifty thousand boys will meet on a 3,000-acre camp. That number equals the population of Klamath and Modoc counties. There will be 16 doctors in residence with 154 others on call. Twelve ambulances will be on hand. Four complete fire companies will be ready to serve. Thirty-six miles of telephone and electric wires have been installed. Eighteen million gallons of water will be used.

It will take 90 freight cars of food and supplies and 10 carloads of charcoal for cooking. One hundred seventy-five baggage cars will be needed to carry the Scout's personal belongings. One thousand two hundred and twenty-four head of steers have been butchered for the meet and cutting and freezing of the meat was begun the latter part of April. Six hundred thousand quarts of milk will be consumed, fifty thousand chicken legs and thighs. Fifteen hundred cases of pineapple products have been shipped from Honolulu.

The boys will eat about 480,000 pancakes, which if stacked would be more than 11,373 feet tall. "To pour syrup on that Paul Bunyan size stack, you would have to stand seven Empire State buildings on top of each other, place the Eiffel Tower on top of that and then shinny up an 85-foot flagpole."

There would be 16 miles of trains bringing the boys if they were placed end to end. Eighty-four trains, 95 busses and 9 caravans of private cars will be used. That makes a total of 226,570,000 passenger miles of travel or 8,716 times around the world.

The local boys' expenses are being paid by Scout project earnings and the help of the Chiloquin PTA and the Klamath Falls Barbershoppers who gave a benefit performance late this spring. The two delegates were selected from troop 30 on a point basis, covering activity and leadership from the last year.

All of the 70 delegates from the Klamath area have been sent information forbidding them doing certain things like sticking their heads out the window of a moving bus, and forbidding them taking articles like firearms. A humorous note, but one appreciated by any adult, is an additional prohibition, "Water pistols will be forbidden on the trip or at the Jamboree."
