How often have you said, "There's nothing to take a picture of!" Yet, later, some special event will come to mind, and you wish you had just got a picture of THAT! Past events do not return except in photographs and especially in movies about the home—those famous "Home Movies."

- Some ideas to remember for sequence shots are: 1. Mother sewing and taking care of the family 2. Sister and her friends 3. Brother and sports 4. Dad and the dog 5. General family home activities 6. Local travels 7. —And many others

Your movies can be short and specified such as "Mother tending the garden," or more general, as "About Klamath Falls." But whatever the subject matter, don't say, "I don't have anything to take"—rather remember—your past enjoyable daily happenings will only come back to be remembered as "almost yesterday" in your own HOME MOVIES.

French Union forces, still holding grimly to the besieged fortress after two major bids by the rebels to overrun them, continued to get reinforcements and supplies by parachute drop.

Round The World Flight Postponed

BURBANK, Calif. (AP)—An indefinite postponement has been called in Mrs. Dianna Bixby's projected round-the-world speed flight.

The Long Beach, Calif., flier said that modifications are required on her converted British Mosquito bomber plane and that they will not be completed by the time the present favorable weather ends.

day after suffering extremely heavy losses from superior firepower inside the fortress and from continual bombings and strafings by American-supplied planes. The French airmen kept up their blasting of the long lines of coolies and trucks bringing the Vietminh supplies from Red China.

The rebels tried one assault yesterday in the northwest—their main pressure point recently—but French patrols quickly hammered them back.
