

BELIEVED TO BE THE ONLY machine of its kind built on wheels, this checker manufactured by Johnson Machine and Mfg. Co., Malin, is used for building checks for irrigation. A positive depth control with fine adjustment is a feature of the machine.

Eight feet wide, it can be pulled by the lightest farm tractor. A positive tripping device is also featured. Several of these machines are now in use in the lower Klamath Basin.

Coffee Test Proves Little

PORTLAND, Ore. (AP)—Nobody likes coffee, says the Oregonian—they just think they do. Because coffee—and prices—are

in the news, the newspaper decided to try out tastes in the brew, particularly to find out about some "extenders." That is stuff mixed with the pure stuff to make it last longer.

Total Of Blind In U.S. Told

ST. LOUIS (AP)—It may happen through disease, accident or simple neglect, but an estimated 27,000 Americans will lose their sight this year.

The estimate was made by Dr. Frank M. Foote, executive director of the National Society for the Prevention of Blindness.

In a press conference preceding the opening of the society's three-day conference today, Dr. Foote said that at present rates 750,000 Americans who now have good vision will become blind before they die.

There are about 314,000 blind persons in the United States today, he said.

So the paper's food expert, Nancy Morris, brewed up three pots and set them before a group of confirmed drinkers. One, pot A, was the pure stuff—nothing added. Pot B contained coffee and caramelized starch and calcium phosphate, an extender. Pot C contained two-thirds coffee, one-third cereal fig extender.

The drinkers sampled brew from each pot.

Five of them voted for pot C because they thought it was the pure coffee. One thought pot B had it. No one thought pot A, pure coffee, was much good.

But all of them agreed that Nancy Morris wasn't too hot as a pots, they insisted, was weak coffee brewer. The stuff in all the enough to fall on its face.

TRADE FACT

CAIRO, Egypt (AP)—The Egyptian Foreign Office initiated a trade agreement with Soviet Russia Wednesday calling for each nation to ship the other goods valued at five million pounds (\$14,412,500) within a year.

RICKYS
COMPLETE REPAIR SERVICE
INCLUDES:

WATCH REPAIR

Both American and Swiss watches are handled efficiently in our large shop. Watches are precision tested for accuracy after repair work is completed. The latest technical equipment is available for your watch work.
