

Philadelphia Cracking Down On Juvenile Gangs

PHILADELPHIA (AP)—Determined Philadelphia police—deluged with complaints of rowdiness by youthful mobs in recent weeks—drove ahead with a crackdown on teen-age gangs today after rounding up more than 1,000 youngsters over the weekend.

Capt. Howard E. Leary of the Juvenile Aid Bureau and Police Commissioner Thomas J. Gibbons said the police will harass and hunt these gangs until they make up their mind to settle down, on good citizens and stop bothering others.

The comments came in the wake of the unprecedented weekend roundup which saw 625 youngsters taken into custody from one police division in the northern section of the city while raiding squads in other parts of Philadelphia brought in more than 400 boys and girls.

Gibbons said increasing complaints of beatings, holdups, and robberies by young toughs "who hang around sleazy poolrooms, taverns and saloons, diners instead of staying at home and doing something constructive" prompted the crackdown.

Inspector John F. Driscoll headed a special detail of 90 policemen and 24 policewomen who picked up the teen-agers.

U. S. Rescue Teams Below Standard

WASHINGTON (AP)—Fewer than one fourth of the 10,000 civilian rescue squads needed in case of an enemy atomic attack are now formed and equipped for action, giving this estimate in a training manual entitled "Rescue Techniques and Operations," the Federal Civil Defense Administration said yesterday a study of World War II bombings show 10 per cent of atomic attack casualties would be so heavily trapped they could not be dug out by neighbors with household tools. It figured even an experienced eight-man team would need an average of 2½ hours to make such a rescue.

SMALL FRY TREAT

Stir crumbled gingersnaps into cold applesauce; add a few marshmallow bits and serve with cream.

QUICK LUNCH

For a lunch "on the double," make a doubly good soup—use two different condensed soups—combined into one. As a suggestion, combine one can each of beef noodles soup and vegetable soup; add liquid as usual. Try serving grilled cheese sandwiches for an especially nutritious quick lunch.

Solon Angry Over Liquor Sales

WASHINGTON (AP)—Rep. Shafer (R-Mich.) says the Pentagon made a "bureaucratic blunder" when it recently approved the sale of bottled liquor on Army and Air Force posts.

He said in a statement yesterday he intends to try, during the session of Congress starting in January, to put the situation back where it was: no liquor sales on military posts, but permission for officers to drink in their clubs the liquor they bought elsewhere.

In Michigan, Shafer said, the military escapes a 44 per cent state markup and sales tax by buying directly from distillers instead of through state-controlled stores.

McKay Tells US Power Picture

WASHINGTON (AP)—Secretary of the Interior McKay says he expects some more private capital to enter the utility field, but he sees no possibility of private power moving in to become the only distributor of electricity through the Rural Electrification Administration.

"We like for everyone to work . . . to keep up with the demand of power," he said on CBS television program yesterday.

As for reports that Midwest farmers were apprehensive that private power would become the only source of electricity, he commented: "These people have been agitated by certain people going around and holding meetings and telling these stories. . . . (The administration) will be out there answering some of these things some of these days if we can get around to it."

Why the big swing is to Ford!

More than a million buyers decided on Ford this year . . . because Ford's "worth more when you buy it . . . returns more of its worth when you sell it!"

They like it in traffic!

They're swinging to Ford for good reason. Only Ford in its field offers you a choice of V-8 or Six, with the smooth, agile performance you need for getting around in today's kind of traffic. You get a choice of three great

drives . . . conventional, fuel-saving Overdrive or Fordomatic, the only automatic in Ford's field with an automatic intermediate gear for extra GO. You get the full visibility you want, too . . . the most in Ford's field.

They like it in the hills!

Both V-8 and Six give you hill-flattening GO on "regular," thanks to the Automatic Power Pilot. And Master-Guide power steering, available on all V-8's, makes turning up to 75% easier yet retains the natural "feel" of steering on the straightaway.

They like it for ride, for room, and for just plain good looks!

Front end road shock alone is reduced up to 80%! Ford's wide seats accommodate six, while the trunk is a whole suitcase bigger. And Ford's good looks speak for themselves.
