The A&I Folk Dance Club celebrated its first anniversary recently with a feast and dance at Jen-Eds. Each member selected his or her favorite dance to be executed by the gayly costumed group - - - and the fast hilarious tempo was set and sustained throughout the evening. Folk dancing is fun - - - and the A&I group has accomplished much under the expert instruction of Shirley and Bill Mayhew. It is more than just fun - - - it is a proving ground for a great "social" and "age" leveler. With interest growing steadily throughout the Basin it is hoped that Klamath Falls will soon have its own Folk Dance Festivals, for these colorful events have become increasingly popular in all of California and much of Oregon and would bring large crowds to the Klamath Basin.
