JUNIOR DIVISION WINNERS in the recent 20-30 Club Talent Show, proudly display their trophies. Left to right (front row) are Lexie Kay Putnam, third prize; Lynette Lawrence, second; Stephenie Olvera, first. Behind them are other contestants, (left to right) Junior Weeks, Kay Doreen Hudson, Danny, Deanna, and Mrs. Walter Croft and Fay Adams.

Film Couple Quit Sunny California For Down East

By BOB THOMAS

HOLLYWOOD (AP)—The Chamber of Commerce won't like this, but Bette Davis and Gary Merrill have moved from the sunny shores of California to the rock-bound coast of Maine.

The acting couple now reside in Portland, Maine, which is just about as far from Hollywood as you can get and still remain in the continental United States. It's not because they hate the film town. It's the climate.

"Principally we did it for the children," explained Merrill, who is here for "Witness to Murder" with Barbara Stanwyck and George Sanders. "California weather is pleasant, but too much so. It makes life too easy.

"Both Bette and I love a change of seasons. And we think a cold winter is good for kids. It presents challenges to them, if only in such things as putting on galoshes before they go out to play."

For the benefit of my fellow natives, I explain that both Bette and Gary were Californians only by professional necessity. Both were born and reared in New England, she in Lowell, Mass., and he in Hartford, Conn. I asked how they happened to settle in Portland.

"We both love the open ocean," he explained. "There's something wonderful about living near it. But it has to be the Atlantic for us. It's much different from the Pacific—has more character.

"We went up to Maine last summer, following Bette's operation. She wasn't able to do much, so we stayed at a lodge, where we could have service. We fell in love with the country and decided to try staying there. We rented a house and had our furniture sent out from California.

"It's really ideal living. Sure, the winters are cold, but not too cold. We're on the ocean, but only 15 minutes from Portland, the biggest city in Maine. You can take the overnight train to New York or get there in 90 minutes via airplane.

"We have come to know some great people there—doctors, lawyers and so forth. No show people at all. And do you know something—we have the most interesting conversations!"

I asked about Bette's health, and he said she is getting back in the pink again. Earlier this year she was operated on for osteomyelitis of the jaw. Merrill reported that she had no feeling around the jaw after the operation, but it is gradually returning.

"Bette will probably be out here in Hollywood after the first of the year," he added. "She is supposed to do Queen Elizabeth for Fox. They appear to be having some trouble finding a Sir Walter Raleigh. But then it's hard to find anyone around Fox these days."

Tito Regime Vote Heavy

BELGRADE, Yugoslavia (AP) — Officials Monday tallied the heavy vote in Yugoslavia's country-wide elections, but final returns will not be announced until Wednesday. President Tito's Communist regime was a certain winner.

Tito's "Socialist Alliance of the Working people of Yugoslavia" faced no opposition parties in Sunday's balloting. Of the 352 seats in the new parliament's federal council, less than 20 were contested by opposing members of the alliance.

Under a new election system this year, the nation's 10 million voters had a choice between voting for the alliance's candidates or voting for no candidate to signify disapproval of the government. The ballots were marked in secret.

Idaho Loses 8th to Utah

BOISE, Idaho (AP) — The Idaho Vandals took the eighth loss of a dismal season Saturday, bowing 19-7 to the power-paced University of Utah Farmers.

Utah State's Earl Lindley, the nation's second leading scorer, scored two of the Farmers' three touchdowns to boost his season total to 81 points. Lindley's first tally followed a 30-yard drive, and the second was on a 63-yard scoring pass from quarterback John Karnick. Tom Lorenat circled the Vandal end for six yards and Utah State's final score in the fourth period.

Idaho tallied in the third period, Larry Gorrell racing 38 yards to the Farmer goal line after intercepting a Utah State pass. Gorrell also converted.

RECALL

CAIRO, Egypt (AP) — Authoritative sources said Monday Egypt has demanded the recall of Turkish Ambassador Fuad Halusi Tugay, whose wife is a second cousin of exiled King Farouk.

Serious Red Threat Seen

WASHINGTON (AP) —Sen. Hickenlooper (R-Iowa) said Monday there is a "very serious" Communist threat in Central America—a problem he said demands greater attention by the United States.

Hickenlooper, just back from an inspection tour of U. S. information operations in a dozen Latin-American countries, said he found agitation about "Yankee imperialism."

"There is a basic respect for us in these countries which we can do a lot about developing," the Iowa senator said in an interview. "I am firmly convinced as the result of my trip that we should devote much more attention to bettering our relationships with Latin-America.

"We have been giving only minimum attention to these countries in dispensing technical advice. I think we have spent a disproportionate share of funds for such services elsewhere in the world and we should readjust that situation."

Korea Child Reaches USA

OMAHA (AP) — A rangy blond exsergeant ran with his long legs almost flying down the railroad platform, dropped to his knees and threw his arms around a dimple-cheeked black-eyed boy of five.

Then he jerked open his suitcase, pulled out a brand new winter coat, complete with parka hood, and quickly stuffed the boy into it—talking all the while.

That was the reunion Sunday of Paul Raynor, 25-year-old Huron, S. D., bachelor and bus line owner, and Jimmy, the Korean War orphan he adopted while serving in Korea.

Raynor took Jimmy last Christmas day in Korea. In May of this year he legally adopted him in Korean courts. But when it came time for Raynor to come home in July, he ran into immigration problems and had to leave Jimmy behind while he straightened them out.

Since his return, Raynor said he has worked "full time" at getting Jimmy back here.

He persuaded the state of South Dakota to recognize the adoption through an attorney general's opinion since "it was unprecedented," and arranged to get a visa for Jimmy to come to this country as the dependant of a service man.

Raynor, who isn't even engaged, isn't worried about becoming a parent.

"All Korean children are very well behaved," he explained. "They obey without question, although he's getting so he's asking 'why'."

NO SAY

NEW DELHI, India (AP) — Prime Minister Nehru told the Indian Parliament's upper house Monday that his government would not raise the question of Britain's actions in British Guiana before the United Nations. Britain suspended the constitution of British Guiana and ousted leftist Premier Chedi Jagan to check what has been described as a Communist move to take over the colony.

Aid For Japan Seen Pressing Need

WASHINGTON (AP)—Sen. Mansfield (D-Mont) says Japan must have expanded trade or more U.S. military aid if it is to rearm, as urged by top American leader.

In an interview yesterday, Mansfield said two billion dollars of the five billions spent annually by the United States for the Korean War went to Japan. With the truce, he said, these outlays have been reduced.

"Unless Japan is heavily subsidized by this country for many years to come," Mansfield said, "it must find avenues of trade to strengthen the economy and recreate its military forces."

Oak Ridge Strike Ends

OAK RIDGE, Tenn. (AP) — Thousands of AFL workers streamed back to their jobs on an atomic plant construction project Monday to end a three-week-old walkout.

The men were ordered back to work by the AFL Building Trades Department in Washington while a committee studies the request of the sheet metal workers' union for travel pay from their homes the job and back.

The metal workers struck 2 to support demands for a 7-a-mile travel allowance. A later they put up picket lines other AFL craftsmen refused cross. More than 6,500 were affected by the work page.
