

MODELING FORMAL FASHIONS the girls will wear Saturday evening, April 3, at the annual KUHS Girls League Spring Formal are, left to right, Susan Geary, vice president of the league; Nadine Wilkerson and Beverly Martz, president of Dance-a-Lot, a sub-club of the league which traditionally sponsors the only all-school formal of the spring season.

KUHS Girls Hold Style Show

A preview of things to come—Saturday night, April 3, to be exact—was the style show at KUHS Tuesday morning. The style show featured models from the Girls League, showing what the well dressed miss will

wear to the annual Spring Formal Saturday night—both in dress and in floral accompaniment. Models were Susan Geary, vice president of the league; Nadine Wilkerson and Beverly Martz, president of Dance-a-Lot, a sub-club of the league which traditionally sponsors this only all-school formal of the spring season. Charlie Mack, of Klamath Flower Shop, donated boutonnières for the boys who acted as escorts and different types of corsages for the girls—shoulder corsages, wristlets, head bands, waist bouquets and nosegays. Black Magic is the theme; McDonald-Morgan is the orchestra. Joan Meador is president of the Girls League; Mrs. A. H. Druecker is faculty adviser. Mrs. Frank Tucker is faculty adviser to the Dance-a-Lot group.

Civil Defense Plans Changed

NEW YORK (AP)—Official declaration that a hydrogen bomb could destroy any city—including New York—led to a quick change in civil defense planning for this metropolis. Evacuation of the city in the event of atomic attack heretofore had been dismissed as impossible. Now there seems no alternative—in view of the White House statement by Lewis L. Strauss, chairman of the Atomic Energy Commission. Shortly after Strauss told newsmen yesterday about the terrible H-bomb potential, City Civil Defense Director Herbert R. O'Brien said: "It is a fantastic thought, but God knows with this latest news from Washington evacuation is the only solution. The shelter idea is out."

staggering picture of the greatest refugee horde in history—eight million New Yorkers, another million and a half persons who work and visit here daily, and some five million more who live within the terrible embrace of a possible H-blast. Evacuation is being considered in terms of a northward trek into already outlined upstate "support" areas. These are not hemmed in, as is most of the city, by bodies of water. The civil defense director said he would need at least three days to evacuate the city. His problem is to reconcile this with the possible warning time of an H-bomb attack, an hour or two.

Portland Shows Business Gain

PORTLAND (AP)—Business activity, as measured by bank clearings and building permits, turned upward in Portland in March, but did not reach the level of March, 1953. Bank clearings totaled 689 million dollars, an increase of 132 million over February but 89 million under last March. Building permits were valued at nearly four million dollars, almost double the February mark, but a million under March, 1953.

Marshal Tito May Visit U.S.

NEW YORK (AP)—Leo Mateo, new Yugoslav ambassador to the United States, said Thursday Marshal Tito would accept an invitation to visit the United States. Mateo made the statement in response to a question at a news conference after his arrival by plane from London. He said he would go to Washington Monday. He had served on his country's permanent delegation to the

United Nations until called to Belgrade three weeks ago. The ambassador said Marshal Tito's immediate plans call for visits of state to Greece and Turkey.
