THE BEST OIL FOR ANY CAR,
NEW OR OLD — IN EXTREME
HEAT OR SUB-ZERO COLD

* Here is a motor oil that actually increases gasoline performance and mileage. It does this by reducing combustion chamber and piston head deposits and tends to prevent their re-forming. Thus, New Mobil Oil Special in effect adds up to five octanes to the anti-knock quality of the gasoline you use. By raising engine efficiency, as has been proved in hundreds of tests, New Mobil Oil Special can increase gasoline mileage as much as 23 per cent.

NEW MOBIL OIL SPECIAL corrects "pre-ignition knock," so prevalent and dangerous in engines of modern design. It gives maximum protection for all cars, all year 'round.

IT KEEPS NEW ENGINES CLEAN, free of sludge and carbon deposits and it helps clean up old engines. It quiets noisy engines by reducing or eliminating hydraulic valve "clatter." It adds years to engine life by reducing corrosion and mechanical wear to practically zero.

New Mobil Oil Special costs more, but it is worth more — much more. It gives you a sweeter running engine, more performance and mileage from your gasoline, and adds years to engine life.

change at your Mobilgas Dealer
