More Comfort Wearing FALSE TEETH
 Here is a pleasant way to overcome loose plate discomfort. PASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, goopy, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get PASTEETH today at any drug store.

I was ahead in every way after this demonstration!

I figured on paying about \$200 more for a new car ... until I discovered all that Chevrolet offered me.

You're "sitting pretty" behind the wheel. Take this Bel Air model. First thing you'll notice is the rich-looking upholstery and appointments and roomy, comfortable seats. Just turn the ignition key to start the engine and you're ready to go.

You get more power on less gas. Here's all the power and performance you could ever ask for. And along with it comes the most important gain in economy in Chevrolet history! That's because of Chevrolet's two great high-compression engines.

You can see all around. You look out and down at the road through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

It's heavier for better roadability. You're in for a pleasant surprise at the smooth, steady ride. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than other low-priced cars.

You get greater getaway with the new Powerglide. Finer performance on less gas. That's what you get with the new Powerglide. There's no more advanced automatic transmission at any price.

Even Power Steering, if you want it. You ought to try Power Steering to see how easy driving can be. You can spin the wheel with one finger! It's optional, of course, at extra cost, and available on all models.

Let us demonstrate all the advantages of buying a Chevrolet now!

Biggest brakes for smoother, easier stops. An easy nudge on the brake pedal brings smooth, positive response—right now! Chevrolet brakes are the largest in the low-price field—extra large for extra stopping power.

And it's the lowest-priced line. A demonstration will show you that Chevrolet offers more in the lowest-priced line in the low-price field.

Combination of Powerglide automatic transmission and 113-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.
