

Alaska Graft Charges Laid

WASHINGTON (AP) — Sen. McCarthy (R-Wis.) said Thursday he is advising the FBI of evidence of "graft, corruption and attempted bribery" in Alaska.

Morse Loses Most Battle

WASHINGTON (AP) — Sen. Morse (Ore.) lost again Wednesday in a struggle to regain two major seats, although he picked up strength over his two-point defeat on the issue.

The Senate refused 59-26 to reelect the Oregon senator to represent the Oregon seat, and 50-40 to reelect Morse to represent the Oregon seat.

The Democrats split almost evenly on the issue, with 22 senators supporting Morse and 23 opposing.

Morse lost 81-7 when the issue was raised last January. Last time, when he obtained another vote, he was beaten 56-19.

The Senate is sure to hear more of the matter throughout the session. Morse announced last week he would "raise his voice" against the "injustice."

Check Case Crossed Out

Loss of memory on the part of several witnesses led to the dismissal late Wednesday of a forgery charge against Thomas V. Coates, 33-year-old clerk, who was tried before a jury in Circuit Court.

Judge Vandenberg to dismiss the case when prosecution witnesses failed to identify the defendant or the check he was accused of forging.

"I don't like to see things handled this way," Judge Vandenberg stated. "But when the district attorney asks that the case be dismissed, that means the prosecution through. These cases should be thoroughly investigated before they are brought into court."

After the trial was terminated, Attorney and Defense Counsel A.C. Coates engaged in a series of arguments over the legality of the prosecution's line of questioning witnesses.

After dismissal, Judge Vandenberg ordered the release of Coates. He was extradited from Texas, was charged with forging the check of James Hammond, Merrill Coates, to a \$100 check which was used at the Merrill Billiard Parlor.

Navy Lays Up Ships In Latest Cut

WASHINGTON (AP) — The Navy says it is laying up the cruiser Quincy as the first of 50 ships to be put into mothballs.

Almost simultaneously with this announcement Wednesday, Secretary of the Navy Robert B. Anderson said Russia is outbuilding the United States and other North Atlantic Treaty Organization (NATO) nations in cruisers, destroyers and other high seas warships.

The Navy's budget has not been disclosed, but it is expected to take a substantial cut as part of the new-look program in military expenditures, featuring more reliance on airpower and economics in other directions.

The Navy said the 13,600-ton Quincy, "the least modern of the Navy's active cruisers" and now at the Long Beach, Calif., navy yard, will be inactivated soon and that the other ships will be laid up during the next 18 months. No others were named, but there was speculation the four 45,000-ton battleships were likely candidates.

The U. S. fleet now numbers about 409 combat ships. In a speech Wednesday night to the Wichita Falls, Tex., Chamber of Commerce, Anderson said the "threat posed by the Soviet Union's 350 submarines" is well known. He continued:

"But did you know that the Soviet navy is, next to our own, the largest navy in commission in the world? Did you know that more Soviet cruisers are now being built annually than are being built by all the NATO nations combined... or that since World War II the Soviet Union has built over 50 large fleet type destroyers as against our own five?"

National security will not be impaired by the laying up of the U. S. ships, two members of the House Armed Services Committee said.

Congressional Pay Up Favored

WASHINGTON (AP) — A substantial majority of the commission on judicial and congressional salaries was reported Thursday to favor a \$27,500 salary for senators and representatives—a \$12,500 pay boost. The commission, set up by the 1953 Congress to make recommendations on the pay of federal judges and members of Congress, is to submit its report to President Eisenhower at the White House Friday.

Under the law, Congress must act on the report by March 15. In an election year like this one, the subject is ticklish.

Chemult CIC To Sponsor Party

CHEMULT—The Chemult Civic Improvement Club will hold a benefit card party Friday evening, Jan. 15 at 8 p.m. Plans for the event were made at the Jan. 6 meeting of the club.

Nomination of officers for the coming year was held; elections will be held in February. On Saturday, Feb. 13, the club will hold a basket social.

Go-homes at the last meeting were Mrs. Cap Jessup and Mrs. R. Jessup. Twenty-one members and guests were present.

He praised President Eisenhower's practice of opening cabinet meetings with prayer, saying "with leadership of this type we can hardly fail."

The governor spoke at the chamber's annual membership meeting. He was in Boise for a meeting of the Columbia Basin Inter-Agency Committee.

R. J. Williamson Gets Promotion

SALEM (AP) — Robert J. Williamson, Salem, who has been bonus hearings officer, is the new state bonus supervisor, the state Veterans Department announced Thursday.

He replaces George A. Jones, who resigned to enter law practice. Other new appointments in the Veterans Department:

R. Alan McEachern, Milwaukie, to be state service officer in presenting claims before the Veterans Administration.

H. B. Woody, Roseburg, supervisor of the field section.

Dale Hill, Tillamook, field representative for Douglas, Josephine, Jackson, Curry and Coos counties.

Patterson Speaks At Boise Meeting

BOISE (AP) — Gov. Paul Patterson of Oregon told the Boise Chamber of Commerce Wednesday night that we "must have the help of God in solving the problems that we face."

He praised President Eisenhower's practice of opening cabinet meetings with prayer, saying "with leadership of this type we can hardly fail."

The governor spoke at the chamber's annual membership meeting. He was in Boise for a meeting of the Columbia Basin Inter-Agency Committee.

Outlawing Of Reds Eyed

WASHINGTON (AP) — Atty. Gen. Brownell says the Justice Department, at President Eisenhower's direction, is studying proposals to outlaw the Communist Party in the United States.

But Brownell, who discussed the matter in an NBC radio interview Wednesday night, indicated he personally does not favor such proposals. He said the department "wouldn't have any opinions to express until the study had been completed."

The attorney general was asked whether he thinks "we have reached a point where the party should be outlawed."

"The President referred to us just within the last few days the question of studying these proposals that have been made," Brownell replied and said the study would have to be completed before opinions were expressed.

Strike Vote Plan Flops

WASHINGTON (AP) — A poll of the Senate Labor Committee indicated Thursday practically no support for a proposal calling for strike votes among employees who have already gone on strike.

Some advocacy of a ballot to take place before a strike could be called was noted, but even that appeared to fall short of the seven committee votes needed to send such a proposition to the floor of the Senate for a vote there. The committee has 13 members.

President Eisenhower told his news conference Wednesday he wants Congress to decide the question of when the strike vote should be taken by the government. He said all he had in mind when he recommended in his special Tat-Hartley message secret, government-supervised elections in strikes, was the principle.

GOING HOME

VIENNA, Austria (AP) — A group of 18 Italian war prisoners held for many years in the Soviet Union, arrived in Vienna Thursday on their way home. They included a military chaplain and a Catholic priest.

W. R. Sherman of Pueblo; a brother, Harold Dorst of Ontario, Calif., a sister, Mrs. Gladys Keller of Oakland, Contra Costa County; a sister, Mrs. Leland Soloman, Alameda.

Mr. and Mrs. Dorst were found dead in their home at 682 So. 1st Friday morning, Jan. 8. Siskiyou County Coroner Lloyd B. Noble and Dunsmuir Police Chief L. A. Clark stated that investigation indicated Dorst had killed his wife with a 30-30 rifle and then turned the gun on himself.

The Dorsts came to Dunsmuir from Oakland in 1939. He worked in the train service of the Southern Pacific railroad for a time, and then became a building contractor. Mrs. Dorst was proprietor of a dress shop.

Mr. Dorst was a native of Pueblo, Colo., born Dec. 23, 1908; Mrs. Dorst was born in Oakland, Calif., Dec. 29, 1911.

Mr. Dorst was affiliated with the Eagles and Odd Fellows lodges; she with the auxiliary of the Brotherhood of Railroad Trainmen.

They are survived by a son, Ralph Dorst, and small granddaughter, both of Dunsmuir. Other survivors of Mr. Dorst include his parents, Mr. and Mrs.

Carlton Plant Tour Held

A preview of the Carlton Products Corporation's progress was given a group of Klamath Falls businessmen and Klamath County Chamber of Commerce executives this morning.

Floyd Wilson, manager of the Costal Division office of Carlton Products which will be opened here on a full production basis sometime this month, was host to the group. Director in charge of visitations for the chamber, J. C. Renie, arranged the tour.

The operation here of the plastic pipe company's farthest west office was the culmination of negotiations which began Oct. 30, 1952, between Carlton executives and the local chamber of commerce.

Last year the Carlton company leased a building at the airport which is currently owned by the city of Klamath Falls. Remodeling has been completed and machinery is in place for the manufacture of plastic pipe. The plant has been operating as a point of distribution for some time.

Among the guests invited to inspect the plant were Don Kenyon, representing the mayor and the city council, members of the county court, chamber directors and all committee chairmen.
