## LDS Announces Schedule Change For Coming Year

Beginning next Sunday and continuing through the year 1954, the First Ward and the Second Ward of the Church of Jesus Christ of the Latter Day Saints will exchange Sunday schedules.

Early last Spring, because of the growth in numbers and the lack of accommodations in the church building, the congregation divided into two wards, which have been meeting on staggered schedules in the same building at 511 Martin.

The new schedule for the First Ward includes a priesthood meeting at 9:30 a. m. Sunday; Sunday School, 11 a. m.; Sacrament Services, 7:30 p. m. the first Wednesday of each month, work meeting at 10 a. m.

The Second Ward will have its priesthood meeting at 8:30 a. m. Sunday; Sunday School, 10:15 a. m. Sacrament Services, 5:30 p. m.; Relief Society, 10 a. m. Tuesday; Mutual Improvement Association, 7:30 p. m. Wednesday.

The new schedule is printed in the Church Directory, and church members are requested to clip it and save it for future reference.

## Methodists Release Year End Membership, Value Figures

CHICAGO—Membership of The Methodist Church in the United States and its possessions now stands at 9,151,524, according to official 1953 figures just released by the Rev. Albert C. Hoover, church statistician.

This represents a slight drop of 28,904 when compared to the total membership figure of 9,180,428 reported a year ago. Last year's figure, however, included 1,021,466 inactive members.

In issuing his report, the Rev. Hoover pointed out that by action of the denomination's 1952 General Conference, pastors no longer list inactive members in a separate column in the statistics. This change has resulted in considerable pruning of church rolls. Widespread and successful evangelistic campaigns have compensated for most of the losses occasioned by the pruning process and the new method of reporting.

The figure of 9,151,524 members includes 25,907 ministers, but it does not include 968,981 preparatory members (baptized children and others not yet received into full membership).

The 1953 report shows 406,153
