

### CHICAGO GRAIN

CHICAGO (AP) — Hot, dry weather in the Midwest sent corn prices higher on the Board of Trade Thursday while all other cereals slumped.

There was little to stir any demand for other cereals. As a result, they moved a little lower on scattered selling. Hedging added its weight against wheat and oats.

Wheat closed 1 1/4 to 2 cents lower, September \$1.84 1/2, corn 1/2 higher, September \$1.53, oats 1/2 to 1 cent lower, September 73 1/2, rye 1 1/2 to 1/2 lower, September \$1.03 1/2, soybeans 1/4 to 1/2 lower, September \$2.51 1/2, and lard 3 cents lower to 10 cents a hundred pounds higher, September \$15.06.

### STOCKS

#### WALL STREET

NEW YORK (AP) — Selling in the railroads and several other major divisions of the stock market Thursday pushed prices down persistently.

Railroads have been especially weak in recent sessions and they received special attention from sellers Thursday.

Losses went to around 2 points at the outside throughout key sections of the list.

Volume came to an estimated 1,300,000 shares. Business picked up markedly as prices slid.

Prices were lower at the start of trading, the pattern that has been present all week. Some supports came into the market within a short time and prices steadied. They were able to hold to relatively good levels until the fourth hour when selling depressed the list.

### Sportswoman, 61, Flies Atlantic

SHANNON AIRPORT, Ireland (AP) — Mrs. Marian Hart, 61-year-old American sportswoman, flew a single-engine sports plane non-stop across the Atlantic Thursday in 13 1/2 hours.

It was the first direct crossing in a small, single-engine plane from Newfoundland to Ireland since the pioneering days of trans-Atlantic flight.

Mrs. Hart, from New York, said she planned the flight to save the cost of taking the wings off her Beechcraft and sending it across by ship.

She was accompanied by Wayne Vetterlein, 30, of Shawnee on Delaware, Pa., who served as co-pilot and navigator.

Vetterlein made the trip on a busman's holiday basis, while taking a few days off from his regular job as co-pilot with Pan American Airways.

### Griggs Food Store Robbed

Thieves broke into Griggs Superior Food store in Stewart Linnex Addition sometime between 7:30 p. m. Tuesday and 9 a. m. Wednesday and made their getaway with approximately \$500 which had been hidden away in a cash drawer, according to State Police who were called to investigate.

Entrance was gained by placing a board against the side of the building which the robber or robbers apparently shimmied up—and by breaking out the screen covering a ventilation opening. They entered the attic.

By kicking a hole in the plaster ceiling and dropping to the main floor, the thieves located the hidden cash drawer and made their escape through the back door which was locked from the inside.

### Mine Pick-Up Kills 9 GIs

SEOUL (AP) — Nine American soldiers were killed and 44 injured during the first 30 days of the Korean truce while picking up land mines and ammunition, the U. S. Eighth Army disclosed Thursday.

No figures were released for the remaining 11 days since the truce. All but five of the casualties occurred the first 10 days of the cease-fire. Apparently the number of such accidents has been cut down by a swiftly instituted safety campaign.

Most of the explosions were land mine blasts. Almost every yard of the old 150-mile front had been mined with only secret trails left free for use of patrols.

### WOMEN FENCED OUT

PRESTWICK, Scotland (AP) — A 10-foot barbed-wire fence has been put up around a U. S. Air Force camp here—not to keep the men in, but reputedly to keep the girls out.

Several airmen have been court-martialed for smuggling girls into their quarters. But others complained the girls forced their way in at night.
