### Man Caught After Robbery

PHOENIX, Ariz. (AP)—The FBI reported today it had captured Herman K. Rodig, 35, wanted for questioning in the \$1,846 robbery of a branch bank here yesterday. Gerald B. Norris, agent in charge of the FBI in Arizona, said Rodig was picked up at Sky Harbor Airport at midnight where he had intended to catch a plane out of Phoenix.

Norris said Rodig had left the city yesterday afternoon in a pickup truck which he drove south toward Tucson until it ran out of gas. He said Rodig hitchhiked back here last night and went to the airport.

The FBI earlier had taken Rodig's wife, Mary Arlene, 35, into custody on a downtown Phoenix street about seven hours after the First National Bank branch was held up. The robber had handed a teller a threatening note.

Mrs. Rodig had \$1,040 in her possession which she said her husband had given her, the FBI said.

Bank robbery charges will be filed today against Rodig, Norris said. He said several persons in the bank at the time of the robbery identified Rodig as the man who left the place stuffing bank notes into his pocket.

**Disarmament Talks Planned**

UNITED NATIONS, N. Y. (AP)—Spurred by the menace of the hydrogen bomb, the Western Powers prepared today for new disarmament talks without knowing whether the Soviet Union will take part. The 12-nation U. N. Disarmament Commission set up a subcommittee yesterday to start the talks, in private, here Friday.

It adopted 9-1 a British proposal naming Britain, Canada, France, the Soviet Union and the United States to the subgroup.

It rejected 10-1 a Soviet bid to add Communist China, Czechoslovakia and India.

Only Soviet Delegate Andrei Y. Vishinsky voted against the proposal and for his own amendment. Lebanon and Nationalist China abstained on the former, Lebanon on the latter.

Vishinsky had warned beforehand that adoption of the British plan, which he called one-sided, would "create difficulties for the Soviet Union as regards its participation in the work of the subcommittee."

Henry Cabot Lodge Jr. of the United States called this "a thinly veiled threat to walk out... a thinly veiled threat to torpedo the peace." Britain's Sir Pierson Dixon asked if Vishinsky meant to sabotage efforts to solve the disarmament problem.

When newsmen asked the Soviet delegate whether he would show up for the first meeting Friday, Vishinsky said, "I do not understand your question." Before the vote he had said his attendance "will depend on the circumstances."

The subcommittee is the outgrowth of a General Assembly resolution of last Nov. 28 and of a Berlin agreement of the Big Four foreign ministers, announced Feb. 18, to "hold an exchange of views" on disarmament. It is to report back to the full commission by July 15.

**Coast Guard Curtails Search**

JUNEAU, Alaska (AP)—The Coast Guard has withdrawn surface vessels from the search for 14 missing crewmen of the ill-fated tug Chelan, but headquarters here said Monday an aerial search will continue whenever the weather permits.

The crewmen were lost last Thursday when the Chelan and a barge it was towing in Vancouver, B.C., sank in a storm off Cape Decision, 150 miles south of here. One body was recovered Saturday.

Since then searchers have found only bits of wreckage and a life preserver from the tug.

**GUIDED MISSILE**  
CANNBERRA, Australia (AP)—Britain will test a new guided anti-aircraft weapon at Australia's Woomera range later this year, officials arriving from England said Tuesday.
