Teamsters Strike At News Plant

MINNEAPOLIS (AP)—News-hungry residents of this city of more than half a million population lined up again last night to purchase copies of the Minneapolis Tribune, sold only in the newspaper's main lobby since an APL teamsters' strike knocked out all truck deliveries. The morning paper continued to publish but made no effort to deliver papers to homes or newsstands. Sales, made only in the lobby were limited to five copies per buyer. Cut from the usual 620,000-run, only 75,000 copies of the Sunday edition were printed. All were sold by mid-afternoon. Last night sale of the Monday edition was brisk. Newsstands sold out all out-of-town papers they had. The Evening Star also will be affected by the walkout. The two papers are owned by the same company and printed in the same plant. Company officers said they would continue publishing both newspapers as long as limited newsprint supplies last. The drivers now on strike ordinarily haul the newsprint rolls to the plant. George Wilson, federal labor conciliator, planned to contact both sides today to attempt to reopen negotiations, halted since Friday. The union seeks a weekly pay increase of \$4.56 for day work and \$6.46 for night work, plus fringe benefits. Last Wednesday it rejected a company offer of \$3.64 and \$4.18 respectively. The drivers had been paid \$2.14 an hour (\$80.94 a week) for a five-day, 38-hour week for day work and \$2.18 (\$82.64 a week) for night work.

Last Ditch Try Made In POW Talks

PANMUNJOM (AP)—The U.N. Command today prepared a last-minute broadcast appeal to 22 American war prisoners who stayed with the Communists, even as the Allied Far East commander indicated hope has been abandoned that any of the 22 will return home. The Neutral Nations Repatriation Commission announced it had approved an Allied request to broadcast to the prisoners Wednesday—hours before the deadline for explanations to balking war prisoners.

The Allies staked their hopes of winning back prisoners on the broadcasts and a 12-page letter addressed to each man as chances for face-to-face interviews all but vanished in a welter of last-minute delays. The Communists resumed their long-delayed explanation program today and chalked up their best score to date. Red members of the Military Justice Commission pressed again for an extension of the time for

Interviews beyond Dec. 23 during a 2½-hour meeting today, but the U.N. Command promptly rejected the request. Gen. John E. Hill, U.S. Far East commander, told newsmen in Seoul that Americans in neutral custody have had both time and opportunity to change their minds. He indicated the Allies have given up hope that any will return. The broadcast and the last chance of contacting the prisoners before the Wednesday deadline.

COLUMBIA, S. C.
