Hells Hearing Delay Likely

WASHINGTON (AP)—A Federal Power Commission examiner is expected to grant a two-week extension in the recess of the current Hells Canyon hearing, an attorney for public power intervenors said Wednesday.

Mrs. Evelyn Cooper said Examiner William J. Costello indicated in a letter to attorneys he plans to extend the recess, scheduled to end Sept. 21, until Oct. 5. The letter said a formal announcement will be made Monday.

The hearing is on the application of the Idaho Power Co. to build three dams on the Snake River. Mrs. Cooper represents public power groups opposing the application.

3 Brothers, 74 To 79, Apply For Social Security

ST. LOUIS (AP)—Three brothers, ranging in age from 74 to 79, have put in claims for social security payments, but they don't plan to retire. They're going to continue as the nation's only exclusive manufacturers of tent poles.

Fred, 79; Harry, 76, and Theodore Evers, 74, put in their claims here yesterday to help publicize the fact self-employed persons are entitled to the benefits after their 75th birthday regardless of earnings.

Fred would receive \$71 monthly and Harry \$69. Theodore would receive \$69 a month after his birthday next June.

The brothers claim to be the only exclusive manufacturers of tent poles in the country. Their firm, founded here in 1974 by their father, has been turning out tent poles since the Spanish-American War.

Their last big order was for 30,000 poles for the Boy Scout jamboree held this summer.

The brothers said they learned by chance from an acquaintance they could collect on the old age insurance on which they have been paying social security taxes.

Chrysler Gets New Contract

DETROIT (AP)—Chrysler Corp. held a brand new \$50 million dollar defense contract today. It is for M51 tank recovery vehicles to be built at the Detroit Arsenal in nearby Center Line, where Chrysler is scheduled to complete an M47 tank-making contract around Nov. 1.

No estimate was given of the number of tank recovery vehicles to be built.

Hurricane Curves Well Out To Sea

MIAMI, Fla. (AP)—Hurricane Edna swept off toward the northeast today, curving away from the United States mainland on a course that would take it well out to sea. Still packing winds of near 100 miles an hour over a small area near the center, Edna was 670 miles east of Daytona Beach, Fla., at 5 a.m. EST today. It was moving at about 18 to 22 miles an hour and was expected to increase its forward speed as it pushed northeastward.

Gales extended outward 200 miles in the eastern semicircle and 75 miles in the western. The hurricane still was considered dangerous and Weather Bureau forecasters advised ships in its path to exercise caution.

Meanwhile, small craft warnings flew along the Florida West Coast from Cedar Key southward through the lower Florida Keys as an area of squalls brought torrential rains to a wide belt extending across the middle of the peninsula.

Court May Block Germany's Entry Into European Army

BONN, Germany (AP)—Chancellor Konrad Adenauer is striking fast after his sweeping election victory to eliminate the last internal threat to West German participation in the defense of Western Europe.

This is the possibility that the federal supreme court might rule unconstitutional the arming of half a million German troops for the proposed six-nation European army.

The court is now considering a suit filed by the opposition Socialists and challenging the constitutionality of rearmament.

Parliament has approved the European Army Treaty but President Theodor Heuss has withheld his signature of ratification until the court rules, probably next month.

With a firm mandate from the people to join the Western alliance against the Soviet menace, Adenauer and his Christian Democrat party are working to clear the way for quick legislative approval of a constitutional amendment if the court rules against rearmament.

An amendment requires two-thirds approval in both the Bundestag (lower house of parliament) and the Bundesrat (upper house). In the Bundestag, Adenauer's forces are practically assured of the necessary two-thirds backing on the rearmament issue. The Christian Democrats have a one-vote majority and the three other

point the members of the Bundestag. Adenauer and his Christian Democrats are pressing for new elections or changes of government to two big states.
