## KUHS Newsnotes and Comments

By GINGER MARTZ

Eugene played host to the Klamath Pelicans Friday Oct. 2. Good sportsmanship was shown by both sides. It was a good game to watch as the Eugene Axemen outscored the Pelicans 19 to 13. We hope the injury Jim Bevans received at the game was not serious.

The KUHS Band and Pep Peppers marched at half time in Eugene and their formations were well received by the spectators.

Girl's League, the club that every girl in high school is a member of, had their first meeting Monday. The five sections of the club met separately with their advisors and elected officers for each group. These are the clubs and officers elected for the year: SOG—Ginger Martz, president; Paula Horne, vice president; Lois Saasted, secretary; and Mrs. Druker, advisor. Dance-a-lot — Beverly Martz, president; Carolyn Boyd, vice president; Roberta Wade, secretary; and Mrs. Tucker, advisor. Tea Toppers — Sylvia Gerber, president; Marky Cox, vice president; Barbara Thompson, secretary; and Mrs. Peak, advisor. Li Lo — Pat Taylor, president; Gloria Mahan, vice president; Nancy Clark, secretary; and Miss Fish, advisor. Big and Little Sisters — Deloris McFarland, president; Sue Ramsby, vice president; Kay Angstead, secretary; Bonnie Sparks, treasurer; and Miss Fish, advisor.

An "A" rating certificate was received by the Klamath Krater from Quill and Scroll, the International Honor Society for high school journalists. Keep up the good work!

Another run off election is necessary, this time for the senior class. Elected so far were Susan Geary, secretary; and Deloris McFarland, yell leader.

Nine hundred and ten student body cards have been sold so far. You can still get yours in time for the most important football games and for all the basketball games.

The Retail Selling club is off to a flying start with a potluck dinner scheduled for 7:30 Oct. 14 at Shirley Anderson's. Heading the club this year is Rick Pastega assisted by Shirley Schoenthaler, Nancy Cook, Connie Collier and Archie Overen.

Mr. McLeod, well known local naturalist, was the guest speaker at the Tuesday night meeting of the reorganized Science Club. Forty six interested students with advisors, Mrs. Herron and Mr. Sinclair, elected officers and planned a program that will make them one of the most active clubs in school. The enthusiasts leading this group are: Don Wells, Bob Smith, Janis Bubb and Kurt Uerlings.

Start saving your nickels you good music lovers, for the U. S. N. Band from Washington D. C. will be here Oct. 24. It will be a wonderful experience to hear them.

There's gonna be a hay ride. It sounds like a gala affair. The Art Club's behind it so they should "draw" all members out.

**Six Children, Mother Crushed By Heavy Truck**

LOS ANGELES (AP) — A young mother and six children are dead, victims of a traffic accident in which a steel-laden truck crushed the new sedan in which they were riding.

Dead are Mrs. Helen Virginia Lee, 28, of Norwalk; her daughter, Karen Lee, 4; Linda, Sandra and Randy Diller, 4, 5 and 2; Timmy Pulliam, 3½, and Susan Shinye, 3.

Mrs. Lee was taking her daughter and the neighbor children, all dressed in play suits, to her mother's home in nearby Montebello yesterday to escape the 101-degree heat. State highway patrolmen said the truck and trailer carrying 20 tons of steel was traveling approximately 45 miles an hour when it went through a red light and struck the sedan, carrying the wreckage nearly 300 feet.

Officers arrested the truck driver, Pierce Bauder, 24, of Lynwood, on seven counts of manslaughter.

Bauder said that he had the green light and that Mrs. Lee's car made a left turn in front of his truck.

**Egypt Minister Gets Life**

CAIRO, Egypt (AP) — Former Wadhi Minister Ibrahim Farag was sentenced to life imprisonment by a special revolutionary court today for high treason and "conspiracy with a foreign power against state security."

He was the third person convicted in a week on similar charges. More than a score of against President Mohammed Naguib's government are still awaiting trial before the three-man tribunal.

There has been no official identification of the foreign power allegedly implicated in the plot. Unofficial sources have variously identified it as Soviet Russia and an eastern Mediterranean nation allied with the North Atlantic Treaty Organization.

Farag, who served as Egypt's minister of state and information minister from 1950 to 1953, pleaded innocent at the start of his one-day trial yesterday. Testimony in the case was heard in secret.

**Mississippi At Lowest**

MEMPHIS (AP) — The Mississippi River was believed at its lowest level in history here yesterday.

The reading was zero minus 2.74 feet. The previous low as zero minus 2.65 feet set in November 1899.

"Zero" was the lowest level the river was believed to have ever reached when the markers were set in 1871.

The minus 2.75 reading means the river is about 90 feet deep in midchannel.

**Election Puts Family In Office**

WARREN, Conn. (AP) — The municipal election in this little Litchfield County town yesterday turned out all right for the Tanners.

At least it did for First Selectman Willis Tanner; Constable Irving Tanner, his brother; Tax Collector Herbert Tanner, their father; Tax Assessor Eldred Tanner, their cousin; and Town Deposit Fund Agent Marjorie Tanner, another cousin.

**TO U. N. POST**

AUCKLAND, New Zealand (AP) — Authoritative sources said today New Zealand's ambassador to the United States, Leslie Munro, will be named this country's representative on the U. N. Security Council.

**'GOOD WORD' FLOATS OVER THE IRON CURTAIN** — Members of the International Council of Christian Churches launched balloons carrying Bible excerpts for people behind the Iron Curtain. They have released 5000 such balloons toward Czechoslovakia, Poland, Russia, and plan to continue and intensify their campaign.

**Spokesman Gone; Kidnap Break Seen**

KANSAS CITY (AP) — A missing spokesman at the home of the wealthy parents of 6-year-old Bobby Greenlee aroused more speculation today that a break might come any time now in the nine-day-old kidnaping case.

The spokesman, Robert Letterman of Tulsa, hasn't been seen at the home of the 71-year-old father, Robert C. Greenlee, since early Sunday morning. Other associates of the family have met all queries about Letterman with the statement that he was resting and couldn't be disturbed.

Letterman, because of his close ties with the family, frequently has been mentioned as a possible intermediary.

Stirring more mystery about the quiet efforts of the family to get their son back was a visit to the home last night by President Eisenhower's banker-brother.

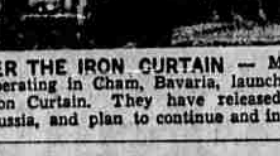

Arthur B. Eisenhower spent 15 minutes at the home. As he left he told newsmen he could give them no information. He declined to say whether Letterman was in the house. Earlier in the day a nurse at the home said she hadn't seen Letterman around yesterday.

Last week, when Joseph Williams, president of the Commerce Trust Co., visited the home the father said he had made arrangements to get money day or night to meet ransom demands. Eisenhower is executive vice president of the same bank.

Greenlee, an automobile dealer and distributor, has said he would give anything to get his son back. However, the family has denied published reports a \$500,000 ransom had been demanded.

Greenlee is considered one of the 10 richest men in Kansas City.

Rumors became rampant here yesterday. One report circulated that a payoff set for Chicago. A Police Chief Bernard Brannon insisted he had "no knowledge" of an approaching break. He said police still were keeping hands off at the request of the family.

**Some Movies Making Money But Outlook's Quite Black**

By BOB THOMAS

HOLLYWOOD (AP) — The current movie business indicates the shape of things to come. There is room for optimism, but the outlook is dreary for movie workers.

The remarkable thing about today's film business is the amazing grosses garnered by certain pictures. "The Robe" and "From Here to Eternity" are setting records in almost every theater they play. Other attractions like Cinema, "Roman Holiday," "Little Boy Lost," "The Moon is Blue," "Mogambo," "Martin Luther," and "Gentlemen Prefer Blondes" are doing phenomenally.

The future shapes up as the era of great attractions. Big pictures such as these will do great business, but the run-of-the-mill films will do just as miserably as they have been doing.

Movies are following the trend of the stage. Shows like "Oklahoma!" and "South Pacific" have drawn unheard of grosses. But a mediocre play hasn't a chance.

The change of movie economy means: (1) fewer theaters, (2) fewer jobs in production. Twentieth Century-Fox has already whittled down to a skeleton staff, and will make only a picture a month. That's why movie workers are singing the blues.

**Miss USA of '52 In Marriage Trouble**

LOS ANGELES (AP) — Miss U.S.A. of 1952, who also became Mrs. Guy Mitchell of 1952, now wants separate maintenance from the singer.

Red-haired Jackie Loughery, 22, who won the U.S.A. title in the Miss Universe contest at nearby Long Beach, filed her suit yesterday, charging cruelty. She and Mitchell, 27, separated Sept. 22, after a marriage of less than a year.

She asked for \$2,500 monthly support, \$5,000 court costs and \$25,000 for her lawyer, estimating community property to be worth \$200,000; Mitchell's income, her petition stated, exceeds \$25,000 monthly.

**Will Business Pick Up Now That Dull Period's Over?**

NEW YORK (AP) — Some say business gets into its stride after Labor Day. Some say after the World Series.

Having survived a wide spill over the merits of the Yankees and the Dodgers, Americans can turn today to the next big question: How much of a stride forward, if any, will industrial production take? And how good will Christmas trade be this year?

You can get odds either way, depending on which expert you ask.

Some say factory output will start zooming again after the long summer lull and by year's end be about as good as ever. Job totals will stay near their peak and, therefore, Americans with money in their jeans will be big-hearted spenders. Many merchants look for their biggest Christmas trade ever.

Others note that so far the fall pickup in factory output isn't as big as expected, and that retail trade was at least two weeks late in getting off the ground.

With personal incomes at or near record highs, merchants would seem to have little to fear for the next three months.

"Don't go predicting yourselves into a slump," many business and governmental spokesmen are warning. "Don't get pushed off base by a little drop here and there in some one factor in the economy."

"Noting soft spots in the economy and getting ready for them has quite the opposite effect," others counter. "Business caution sometimes prevents slumps, so slumps makes them smaller. The real danger would be in playing ostrich."

And those who favor wide-eyed caution point out that traditionally store sales don't slump until several months after industrial production has started letting down. People go on for some time buying as usual, even if their pay checks shrink, some as the work week contracts. They hate to cut their standard of living until their savings run low.

With personal incomes at or near record highs, merchants would seem to have little to fear for the next three months.
