

OPENING THEM UP — Two American-built tanks of the French Union forces fire at point-blank range on Communist troops during operation "Mouette" in the Forests, Indo-China area. French infantrymen wait to "go over the top" in attack on enemy.

Military Pay Under Study

WASHINGTON (AP) — The House Armed Services Committee has undertaken a study of the adequacy

of pay scales in the military services.

One facet of the situation which it may examine is the increasing number of resignations in recent years from the military academies at West Point and Annapolis.

Chairman Short (R-Mo.) of the House group, in announcing the study on Saturday, said he would not propose now a general pay raise for service personnel but would oppose any further cuts in pay or "fringe" benefits.

For the courage and vision of our forebears who settled a wilderness and founded a nation; for the framers of our constitution sought to secure for themselves and for their posterity, and which are so abundantly realized in our land today; for the unity of spirit which has made our country strong; and for the continuing faith under his guidance that has kept us a religious people with freedom

Ike, Proclaiming Thanksgiving, Asks Prayers For Wisdom To Better World

WASHINGTON (AP) — President Eisenhower has proclaimed Thursday, Nov. 26 as Thanksgiving Day and asked Americans to pray for "wisdom in our striving for a better world."

"Especially" the proclamation said, "are we grateful this year for the truce in battle-weary Korea, which gives to anxious men and women throughout the world the hope that there may be an enduring peace."

The text of the proclamation: As a nation much blessed, we feel impelled at harvest time to follow the tradition handed down by our Pilgrim fathers of pausing from our labors for one day to render thanks to Almighty God for his bounties. Now that the year is drawing to a close, once again it is fitting that we incline our thoughts to his mercies and offer to him our special prayers of gratitude.

For the courage and vision of our forebears who settled a wilderness and founded a nation; for the framers of our constitution sought to secure for themselves and for their posterity, and which are so abundantly realized in our land today; for the unity of spirit which has made our country strong; and for the continuing faith under his guidance that has kept us a religious people with freedom

of worship for all, we should kneel in humble thanksgiving.

"Especially" the proclamation year for the truce in battle-weary Korea, which gives to anxious men and women throughout the world the hope that there may be an enduring peace.

Now, therefore, I, Dwight D. Eisenhower, President of the United

States of America, in consonance with the joint resolution of Congress approved Dec. 26, 1941, do hereby call upon our people to observe Thursday, the twenty-sixth day of November, 1953, as a day of national thanksgiving. On that day let all of us, in accordance with our hallowed custom, foregather

in our respective places of worship and bow before God on contrition for our sins, in supplication for wisdom in our striving for a better world, and in gratitude for the manifold blessings He has be-

stowed upon us and upon our fellow men.

In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.
