It Happened This Way in New Pine Creek

By IRVIN FARIS

My! What a tumultuous weekend—
climaxed by the nerve-shatter-

ing thriller Saturday evening when the Honkers drew a rabbit's foot win, 54-53, from Madras after playing a close game all through the four quarters, thus winning a district tie with Burns for first place. The local team took a gallant step toward that position by winning a

hard fought 72 to 67 victory over Prineville Friday, making all home games victories.

Then—around a hundred Grangers and families, representing five different Granges, convened here last Saturday for the Lake County Pomona meet. This small burg was like an average town playing host to a state convention. There was something doing every minute.

And speaking of state conventions, the Lake County Pomona Grange, at this busy session, voted to be joint host to the Oregon State Grange convention to be held at Klamath Falls in 1955. This important decision came after big, amiable Mike Williams, Klamath County Pomona Grange master of Fort Klamath, did a right smart job of selling in a 10 minute speech under the cue of new business.

"I believe this would be the best thing that could happen to stimulate Grange membership in our two counties," Williams said.

In his impromptu foreword, Williams spoke fluently in a brief round-up of weighty problems that confront the Granges of the state. He bore down heavily upon the plight of mal-distribution of farmers' produce—sighting the surplus of Tulelake spuds, the mammoth store of grain in the two counties, the deplorable pinch-penny beef market while the consumer has to pay 60 cents for dark, mealy ground-beef which a farmer would hardly consider fit to feed his cats and 8 cents per pound for cut potatoes.

"All this," he deplored, "while

hundreds of people right here in our own counties are going undernourished."

Lake County Pomona Grange Master Ray Johnson was in the chair for the open meeting which followed after the members had done justice to a splendid, pot-luck, cafeteria style dinner that the Eastside Home Ec Club had so diligently prepared.

Special speakers who were given precedence were A. B. McPherson, of the Lake County Chamber of Commerce and Dar Dodds, secretary of the chamber and chairman of the telephone committee. McPherson spoke briefly of the many ways in which the Chamber can, and will work with the county Granges to assist them in every way possible. All the chamber needs to know is what these problems are and full cooperation will be forth-coming.

Dodds very eloquently explained the complex rural telephone situation, and the difficulties involved in getting an automatic rural telephone system established. He held up a mass of folios containing numerous letters, reports and statistical digests, representing the four years of hard work that have been spearheaded by the chamber, together with a vast amount of tedious work on the part of many individuals in the valley.

"All this," he said, half-apologetically, "is rather hard to cover in ten minutes."

But after explaining what has been done to date, he recounted the many obstacles yet to be surmounted.

"What we have to do now to meet

the RPA requirements," Dodds said, "is to either show that the West Coast Company (now operating) is willing to sell, or get a condemnation of its property on the grounds of poor, inadequate service. Neither has the company shown much interest in selling," he added, "nor of assuming the obligation of making a bid for new automatic equipment."

Without placing a definite figure on their property, the speaker declared that only arbitrary figures can be given which makes progress in the right direction an uphill business.

"This we do know," he said, "the cost to install an automatic system, such as the RPA recommends, that would bring service to every district, is \$424,000 or about \$1,700 per subscriber. Of this amount an equity of \$100,000 must be raised before the RPA will accept our application. A loan on the balance could then be obtained at the rate of 2 per cent. Such an investment has been termed very feasible by experts—so eventually the money should be obtainable."

The present barrier, the speaker continued, is finding a bidder for the West Coast property and getting them to accept it; the speaker here being that even if the company would sell at, say, \$302,000, the buyer would sustain a great loss because only about 18 per cent of that amount could be salvaged due to the nature of the old equipment involved. Most of the old equipment would be obsolete.

Dodds suggested that letters to the State Public Utility Commission and the Rural Public Admin-

istration in Washington, D.C. might help bring pressure to bear in getting them to underwrite the installation costs. For more information on the situation anyone interested can write J. L. Bowlin, RPA Loan Administrator for this area, at 1163 Evergreen Street, Salem.

The lecturer's program of reading and singing of the rounds concluded the open meeting for all those who had not received the fifth degree. Those who received this degree by obligation into the Pomona Grange were: Mr. and Mrs. Floyd Krumet, Mrs. Gladys Cooper, Mrs. Oatman Vincent, Mr. and Mrs. Claude Noble, Mr. and Mrs. Tom Conway, Mrs. Ed De-bouy and myself.

Elgin Cornett, chairman of the agricultural committee, reported on things to come of interest to farmers. Mentioned that due to the mild winter we've had, the alfalfa weevil probably would be a bigger problem this year. He said the crop should be sprayed when it first starts to grow. In the matter of weeds, he pointed to Mediterranean Sage as becoming more and more prevalent in Lake County which should be sprayed. He urged farmers to attend the weed control meeting March 3, in Lakeview.

Ed Eskelin, Fort Rock, spoke a few words on soil conservation in his area and said that the farmers there were aiming to concentrate on certain crops that yielded the best returns for that isolated district. J. W. Ogle revealed that definite progress was being made in dairy herd testing and that among Lake County herds there were always a few cows that showed up with exceptionally high yields in butter fat. Lee Hansen reported on plans for arts and crafts, which covered square dance lessons, textile paintings, candle making, re-upholstering and the like.

Lyndon Passage said he had attended a meeting of the Surprise Valley Electrification Corporation board meeting at Alturas, investigating the possibility of obtaining a weekend stand-by man. He was informed the cost for such a man's service was \$18 per day and that the company was simply retrenching to this extent. He found this to be advisable under the circumstances.

Glenn Harvey, Richard Buck and Raymond Fisher were appointed by the legislative committee by Master Ray Johnson.

Funeral services were held February 20 at 2 p.m. at the Ousley-Osterman funeral parlors for Mrs. Elizabeth Smith, 68, who died at her home of heart trouble some-what Wednesday forenoon, February 17. She was born on the old John Barrington place between New Pine Creek and Lakeview and was a resident of this community all her life.

Her brother, Bill Barrington, who had been making his home at her residence for the past several months, was shocked to find her body on the floor of her kitchen when he came for his noonday meal from the Keller Mill where he is employed. The breakfast dishes were on the table just as they were when he had departed that morning.

Although she had had heart trouble the past year or more she had been feeling fine the day before and even that morning showed no signs of any distress. She is survived by her husband, W. H. Smith, now living in Oroville, California; two brothers, Bill and George Barrington of Lakeview. Interment was in the Lakeview cemetery.

Mrs. Zella Burton returned February 13 to her home in San Francisco but she will be back in the spring.

Painting classes started last week at the Kelly Creek School under the tutorage of Mrs. Eunice Cogburn. The youngsters are all enthusiastic about the new course and she enjoys their eagerness to learn more about it.

Mrs. Norma Haggood and Bonnie of Lake City visited recently over the weekend with her sister, Mrs. Cliff Partin.

Clyde Cogburn has been quite ill lately with a siege of the mumps, complicated by an attack of intestinal flu. After the doctor came down last Tuesday evening and attended him, his fever went down so that now he is considerably improved.

A PTA council meeting was held at the home of Mrs. Freda Evans February 18. She also had noonday luncheon guests that day from Paisley including Mrs. Ruth Brat-lain, Mrs. Mary Daily and Mrs. Bonnie Knudson.

Mrs. Nancy Robinson has a new baby boy born February 19. His name is Steven Douglas and he weighed a little over seven pounds. Mrs. Robinson was brought home Tuesday afternoon feeling as well as can be expected. The Robinsons now have three boys and one girl.

Due to a power failure, the Kelly-Creek School was dismissed half a day February 19. The oil furnace out there refused to operate without electricity.

Bernice Keller came home last Saturday a week ago for a short visit with her mother, Mrs. Eric Rose. She was accompanied by a close friend, Mickey Parker.

Mrs. Alice Allen was guest at a dinner party given February 21 in her honor by Mr. and Mrs. Harvey Porter and Earle. Actually her birthday anniversary came on Monday, but she being a school teacher was given Sunday. Present for the occasion were Mr. and Mrs. Ed Rushton and Patty, Mr. and Mrs. Earl Martin, Mr. and Mrs. Clay Lawson, the guest of honor and her husband, Bill Allen.

The little three months old baby of Mrs. Charlene Curtis died shortly after his six a.m. feeding, February 23. The baby, Douglas Stephen, may have had a slight cold but he had been in good health apparently. It was thought the infant may have had a weak heart. The baby's father, Cpl. Harvey T. Curtis, stationed at Fort Lewis, was notified of the tragedy. Mrs. Curtis is the daughter of Mr. and Mrs. Frank Ross.

Mrs. B. Mitchell and Sharon Jones left Tuesday morning for her home in Santa Rosa. She has
