Small Death Learned Here
 Private funeral services were held Friday at Salem for Mrs. Margaret Small, who died January 21 after a brief illness at the Menonite home for the aged at Albany. Fisher Funeral Home, Albany, was in charge of arrangements.

Born in Prescott, Washington county, Maine, on September 21, 1868, she was married in 1888 to Fred Ossian Small at Winchendon, Massachusetts. They lived in Maine until coming to Klamath Falls in 1929 where they lived until his death in 1948. He was a practicing attorney here.

Mrs. Small was a member of the First Congregational church and was well known for her hobby of collecting wild flowers and birds.

A daughter, Mrs. Clarence Hines of Eugene, survives.

Contra Costa Canal Fence Proves Bigger Problem In Long Run Than Ike Thought

WASHINGTON (AP)—"Please build this fence, Mr. President," a bereaved father wrote the White House, but sympathetic officials reported today that barbed wire alone won't keep children from drowning in the Contra Costa Canal of California.

The letter Warren Anderson of Martinez, Calif., wrote President Eisenhower after 3-year-old Joe Anderson lost his life Nov. 16 in the canal brought from the President the reply that rarely had been "been so touched by any letter as by yours." The President ordered an investigation.

Reclamation Commissioner W. A. Drexler's report to Secretary of the Interior McKay, who has jurisdiction over the canal, was made public today. The gist: "The problem is more properly one that requires the cooperation of each and every grower in the area through which the canal winds."

Anderson wrote the President that 33 persons had lost their lives in the canal. He asked protection "not for my Joe, but for some other little Joe—or David—who's all boy and will be No. 34."

Drexler reported that the canal had been fenced at the point where Joe fell in, but that the wire "had been cut and trampled down."

"Adults as well as children made a habit of crawling through and over the fences to reach the canal to swim or fish," the report said.

"Tight fencing might be a deterrent," it continued, but it "would also be a challenge to the youngsters" and might hamper rescue efforts in case of further mishaps. And to fence the whole canal,

Fisheries Bill Would Seek Outlet

WASHINGTON (AP)—Rep. Knox (R-Mich.) has introduced a bill intended to raise more than \$1 1/2 million dollars for an educational program to develop new markets for fishery products.

The bill would authorize the Interior Department to spend for this purpose 30 per cent of the money collected in import duties on foreign fishery products. Last year the total collected was \$8,258,000, Knox said.

MOPUP

HANOI, Indochina (AP)—French and Vietnamese forces, spearheaded by tanks and other mobile units, killed 109 Vietminh and captured 161 others in a mopup action Saturday in the Red River Delta, the high command said.

Train Runs Off, Conductor Left

LITTLE ROCK, Ark. (AP)—The Rock Island Line Rocket left Little Rock for Memphis without its conductor yesterday.

A message to Lonoke, 25 miles east of here, halted the passenger train for a quarter hour while the conductor caught up by automobile.

Somebody—not the conductor—had pulled the signal cord which told the engineer to go ahead. The conductor, who was not identified, was inside the station at the time.
