

## Canadian Barley Import Duty Held Inadequate To Protect Hannchen Price

Statements made by Ray F. Hendrickson, executive secretary, National Federation of Grain Co-operators before the Senate Judiciary Committee on January 19, 1954, indicated that the 7½ cent a bushel import duties on Canadian malted barley is not sufficient to protect the malting premiums paid for Hannchen barley in the Klamath Basin, reports Ken Baghott, Tulelake farm adviser.

### Assassin Back To Finish Up Job of Murder

PHILADELPHIA (AP)—Tenor David Poleri once again will assume the role of Don Jose in the opera "Carmen" to complete some unfinished business: the stabbing of soprano Gloria Lane.

The pair appeared together in a New York City Opera Company production of the opera last Nov. 19 in Chicago.

And Poleri, 28, in what the company called an "emotional outburst," stalked off the stage, leaving Miss Lane, as the heroine, unscathed. She improvised a natural death to conclude the performance.

A spokesman for the Philadelphia La Scala Opera Company said Poleri "would stay around to finish the job this time" when the pair do Carmen here April 29.
