The President still hoped to get in a round of golf today but the weather on his arrival dimmed the prospects.

### Probe Asked For Missing AEC Papers

WASHINGTON (AP) — Substantial quantities of secret documents, related possibly to hydrogen bomb production, reportedly are missing from the government's huge 400,000-acre atomic plant at Hanford, Wash.

Rep. Felix (R-Wash) told newsmen yesterday the Atomic Energy Commission has confirmed informally that certain papers have vanished. Felix, who said he has heard reports of this loss last year, added that AEC did not tell him the nature of the missing classified material, but that he took it for granted it was "top secret."

Felix said he had no indication the data was stolen by spies, but he asked for an investigation by the Senate-Atomic Energy Committee because, he said, "even if it's a matter of poor housekeeping it's a shocking situation."

The congressman reported Chairman W. Sterling Cole (R-NY) of the atomic committee has agreed to look into the situation and that an investigator probably will be sent to Hanford shortly.

An AEC spokesman said the commission would have nothing to say for the time being. At Hanford itself, there was no immediate comment. The project, which lies near the Columbia River, employs 18,500 workers.

The project's main mission is production of plutonium—a fissionable material—for atomic bombs. However, Dr. Ralph Lapp, a scientist who worked on the World War II Manhattan project, said in a recent book that material used in the first big hydrogen blast in November, 1952 was made at Hanford. Dr. Lapp identified this material as tritium, a heavy form of hydrogen.

### Marrying Socialites Have Tiff

**PALM BEACH, Fla. (AP)**—Reports that Woolworth heiress Barbara Hutton had walked out on her latest prince charming, Porfirio Rubirosa, gave the international smart set another choice morsel of gossip to chew on today.

Society sources here said Barbara left the rented honeymoon villa Thursday night and moved in with her aunt, Mrs. James P. Donahue, at the Everglades Club.

She was reported in seclusion and did not answer her telephone. Rubirosa, the suave playboy-diplomat she married Dec. 30, was reachable but not talking.

"I do not know anything," Rubirosa told a reporter when asked about the separation reports. "Ask her."

Rubirosa, the Dominican Republic minister to France, hasn't been in Palm Beach the full 10 weeks since the honeymoon with Barbara began. Last week, there were rumors he flew to Phoenix, Ariz., to see an old flame, actress Zsa Zsa Gabor. He denied them.

A few days later, he popped up in Sebring, Fla., to drive an Italian Lancia in the international grand prix endurance race for sports cars.

The New York World-Telegram and Sun printed the first reports of the rift. It started, the paper said, when Rubirosa escorted several Palm Beach beauties to night spots.

The surprise marriage of Barbara and "Rubi" was her fifth and his fourth.

Her former husbands were Prince Alexis Mdivani, Count Kurt von Haugwitz-Rentlow, actor Gary Grant and Prince Igor Troubetzkoy.

Rubirosa's earlier brides were Flor de Oro Trujillo, daughter of the former Dominican president, French actress Danielle Darrieux and Tobacco heiress Dorris Duke.

### HOPE SEEN FOR VOTE

**ATHENS, Greece (AP)** — West German Chancellor Konrad Adenauer told a news conference Saturday "I am sure France will shortly ratify the European defense agreement."

He said he based this conviction on talks he had in Paris Tuesday with Premier Joseph Laniel and Foreign Minister Georges Bidault.

### UNIVERSITY REOPENS

**CAIRO, Egypt (AP)** — Cairo's university, closed since the rise of Feb. 23, reopened Saturday. Students demonstrated, clamoring for withdrawal of police guards and release of fellow students under arrest, but there was no violence.
