APPLE BLOSSOMS IN COLOR

By CAROL CURTIS

Lovely apple blossoms in the dye-fast, launderable transfer process which requires no embroidery whatsoever are done in pale pink for the flowers, pale leaf-green for leaves and stems. There are 32 motifs in the pattern — four 4-inch sprays, four 3-inch sprays, ten 2-inch clusters and ten single blossoms of 1-inch each—enough to use on place mats, guest towels, tablecloths or on blouses, scarves, aprons.

Send 25c for the Multi-Color Apple Blossom Transfers (Pattern No 505) transferring and laundering instructions. Your name, address, pattern number to Carol Crutis, Herald and News, Box 229, Madison Square Station, New York 10, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5c per pattern.

Appeal Made For Food

BURLINGTON, Vt. (AP) — The head of the CARE program said Tuesday it is "basically bad foreign policy" to allow the Soviet bloc to say that America would rather see people go hungry than to use surpluses to feed them.

Paul C. French, executive director of CARE, told the 87th annual convention of the National Grange that his organization already has distributed some farm surpluses.

But the amount made available, he said, "is just a fraction of the foods in the possession of the government."

Winners of a nationwide Grange contest in community service, in which 3,400 Granges took part were announced Monday night.

First place, with an award of $15,000 went to the Friend, Neb., Grange; second place and $5,000 went to the Tobacco Valley Grange of Eureka, Mont.

The Grange also held its annual election Monday, reelecting Herschel D. Newsom, of Columbus, Ind. as national master for a two year term.

The Grange voted to take the 1954 convention to the state of Washington. The city will be chosen later.

Five Perish in Truck-Car Crash

PITTSBURGH (AP) — Four men and a woman perished in the flaming collision of a big trailer truck and three autos at an intersection in suburban Wilkinsburg Monday. Three other persons were injured.

Police, firemen and workmen labored for more than three hours to extricate the bodies from the tangled wreckage.

QUICK WORK

STEUBENVILLE, Ohio (AP) — A "customer" told pawn shop operator Louis Rosansky he wanted to buy a pair of handcuffs. When Rosansky produced a pair, the man pulled a gun, robbed Rosansky of $970, handcuffed him to a clothes rack and fled.

ON TRIAL FOR THEIR LIVES — Carl Austin Hall (left) and Mrs. Bonnie Brown Heady, confessed kidnap-slayers of Bobby Greenlease, leave county jail in Kansas City, Mo., with U.S. Marshal William Tatman (right) to go on trial for their lives. Since they have already admitted their guilt, the jury will decide only whether the couple should be put to death in the gas chamber or spend the rest of their lives in prison.

Christmas Tree Harvest Gets Under Way Already

OLYMPIA, Wash. (AP)—The Christmas tree harvest, a major industry in this state, has begun.

Between now and Dec. 25, millions of Christmas trees will be cut, baled or packed, and shipped to every state, Hawaii, Alaska and numerous foreign countries.

Last year approximately two million trees were exported and an additional half million or more were sold within the state.

Most of the evergreens come from half a dozen large operators who harvest their own or leased land. Many smaller operators buy their trees from the state or from farmers who raise them in woodlots.

Asst. Forestry Supervisor Donald R. Hopkins says, "Christmas trees grow best on poor land which will not grow satisfactory trees for lumber."

Mature evergreens, he said, "throw off more seed when they are growing on poor land than when growing in good soil, thus producing more small trees.

Ten to 20 years after the seed falls the new evergreens are Christmas-tree size, ready to be cut and shipped.

On Christmas tree farms the trees' lower limbs are pruned to make the upper grow thick and full. The trees are also thinned for more perfect proportion. Crowding causes lopsided trees, unsuitable for holiday decorations.

Two Trusties Recaptured

OREGON CITY (AP) — Two trusties, who broke out of the state prison farm, were captured early Tuesday after five hours of freedom.

The pair, John Lewis Chase, 40, and Ralph Collins, 45, were arrested by police four miles south of Oregon City in a car which had been reported stolen from Salem.

They put up no resistance, Sheriff's deputy Dave Speer and Oregon City police officer Ver Flynn reported.

The convicts escaped by prying the hinges off the door of their barracks, prison officials said.

Chase was serving a three-year sentence for embezzlement in Josephine County and, Collins, a two-year sentence for a Columbia County arson conviction.

Rain, Snow Plaster State

By THE ASSOCIATED PRESS

A mid-November mild spell continued Tuesday over wide areas in the eastern two-thirds of the country.

Skies were clear over most of the nation except in the Northwest and Southern Florida. During the last 24 hours rain or snow has spread eastward from Oregon and Washington into Northern Nevada, Idaho, Western Montana and Northern California. Coastal areas generally reported more than one inch of rain with lesser amounts inland.

Coolest weather was in Northern New England with temperatures in the 20s during the night. Readings in most other areas were above freezing.

New temperature records for the date were set Monday in many cities, especially in the Midwest where readings were in the 60s and low 70s. The day's top mark was 84 at Yuma, Ariz. One of the lowest was 39 at Caribou, Maine.

Blasts Rip Over Chemical Firm

MAYWOOD, N.J. (AP) (AP)— Five explosions Tuesday rocked a building of the Maywood Chemical Works where secret U.S. Navy production was underway. A two-mile area of Bergen County was shaken by the blasts.

No casualties were reported.

A blaze which followed was extinguished by firemen of four municipalities after a two-hour battle.

Albert J. Turner, president of the firm, said the plant was working on Navy defense production and a tight censorship had been put into effect by Navy and Federal Bureau of Investigation representatives.

The cause and extent of the explosion and fire damage was not given.

Law School Dean Seeking DA Post

SALEM (AP) — Dean Seward P. Reese of the Willamette University law school is seeking appointment as U. S. district attorney for Oregon.

Reese made that announcement Monday night after meeting with a group of Salem Republicans. He said he was informing Sen. Guy Cordon and Oregon Republican officials of his "willingness to accept" the position.

US Aid to Europe Drawing Escape Tax

PHILADELPHIA (AP) — American aid to Europe has been so successful that economic assistance to most nations can be reduced soon, Mutual Security Administrator Harold E. Stassen said last night.

"Unequivocally," he said during a television interview, "Europe is having its best year economically since the war." He continued:

"As a result of this, economic assistance can soon be reduced in Europe except perhaps for Spain, Greece and Turkey."

Hollywood, In Case You Remember, Marks Birthday

By BOB THOMAS

HOLLYWOOD (AP)—Happy birthday to Hollywood. It's officially 50 years old today.

Fifty years ago, the voters—all 165 of them—streamed to the polls to vote on whether the city of Hollywood, Calif., should be incorporated. On Nov. 18, 1903, the votes were counted. Incorporation had won, 88 to 77.

This month Hollywood is celebrating its golden anniversary with a historical exhibit, banquets and special TV shows. Hollywood's only daily newspaper, the Citizen-News put out a special edition to signalize the event, and it is filled with interesting notes about the town's history. For instance:

How did the town get its name? A successful Kansas Businessman came to California to establish a ranch home near Los Angeles. His wife, Mrs. Harvey Wilcox, took a train trip East and met a woman who talked about her summer home near Chicago. It was called Hollywood. Mrs. Wilcox liked the name and gave it to her California ranch. . . .

There was a pineapple plantation in mid-Hollywood during the 1880s. Toward the end of the 19th century, the area was a center of lemon growing. Some folks think the principal industry here hasn't changed much. . . .

Hollywood's incorporation didn't last long. In 1910, citizens voted to annex Hollywood to Los Angeles. The principal reason was that Hollywood couldn't provide adequate sewers and water for itself. . . .

One of the laws passed during the town's brief independence was a speed limit for all vehicles: 12 miles per hour in the straightaway, 6 miles per hour around corners. . . .

The first movie studio was established in the Blondeau Tavern at Sunset and Gower (now the site of CBS) in 1910. Within three months, there were 15 other film companies in the area. . . .

The first TV station was Don Lee's experimental W6XAO, which went on the air Dec. 23, 1931. Among the firsts recorded by the station: the first reception of TV in an airplane, 1932; the first full length movie on TV, 1933; the first coverage of a disaster — the Long Beach earthquake of 1933.

ARREST

OSLO, Norway (AP) — Police at Kirkenes announced Tuesday the arrest of five Norwegians in the roundup of an alleged Soviet spy ring in Norway's northern province of Finnmark. The reports said investigations were still going on and that more arrests may be made.

QUESTION

PHOENIX, Ariz. (AP)—Department store manager Joseph Brannon will speak at a Knights of Columbus meeting tonight. His subject: "Is Your Wife a Shoplifter?"
