

EASTER EGG TREE has been a part of Pennsylvania Dutch Easter tradition for many years and is a bright, happy ornament for any home during the Easter season. Use almost any small tree or limb of a tree with bare branches. The slender outer branches should be clipped so the remaining part will support the dyed eggs. If you wish, use a flower pot filled with sand for the base. Hard cook two or three dozen eggs. Let them cool and then dye in varied colors. To hang the eggs, use adhesive type transparent tape. It will hold better if it is hooked around the egg. Be sure that the eggs are hung on all sides of the tree so that the weight is distributed equally. Nicest part about it, the decorations are good to eat.

Springtime is Salad Time

Comes springtime—comes salad time. Spring salads seem to bring a touch of spring sunshine right to the dining table.

To the usual salad greens—endive and lettuce—try adding shredded leaves of new spinach, chopped raw cauliflower, grated carrots, and of course, wedges of tomato, peeled or unpeeled as you wish, and onions and radishes.

For a salad that is a meal, cooked vegetables (canned, if you like), hard-cooked eggs, slices of ham, salami, or fish. Canned tuna, crab, shrimp or lobster can be used, or, for special occasions, fresh shrimp or crab can be had at the local markets.

Cheese is a nourishing and zesty addition to a salad. Cubed American or Cheddar cheese with a mixed salad; blue cheese mixed with your favorite French dressing gives a special tang to a tossed salad or can be served on wedges of iceberg lettuce, and of course, cottage cheese combines with fresh or canned pears, peaches and pineapple for a quick, nourishing and very pretty salad. Try cheese stuffed celery, prunes, dates, apricots, or cubes

of cream or blue cheese rolled in parsley or chopped nuts.

For salad to be prepared in advance for company luncheon or dinner, the Oregon Dairy Council suggests the following:

MOLDED CHEESE SQUARES

1-3 cup crumbled Roquefort cheese
 1 3-oz. package cream cheese
 1/4 cup mayonnaise
 1/2 teaspoon salt
 Dash pepper
 1 envelope plain gelatin
 1/4 cup cold water
 1/2 cup milk
 1 cup finely grated carrot
 1-3 cup chopped green pepper
 1/2 cu heavy cream, whipped

Blend cheeses which have been softened at room temperature. Add mayonnaise, salt and pepper, blending well. Soften gelatin in cold water. Scald milk. Stir in gelatin mixture until all is dissolved. Add cheese mixture to gelatin and mix thoroughly. Pour into refrigerator freezing tray. Quick chill in freezing until 15 to 20 minutes until mixture begins to thicken. Remove, turn into a large bowl. Beat with a rotary beater

Today's Women

AP Women's Editor

If you are worrying about the jitterbug jive of your teen-ager, don't.

It's all an expression of America's great new vitality in appreciation of the dance, says Kyra Nijinsky, daughter of the late great Yslav Nijinsky, high priest of the ballet and the modern dance.

A vibrant brunette with a volcanic manner, Miss Nijinsky has been in America for less than two months, teaching classic ballet at the Ballet Arts School in New York and training her own group for television and concert appearances. She says:

"Dancing in America is at the world's highest level. Here you are so vital, so alive, so conscious of every form of the dance. This country is on the verge of a great renaissance of the art of the dance. And I hope to be a part of it."

Trained as a dancer since the age of 6 by her famous father, she seems to find it difficult to sit still, and has the air of a bird arrested in flight when she sits down. Even then her eyes are dancing, her hands illustrating her words in motion. She says:

"Any kind of dancing is good—even this jitterbug craze of which you speak. It's all a part of the whole urge of this young, great country to express emotion through movement—and that is good."

"There has been too much snobbery about the dance. The classic ballet has been too formalized, too revered by its exponents. I believe in a freer, more pliable technique. Of course, one must know the ballet first, but one need not be bound by its forms."

"In school I teach the traditional ballet, but with my own group I use my own methods. The classic ballet cannot fully express this modern, rushing age of ours. And that is what I am trying to interpret, in motion."

Miss Nijinsky had her own dance school in Florence for eight years before coming to New York, and has lectured widely throughout Europe.

Cases Delayed By Court Action

PORTLAND (AP)—Trials of men accused of Portland's two most spectacular recent crimes were delayed by court action Tuesday.

Jimmy Valentine, indicted on two charges of kidnaping and one of attempted kidnaping, was granted a continuance so his attorney could prepare his defense.

George F. Sack, accused of first degree murder in the death of his wife, Goldie Sack, was granted until April 20 to enter a plea.

The state contends that Sack, 57, killed his wife by placing her in an automobile trunk where she was

asphyxiated. Sack has denied it. Valentine also says he is innocent. He is accused of attempting to kidnap 9-year-old George Brice III from Catlin-Hillside school and of forcing the boy's mother, Mrs. George Brice Jr., and her maid, Lizzie Brown, to drive him from the Brice home to the school.

Happy Anniversary Baked Tropical Confection

An inspiration for everybody's anniversary is this white cake, built up in three round, graduated tiers, covered softly with fluffy-light frosting and impressive enough to be cut to the strains of the "Anniversary Waltz." Melted, unsweetened chocolate slips gracefully from the edge of each tier in a carefree shadow-play. The graduated tiers are 12, 10 and 8 inches in diameter and, topping it all, a colorful flower which can be a rose, daffodil, gardenia or camellia, symbolic of a bright year to come.

ANNIVERSARY CAKE

Preparation: Have ready 12-inch, 10-inch and 8-inch round layer pans, all three inches deep. Line bottoms with paper. Start oven for low heat (325 degrees).

- 4 packages (20 oz. each) white cake mix
- 2-3 cups sifted cake flour
- 4 cups water
- 8 egg whites, unbeaten
- 2 teaspoons almond extract

Place contents of two packages of the mix in a large bowl. Add 1-3 cup of the cake flour. Then beat 1 cup of the water. Blend; then beat 5 minutes at medium speed of electric mixer. Add 4 egg whites, blend, and beat 1 minute in electric mixer. Gradually add 1 cup more of the water. Beat one minute longer in electric mixer.

Divide batter between the prepared 8-inch and 10-inch layer pans, having the same depth in each pan. Bake in slow oven (325 degrees), placing the smaller cake toward the front of oven for quicker and easier removal. Bake the 8-inch cake one hour or until done. Bake the 10-inch cake about five minutes longer. Cool cakes.

Prepare the other two packages of cake mix as directed above. Pour batter into the prepared 12-inch layer pan. Bake in slow oven (325 degrees) about one hour and 15 minutes, or until done. Cool cake.

Then prepare Seven Minute Frosting. Spread thinly over top and sides of each layer to make a base coat. Prepare a second batch of Seven Minute Frosting. Put layers together, swirling frosting be-

tween layers and over top and sides of cake. Melt 1 1/2 squares of unsweetened chocolate with 1 1/2 teaspoons butter. With a spoon, dribble the melted chocolate around outer rim of each tier so that the chocolate drips part way down the sides.
