

WALL STREET
NEW YORK (AP) — The stock market stacked up some good gains Friday to break a three-day losing streak.
Gains went to around 3 points at the outside with many 1-point advances in the list.
There was one disappointment to the bullish minded traders—volume came only to an estimated million and a half shares. That compares with 1,700,000 shares traded Thursday when the market was down.
Buying was encouraged by the deep inroads on prices previously suffered this week.

Nutrition Expert Hits Food Fads

By ALTON M. BLAKESLEE
Associated Press Science Reporter
KANSAS CITY (AP) — The old-time medicine man didn't die — he's still doing business as the food faddist and food quack, a nutrition scientist said Friday.
Some 10 million Americans pay out \$500 million a year for "health foods," "health aids" and "diet supplements," they don't really need, Dr. Horace L. Sipple, executive secretary of the Nutrition Foundation, New York, told the American Chemical Society.
Worse, he said, "the health of a significant number of these persons is being endangered through following the diet of the faddist."
Dr. Sipple, whose organization supports research to learn facts about nutrition in health and disease, said the usual method of the "food expert" is this:
He carries on a scare campaign, playing on natural fears of ill health and hopes for good health and long life.
He declares everyone suffers from some dietary lack.
He disagrees with established information, condemns the generally recognized and authoritative organizations and institutions.
He promises a quick, easy remedy if people do as he says.
And "he always has something to sell" — some product or pamphlet.
Fat people now are a main target, Dr. Sipple said.
"The racket of reducing aids and diets is now one of the most active and profitable operations of the nutrition quack."
"All type of food fads have one identifying characteristic—claims unlimited in scope and as fraudulent as any made by the medicine man of yesterday" who hawked "cure" pills on street corners.
The main difference is that today's promoter is using much more powerful means of communication, Dr. Sipple said.
The answer, he said, is more education of the public with sound information about foods and nutrition, "so that food fads and fallacies will be recognized and rejected."

Jon Lindbergh Marriage Told

CHICAGO (AP) — The marriage last Saturday of Jon Lindbergh, adventurer son of the famed "Lone Eagle" of the 1920s, Charles A. Lindbergh, and a Northwestern University co-ed, was disclosed Friday.
The bride is the former Miss Barbara Robbins, at one time a classmate of young Lindbergh at Stanford University, Palo Alto, Calif., and until recently a student at Northwestern. Mrs. Lindbergh is 21, the same age as Jon, who is the eldest of the five living Lindbergh children. They met at Stanford four years ago.
The couple's honeymoon plans were not disclosed until Friday.
Lindbergh's parents and their four younger children came here for the ceremony from their home in Darien, Conn.
Jon Lindbergh, who is a licensed pilot, a mountain climber, an explorer, a skilled seaman, an honor student and a promising biologist, was one of the nation's most carefully shielded children while he was growing up. His parents withdrew almost completely from the public eye after the kidnap-slaying of their first son, Charles Augustus Jr.
At Stanford, young Lindbergh has shunned the usual social life. He lived alone in a tent in the Coast Range foothills about seven miles from the campus.
His bride shares his interests in outdoor life. She spent her early years in Alaska where her father managed mining properties.

Dead Flyer Said Oregonian

CONWAY, Ark. (AP) — Two flyers, tentatively identified as R. H. Swayze of Eugene, Ore., and Frank Kitchen of Tulsa, were found dead Thursday beside the wreckage of their light plane.
They had been missing since Wednesday on a flight from Cross-town, Ark., to Tulsa. They had landed at Crosssett to repair mechanical trouble, then had left for Tulsa.
The plane was found by a local resident in a remote section of Faulkner County.

Shorter Hours To Be Urged

A recommendation to reduce weekly work-hours of more than 1,700 Oregon State Highway employees, will be made by the Oregon State Employees Association at the next meeting of the State Highway Commission, April 1-2 at Portland. The OSEA seeks a reduction of work-hours to 40 for employees now working 44-48 at the same wage scale as is being paid at the present time.
The agreement to present the recommendations followed a meeting of top state highway officials with members of OSEA last week at Portland.
Forrest V. Stewart, executive secretary of the association, said following the meeting, that state highway employees work longer hours than most other state workers who are paid for a 40-hour week. Most of those who work the longer week, include road crews, bridge maintenance crews, mechanics and those in similar classifications.
The board of directors of the OSEA, at a recent conference, censured, "this discrimination" against the highway crews and approximately 300 other state employees, because, "it is not in line with the civil service recommendations."
Reports to the board showed OSEA paid membership standing at an all-time high of \$400. The board also approved a civil service merit system in the state's constitution, revision of the state retirement act and urged boosting of the state pay scale to equal private industry.
Present from the Klamath Falls Association was Keith Sec, mechanic.

Vice Probe Recessed

NEWPORT, Ore. (AP) — With at least seven witnesses still to testify, the grand jury investigating charges of corruption in Lincoln County began a weekend recess Friday.
The hearing will resume Monday with a number of state policemen and Otto W. Cahill, Neiscott, a leader of a group critical of law enforcement in the county, scheduled to testify.
The grand jury called the recess after Atty. Gen. Robert Y. Thornton announced he would have to return to Salem Friday to meet prior commitments.
Thornton and Dist. Atty. William Hollen both have been taking part in the investigation. Before the grand jury session began this week Thornton asked the governor to put him in charge alone. Thornton said it was possible, Hollen's name would come up in the investigation. The governor refused.
The grand jury at times has asked Hollen to step from the room, and he has complied.

Weather

Western Oregon—Partly cloudy Friday and Saturday except mostly clear in the southern interior Saturday. A little cooler. Highs 52-60. Lows Friday night 32-40. Winds off coast westerly to southwesterly 10-20 miles an hour.
Eastern Oregon—Clearing Friday night. Mostly sunny Saturday. Highs 48-58. Cooler Friday night with lows of 24-34.
Grants Pass and vicinity—Generally fair through Saturday with patches of valley fog Friday night. Low Friday night 35; high Saturday 64.
Northern California—Fair and warmer over weekend. Northwest-westerly winds, 8-15 m.p.h., near coast.
Baker and vicinity—Partly cloudy with a few snow flurries in mountains; clearing Friday night and sunny Saturday. Low Friday night 28; high Saturday 54.
Five Day Outlook
Western Oregon: Mild but considerable cloudiness through Wednesday. Occasional rain Sunday and again Monday night or Tuesday. Total precipitation 2-3 inch interior valleys. Temperatures above normal, averaging 54-60 during days, 38-48 at night.
Eastern Oregon: Mild with considerable sunshine through Wednesday. Few showers Monday or Tuesday with total precipitation .02-1.5 inch. Temperatures above normal, averaging 54-64 in afternoons, 32-40 at night.

Girls Scouts To Hold Roundup

Girl Scouts of the Klamath Basin will have a roundup, Friday evening, April 2 at the Fremont auditorium for all Girl Scouts, Brownies, and their parents.
All Girl Scouts with uniforms are urged to get them ready, mend if needed, let down hems to fit, polish shoes, and show up at the roundup in uniform. There will be a style show, including the official uniform for camp, a court of awards for all girls earning first class and curved bar awards, movies and some big surprises.
One of the motion pictures will be "Lighted Windows." All girls and their parents, who want to see a preview of what will happen at the annual summer camp this summer, should attend.
The roundup will start promptly at 7:30 p.m. to help get the Brownies home early.
All girls who have previously earned their curved bars, are asked to get in touch with the Girl Scout office at once.

Missing Man Search Pushed

Search for George Martin, 71, missing cattle buyer, was intensified Friday as Dist. Atty. Frank Alderson said his known obligations here had gone above \$100,000.
He is sought on a warrant charging issuance of a bad check for \$3,175.
Alderson said Martin, who operated here and at Red Bluff, Calif., for 20 years or more, often would ask business men for from one to several thousand dollars to help in a cattle purchase, then would cut them in on the profits. Scores of men, he said, were glad to join in such enterprises.
Now, said Alderson, Martin's outstanding notes and checks are known to be above \$100,000, and there is an overdraft at the bank.
Martin vanished about four weeks ago. Alderson and Sheriff Murray Britton said they had no trace of him. He had no property or other assets here.

Warner Canyon Skiing Reported

LAKEVIEW—Don Peters, district forest ranger, said today ski conditions at nearby Warner Canyon look "very good" for the weekend.
A 7:15 check this morning showed a 32 temperature reading; the sky partly overcast with four inches of new snow on a hard pack.

McKay Says Atomic Power Planned

CHICAGO (AP) — Power from the atom "is in the mills and is closer than people think," Secretary of the Interior McKay said Thursday night.
The cabinet officer said it will "take millions of dollars and a lot of time," and added hydroelectric power will be the cheapest in his and his children's lifetime.
McKay was here for the American Power Assn. conference.

Boy Scouts To Hear Educator

Dr. Elmo Stevenson, president of Southern Oregon College, Ashland, will be guest speaker at the annual meeting of Boy Scouts, May 23.
Announcement of the meeting, to be held at 1 p.m. on that date, in the armory, was made today by W. G. Ely, Klamath Falls, president of the Modoc Area Council of Boy Scouts.
Dr. Stevenson is president of the Crater Lake Council.
Boy Scout troop, No. 59, Warm Spring Indian reservation, will present a half hour program of Indian dances.
Dinner will be served by Jennifer at a nominal cost.
All members of the council, the troop committee, scoutmasters, den mothers, cubmasters, parents and families are invited.
The award of the Silver Beaver will be made by P.M. Houck, Redmond, National Council representative.

Sixteen cents, arrivals 374; on track 1258.

Wheat Support Record Set

A new record was set for the amount of wheat under price support in 1953. State Agricultural Stabilization and Conservation Chairman Miller said today. Over 549.6 million bushels of the 1953-crop wheat had been put under loans or purchase agreements as of February 15, 1954. This compares with 499.6 million bushels, a previous high, put under the 1952 wheat price support program.
The 292 million bushels of the 1953 crop corn which had been put under price support through February 15 were above the 1952-crop total for the same period. The most corn ever put under price support in an entire season was 551 million bushels of the 1948 record crop. The largest portion of the 1953-crop corn under support was farm-stored—about 278 million bushels, compared with 2.5 million warehouse-stored and about 1.3 million under purchase agreements.
More than 1 billion bushels of 1953-crops were under price support as of February 15.

Men Held On Liquor Charge

Two men were held in the County Jail Monday on charges of giving liquor to two 17-year-old girls.
The accused are Lawrence Scott, 22, laborer, and Larry McClung, 24, teamster. They were arrested on complaint of the father of one of the girls.
Juvenile Officer Francis Matthews reported the men drove the girls to Diamond Lake Junction where beer was purchased. One of the girls told Matthews they all drank beer and vodka.
The defendants were arraigned Friday morning before District Judge D. E. Van Vactor. They were allowed until 10 a.m. Saturday to enter pleas to the charges. Bail of \$500 each was set by the court.

Morse Remarks On Ike's Golf

WASHINGTON (AP) — President Eisenhower should show "more interest in increasing employment and less interest in lowering his golf score," Sen. Morse (Ind-Ore) told the Senate Thursday.
He made the remark while speaking in support of a proposal to cut automobile excise taxes in the coming year.
Morse said he had noted the President's remarks that the administration did not plan any-thing program to create jobs at this time.
The senator said he thought the time had come for Eisenhower to start a government program to put jobless men to work.

Funeral

GALLAGHER
Funeral services for Charles Paul Gallagher, 62, who died in this city March 24, will be held in Connellyville, Pennsylvania, O'Hair's Memorial Chapel in charge of arrangements.

Mr. Black - builder of better beef

He's a bull... yes.
But actually he's more than just a bull. He's a pacesetter of progress... a builder of better beef... a promise of pounds, price and profits.
If your cows are horned, he breeds 'em off your calves. And if your herd is red or white, he soon turns it black. But most important: he gets you a good calf from a grade cow to boost your beef profits.
You've heard the old axiom: "Blood will tell!" But it'll say a lot more... and pay a lot more, too, if it's Blood from a Black Bull!
He upgrades your calves
You see, Angus bulls are famous for their prepotency. They pass on their many desirable characteristics to their offspring. And you know there's no better beef type than Angus. There are lots of ways of describing it... but it all adds up to high dressing percentage and more salable beef, especially in the higher-priced cuts. That's why packers usually pay more for Angus or Angus cross-bred steers.
Your calves from a good Angus bull will not only weigh more at weaning, but will sell for more as feeders, or when finished for market. And your improved heifers will pay you dividends for years to come.

GOP Meet To Plan Strategy

OMAHA (AP) — Republicans from 11 states met Friday to plan a campaign by which they hope to win 165 seats in congress for President Eisenhower.
Those attending are the first arrivals from 21 states for a 10-day session of the Midwest and Rocky Mountain state Republican Chairmen's Assn.
The 165 congressional seats Republicans hope to fill in the elections include 14 in the Senate and 151 in the House from 21 states comprising the Association. Republicans now hold 106 of the senatorships and 105 of the House positions.
Speakers at the first one of a series of closed sessions were J. F. Mills, field representative of the national congressional committee, and Harold Rainville, assistant to the chairman of the senatorial campaign committee.
Mentioning U. S. Sen. McCarty (R-Wis.), Rainville said that chairman John Feikens had let be known that he did not support McCarthy campaigning in Michigan.
"However, this sort of thing will have no effect," Rainville declared. "Joe McCarthy is wanted all over and actually he will be unable to fill all of the requests for him from various states."
The 21 states comprising the association range all the way from Arizona to Ohio.
