O'Flaherty Death Told Here Today

Word has been received here of the death at Pendleton, Saturday, of a long-time Klamath County resident, John O'Flaherty, known to his many friends as "Jack."

Mr. O'Flaherty who was 81 years of age, died of a heart ailment at his home in Pendleton, Saturday.

With his wife and daughter, Ethelwynne, he came to Klamath Falls in 1911 and in the early 1920s was appointed to an official position with the city by Mayor T. B. Waiters.

He was active during his residence here in church and fraternal organizations and at the time of his death was a member of St. Paul's Episcopal church, of Klamath Falls Masonic Lodge, No. 77 A.F. & A.M., and the Eastern Star.

Surviving are two daughters, Mrs. C. C. (Nadine) Colvin, Klamath Falls, and Ethelwynne Brownlee, Renton, Washington; a granddaughter, Carol Ann Colvin, Klamath Falls, also a sister and two brothers in Canada.

There will be a memorial service at St. Paul's Episcopal Church at a date to be announced later by O'Flaherty's Memorial Chapel, in charge of arrangements.

Alaska Said Ready To Go

WASHINGTON (AP)—Alaska's Gov. Wm. Frank Heintzleman believes the territory could make a financial success of statehood now.

The governor's views, expressed at a closed-door session of the Senate Territories Subcommittee Wednesday, were obtained from sources who asked that their names not be disclosed.

Heintzleman himself has declined in interviews with newsmen to take a public position on whether Alaska could support statehood at this time.

Appearing before the Senate committee last year in connection with his nomination to be governor of Alaska, he said in essence that he favored statehood for Alaska when it had developed an economic base sufficient to support itself as a state.

More recently, he announced he favored sending an Alaska bill to the Senate floor for discussion.

Asked directly whether he favored statehood now, however, he replied that it depended upon the bill reported by the Senate committee.

Reliable sources, however, indicated the governor was much more direct in his testimony to the subcommittee.

One source described his statements as "quite contradictory" to those made last year at the time of his nomination.

"You can say the governor made a good witness for statehood," the source declared.

Ski Lift Jam Injures 3

CHEWELAH, Wash. (AP)—A ski lift jammed yesterday and ran uncontrolled in reverse for 30 terrifying seconds as passengers jumped to escape being pulled into the lower terminal where the power equipment was installed.

Don L. Katke, Robert Katke and Roy Shetter, all of Spokane, were injured when they jumped from the \$80,000 chair lift.

Officials of the Chewelah Peak Ski Club said an expert's report of the cause of the accident probably will not be available until early this week.

A boy about 10 years old was virtually dragged from his seat when the bottommost chair started to enter the lower terminal.

The reversal was stopped when the lower four chairs became tangled in the bull wheel of the lower terminal.

Texans Take Lusty Blow At Morse

WASHINGTON (AP)—Texas Sens. Lyndon Johnson and Price Daniel said Monday Texans don't need any advice from Sen. Wayne Morse of Oregon on the election of their officials.

They so remarked in separate statements commenting on some of the things Morse has been saying about the two Democratic senators in recent speeches in Texas.

Morse had called Johnson a reactionary who "represents himself." He said Daniel "represents the oil interests."

Johnson issued this terse statement: "Morse's opposition to measures for the benefit of Texas is well known."

"I don't think Texans need an outsider to come in to tell them how to vote and I don't think they will pay any more attention to them than the Senate does."

Daniel dictated this statement to a reporter: "Sen. Morse is still crying about our victory in the tideland legislation."

"He fought Texas and the other states longer and harder than any other senator, breaking the Senate filibustering record. I'm not surprised that he has criticized the Texas senators who prevailed against him in this fight, and I'm sure the people of Texas can make up their own minds about their elected officials without any outside help from Sen. Morse."

"It was a compliment to me to be criticized by Sen. Wayne Morse because that puts me in the same boat with my state and its people. No one in the U. S. Senate had fought and voted against Texas, and the interests of its people, more than Senator Morse."

WIL Junks Vet Ruling

LEWISTON, Idaho (AP)—Western International League directors Saturday junked the Class A loop's rule limiting each club to a maximum of 12 veterans.

In ending a two-day meeting here, the directors also:

1. Fixed the monthly salary limit for each club at \$8,000, a jump of \$600 from last year, which the salaries of player-managers are excluded.

2. Set a 154-game schedule, with the opening games April 29 having Calgary at Tri-City, Edmonton at Salem, Wenatchee at Lewiston and Victoria at Vancouver. There were several minor schedule conflicts still to be ironed out.

3. Fixed the player limit at 17 men per squad, exclusive of the first month of the schedule and the last 20 days.

4. Ruled that games rained out during the first half of the split season are to be played in the second half and counted in the second half standings.

The junking of the veterans limit drew the fire of a minority segment of the directors, which claimed the new ruling would destroy the league as a building ground for young players.

"In the development and sale of these youngsters lies your biggest chance of profit," one of the objectors complained.

Proponents of the new rule said it would improve the quality of ball because the teams would not have to use so many rookies.

Idaho Skier Wins Jumps

LEAVENWORTH, Wash. (AP)—The University of Idaho's Olaf Stavik won the Class A championship of the 23rd annual Leavenworth ski jumping tournament Sunday with leaps of 249 and 252 feet.

Ragnar Ulland of the Seattle Ski Club was second, turning in leaps of 231 and 241 feet, and Reidar Livaalseter, also of the University of Idaho, finished third.

Stavik's leaps gave him 224 points, six more than Ulland.

The Senior Class championship was won by Hermod Bakke of Leavenworth with 207.1 points, and Kjell Bakke of Leavenworth, skiing for the University of Washington, took Class B honors. The B2 trophy went to Duane Brown of Leavenworth.

Accidents In Oregon Drop

SALEM (AP)—The number of fatal industrial accidents in Oregon dropped sharply last year, the Oregon Industrial Accident Commission reported Thursday.

There were 126 employees killed while working for firms insured by the commission, compared with 156 in 1950.

The number of claims filed with the commission increased from 60,181 to 69,469, but the number of insured firms increased, too.

There were 56 fatal accidents in Western Oregon's logging industry, a reduction of five compared with 1950.

There were 13 fatalities in Western Oregon sawmills, compared with 24 in 1950.

Contract construction accounted for 14 fatalities, a reduction of three. There was one fatality in building construction, and four in agriculture.

The commission said it made 16,695 safety inspections during the year.

Chiefs' String Reaches 20

SEATTLE (AP)—Seattle University, already possessor of the nation's longest college basketball winning streak, shoots for Nos. 21 and 22 this week in games with Pacific Lutheran and Gonzaga.

The Chiefs, who hung up No. 20 Sunday night—one more than Western Kentucky—with an 80-50 triumph over Portland, play the Lutes Tuesday night and Gonzaga Saturday night.

Bench strength told the story in Sunday night's easy win over Portland. Coach Al Brightman sent in his reserves after the regulars had opened an early lead. All but two of his 14 players hit the scoring column. Joe Pehanick and Cal Bauer contributed 18 points each and Bob Godes had 9.

Seattle won Saturday night 80-66.

Wilson Hits Economy Of War Theory

WASHINGTON (AP)—Secretary of Defense Wilson says he is "provoked" and "impatient" with people who think the only way to keep everybody employed is by spilling blood during a war or under an armament program.

The head of the Defense Department, during a speech to the Women's Forum on National Security Thursday night, had some sharp words to say about a delegation which visited him in an effort to prevent the closing of an Army camp in their state.

He didn't name the state or identify the delegation.

Wilson related that the group argued the closing down of the camp would be pretty hard on the community because it already was designated as a "distress" area of unemployment. But what appeared to annoy Wilson particularly was what he said was this added comment of one of the group:

"Besides the Army's plan to close this camp you have just reduced the draft call in our area 110 men. So there will be 110 more unemployed men because there will be 110 fewer men drafted."

The Defense Department boss, getting a big round of applause, declared:

"I am impatient with the people that seem to think that blood spilling and jobs are synonymous, and who think the only way we can keep everybody employed is during a war or by loosely spending a tremendous percentage of our resources in the production of war material. None should be so selfish that they think they have a vested interest in war."

Slide Blocks Highway 58

SALEM (AP)—The Willamette Highway was blocked Monday by a slide between Lowell and Oakridge, but the Highway Commission said it hoped to have it cleared by early afternoon.

Driving conditions were generally good throughout the state. The only place chains are needed is on the road between Union Creek and Crater Lake.

Slides and washouts caused short sections of one-way traffic on the Pacific Highway at Myrtle Creek Park, on the Umpqua Highway six miles west of Elkton, on the Siuslaw Highway seven miles west of Greenleaf, on the Powers secondary highway in Coos County, and on the Eugene Richardson secondary highway.

Ice spots were reported at Government Camp, Timberline, Warm Springs Junction, Willamette Pass, Meacham, Austin and Seneca.

There was sanded packed snow at Ochoco Summit.

None of the points on the highway network had new snow over the weekend.

Roosevelt Canny Over Candidacy

LOS ANGELES (AP)—James Roosevelt, urged by Democratic leaders to give up his hopes for a seat in Congress as a result of his wife's charges of adultery, Monday released his supporters "from any further obligation."

He left the door open, however, for a "final decision" on his candidacy later.

Roosevelt is accused of intimacies with 12 women in his wife's suit for separate maintenance.

Attorney Samuel B. Picone quoted Roosevelt:

"I have released all my friends and supporters from any further obligation to me in the 26th District congressional campaign. I will not present my name to the 26th District council for endorsement nor will I allow my friends to present it at the Feb. 11 meeting."

The district Democratic council meets on Feb. 11 to consider endorsing a candidate.

The loophole came with a further statement by the attorney quoting Roosevelt that the candidacy filing time doesn't begin officially until March 10 and continues until April 2, "which gives me plenty of time to make a final decision."

Picone also said a "lengthy statement" is being prepared and will be released later in the day. But the attorney said there would be no question and answer period at the meeting.

Measure Would Change Office

SALEM (AP)—Oregon's public utilities commissioner, now appointed by the governor, would be elected by the people under an initiative measure filed with the State Elections Division Monday.

The petition was filed by State Rep. Monroe Sweetland, Milwaukie, Democratic national committeeman. If he gets 37,404 signatures of registered voters, the measure would be on the ballot next November.

Co-sponsors are Mrs. Sweetland; Gerald H. Robinson and Ray Gill, both of Portland; William H. Howard, Milwaukie; and Arthur J. Bone, Salem.

Peace Officers Aim At Cooperation

PENDLETON (AP)—The newly formed Oregon Peace Officers Assn. met here over the weekend to draw up bylaws and elect temporary officers. The group aims for greater cooperation among law enforcement agencies.

R. A. Lord, La Grande police chief, was named president, and Asle Cunderson, Baker police chief, secretary.

RETURNED

Darold Johnson, 36, returned from Los Angeles by Deputy Sheriff Dal Reed on a charge of non-support of a minor child, demanded a preliminary hearing Monday when he appeared before District Judge D. E. Van Vactor. The hearing was set for 10 a.m. Wednesday. The defendant is held in the County Jail in lieu of \$2,000 bail.

Two Injured In Smashup

Two victims of a car-wreck which occurred about 4 p.m. Monday were still in the Klamath Hospital this morning, the Herald reported to be seriously injured.

The accident took place at the intersection of Alameda and Washington. The Dallas, Texas, car was on icy pavement and crashed into a northbound Freightliner and trailer operated by Albert Anderson, 35, 2100 Clark, Redondo Beach, Calif.

Injured were a Dallas passenger, Dorothy Peck, Las Vegas, Nevada.

Two other passengers in the lowly car and Charles J. relief driver in the truck injured.

Extradition Deadline Set

District Judge D. E. Van Vactor Monday set a "strict" deadline for the extradition of Calvin Thomas V. Coates, Jr., to the County Jail before Feb. 24, 1951, for a writ of habeas corpus.

The defendant appears before Judge Van Vactor Monday with his lawyer, A. C. and waived a hearing on a writ of habeas corpus.

Attorney Yaden, who filed the "irregularities" in the extradition papers, said if extradition papers are not filed by the deadline, he will still file for a writ of habeas corpus.

Coates who was extradited from Dallas to face a forgery charge freed on a motion by District Attorney Frank Alderson, whose office failed to identify trial before Circuit Judge Vandenberg.
