Macdoel Area Deputy Quits

MACDOEL—George Bailey turned in his badge as special deputy sheriff for this area Monday.

Beginning the first of September the Butte Valley and Tulelake areas will be without a full time deputy when the dismissal of Deputy Sheriff F. A. Dodson of Tulelake goes into effect. Sheriff A. B. Burney Woman Hurt In Crash

MACDOEL—A head-on collision about 9:00 Saturday evening on Highway 97 four miles north of Macdoel put a woman passenger in one car in the hospital and the driver of the other car in jail under charges of drunken driving with injury to others.

Taken to Klamath Valley Hospital with bad facial cuts was Mrs. H. O. Duncan of Burney, who with her husband was on the way to Dorris to visit Mr. and Mrs. W. B. Black. Duncan is Mrs. Black's son.

In the county jail at Yreka is Luther Martin Stumbaugh of Dorris in lieu of the \$500 bail set on the charge by Justice Les Chase at Stumbaugh's arraignment Sunday.

Justice Chase set Sept. 11 for the preliminary hearing of the charge made by State Highway Patrolman Charles Brumbaugh, who said the Stumbaugh car was on the wrong side of the highway when it crashed into the Duncan machine.

Both cars, Stumbaugh's 1953 Chevrolet and the 1951 Plymouth owned by the Blacks and driven by Duncan, were classed by the state patrolman as total losses.

Duncan received bruises and cuts but was not hospitalized. Mrs. Duncan also received a bruised shoulder, but no broken bones were found.

No End Seen For East's Record Heat

By THE ASSOCIATED PRESS

No general break in the summer season's longest and hottest heat wave appeared in sight today.

More hot and humid weather was the immediate outlook for sweltering millions from the Rockies eastward to the Atlantic Coast. There was no heavy rainfall in prospect for at least a couple of days—if not longer.

The week-long spell of desert-like weather was blamed for scores of deaths. There were hundreds of persons overcome by the heat.

The oppressive weather also brought a slow-down in business and industry. Thousands of workers in offices and factories were sent home yesterday as the mercury edged toward the 100 degree mark.

Heat records for the date, as well as for the month of August, were broken in many cities. Temperatures in some sections of the sweater-belt have hit 95 or higher every day for the last week.

The Weather Bureau reported readings of 90 or higher from all states east of the Rockies yesterday. But the mercury soared above 100 in many places.

Many cities have had no heavy rainfall in weeks. Several have reported water shortages and use of water has been restricted.

Some of the hottest spots yesterday: Hagerstown, Md., 107, the highest reading in 23 years; Fredericksburg, Va., 106, top mark in 61 years; Gordonsville, Va., Portsmouth, Ohio, 105; Pierre, S.D., and Presidio, Tex., 103; Richmond, Va., 102; Philadelphia, Louisville, Ky., Moline, Ill., Frederick, Md., Bismarck, N.D., 101.

It was steamy weather in the nation's metropolitan areas, Chicago baked under a blazing all-day sun with a record 99. New York's millions felt just as wilted although the mercury was a few degrees lower.
