Democrats Blamed For Empty House

AUSTIN, Tex. (AP) — Walter Biebert, looking for an apartment here, turned one down because he thought the rent too high. The apartment house manager was chagrined. The place, she said, had been vacant five months. "This," she said with feeling, "is what the Democrats did to the country."

"They fixed it so every Tom, Dick and Harry could buy his own home and now there's nobody left to rent apartments."

Most recent agency to report was the Commerce Department. In testimony made public today, Asst. Secretary James C. Worthy told the committee 132 security firings or forced resignations last year included 23 persons classified as "cases involving alleged subversion or disloyalty."

Previously, the Justice Department had reported 1 former Communist among its 8 security firings; the Treasury Department had listed 4 disloyalty cases among 130 dismissals; the Agriculture Department had told of 1 disloyalty case.

PRISONERS

PANMUNJOM (AP) — The Communists said Thursday they would free 10 "foreigners" March 1 when, under the terms of the Korean Armistice, displaced civilians are to be exchanged. The Reds did not identify the 10. A number of missionaries and other civilians were captured early in the war.

In an undisclosed number of security outposts, and the Post Office Department had reported 188 security releases with no disclosure of how many, if any, were disloyal.

The State Department already has given its figures but the committee has not released them. Recently, there have been 534 security firings in the State Department, with 11 or 12 involving disloyalty.
