McKay Draws Solon's Wrath

WENATCHEE, Wash. (AP) — Secretary of the Interior McKay and Washington Gov. Arthur B. Langlie were criticized by Sen. Jackson (D-Wash.) Monday night for the part they are playing in the Hell's Canyon dam controversy.

Jackson charged that McKay, former Oregon governor, "has turned over on the other side of the fence."

Reds Jittery In Germany

BERLIN (AP) — Communist East Germany has degenerated into a land of the "witch hunt" because Red bosses are frightened of the unruly public, U.S. headquarters in Berlin declared Tuesday.

Maj. Gen. Thomas S. Timberman, American commandant, said in a statement that the Communists are sitting on such a tinderbox that only terror methods can keep them in a reasonable state of security.

The general quoted from a study his staff made of recent East German purge methods, all stemming from the June 17 workers' rebellion. He listed 23 separate "trials" of spies and saboteurs; 14 convictions, including 4 death penalties and 11 life imprisonment terms.

"The deliberate creation of a 'witch hunt' indicates recognition by Soviet Zone authorities that the passive resistance of the population has not been broken," Timberman asserted.

Metal Plants Hearing On

TACOMA (AP) — U.S. District Judge George H. Boldt resumed hearings Monday in Tacoma on the plans at Longview, Wash., Co. and Troutdale, Ore., in which 15 farmers are accusing the company of polluting the grass with fluorine poisoning.

Mr. and Mrs. Philip Rawnsley, dairy farmers, Longview, testified that their cows, since 1950, were "nervous," had lost weight, were subject to scouring and were smaller than they were supposed to be because of the alleged poisoning.

Scouring is similar to dysentery. There and other farmers from Longview and Camas-Washougal sections are suing the Reynolds Co. for some \$400,000 for damages to their land and cattle.

Representing the farmers are Fred Cronen, lawyer from Portland and Paul Reed, Hillsboro, Ore.

Pettus, Bowen and Huff have been free on \$20,000 bail each since they posted appeal bond last month. Mrs. Hartle and Dashbach are being held in lieu of \$20,000 bond each.

BURLEY, Idaho (AP) — A quarantine was slapped on 750 square miles of South-Central Idaho Monday as an outbreak of rabies continued to spread.

Pet owners took 75 dogs and cats to inoculation centers in Burley and Twin Falls to guard against spread of the dread disease.

Five persons have been bitten by suspected rabid dogs since the epidemic broke out the last of October at Burley.

The most recent attacks were reported Saturday.

Pope Issues Order In Canonization

CASTEL GANDOLFO, Italy (AP) — Pope Pius XII Tuesday ordered

publication of a decree approving miracles proposed for the canonization of Pope Pius X.

The solemn step, taken at the Pope's summer residence here before a meeting of the Vatican's

congregation of rites attended by six cardinals, brought the Catholic Church's highest honor—sainthood—near for the pontiff who already is popularly known as "papa Santo," the pope saint.

The reason: When children saw him in white they thought of doctors who gave them shots and became frightened.

His two women assistants wear blue shoes, blue jumpers and white
