New Pastor Assumes Post

The Rev. Robert Larson will assume the pastorate of the First Congregational Church this week, as permanent minister.

This is the Rev. Larson's first pastorate. He finished work at Union Theological Seminary in New York City in January, and has since then been in Everett, Washington.

A native of Pennsylvania, the Rev. Larson did his preparatory work at Worcester Academy, Worcester, Massachusetts; attended Dickinson College, Carlisle, Pennsylvania; did undergraduate work at Georgetown University, Washington, D.C. Following this he entered the Navy, in 1942, and served for three years.

Later the Rev. Larson entered the international trade field on the Atlantic seaboard and in Gulf ports. He has also lectured at the School of Foreign Service, Department of Economics, for two years.

The Rev. Larson preached his first sermon at the Klamath Falls First Congregational Church at the 11 a.m. Worship Service Sunday. The church is located at 2160 Garden Avenue.

THE REV. ROBERT LARSON is the new permanent pastor at the First Congregational Church, 2160 Garden Avenue. He assumed his duties late last week and preached his first sermon at the 11 a.m. worship service Sunday.

Roy Rogers Returns From Successful English Tour

By BOB THOMAS

HOLLYWOOD (AP) — Cheerio and head them off at the crossroads! Roy Rogers and Dale Evans, just back from the British Isles, report that the English are wacky for Westerns.

"I must say we were highly gratified," says Roy, who is billed as "the King of the Cowboys."

"We played in Edinburgh, Glasgow, Liverpool, Birmingham, Belfast, Dublin and a week in London with Billy Graham. All the seats were filled at every performance."

"And as much standing room as the fire departments would allow," adds Dale Evans, "the Queen of the West."

"In Glasgow, the manager said we could have played for a month and still sold out. We were there for a week."

"It was the first time we had been to the British Isles," says Roy, "and the people couldn't have

been nicer. They love Westerns over there."

"And do you love horses?" remarks Dale. "I don't believe there is any other country that loves horses so much."

I sat down to lunch with the horse opera duo in between recordings of their new radio show. Roy looked as youthful as ever, despite his 10 years in the saddle as the top moneymaking cowpoke of films. Dale was trim and pretty in a pink bonnet and dress. Both spoke glowingly of the work their friend, evangelist Graham, is doing in England.

"The English sort of scoffed when they heard he was coming over there," said Dale. "They thought American revivalists were pretty wild."

The Rogers did some spreading

"He's a real man of God," said Roy. "Since he has been over there, he has changed his delivery entirely. He no longer has the rattling, Winchell delivery. Instead, he's slower, more restrained. He's doing a terrific job."

"We were there a week, and they had to turn the crowds away," commented Dale. "Every night we had 10,500 people present. We gave our Christian testimony and sang some songs, then Billy took over."

"The results were amazing," said Roy. "At one meeting no less than 534 persons came forward to be saved. That's an amazing demonstration for the British, who are inclined to be reserved. And a friend told me that he noticed they didn't come forward hunched over and sad-faced, the way most folks do at such meetings. They were square-shouldered and proud to accept God's will."

Milk Research Announced

Profiting by the experience of fruit growers, dairymen and dairy research people of the U.S. Department of Agriculture are trying to develop stable and palatable forms of milk powders and concentrates, states County Agent C. A. Henderson.

It is anticipated that these products will do for the dairymen what frozen concentrates have done for the orange grower. The USDA believes that tasty whole milk that will keep well in storage will lead to marked increases in the use of milk.

At present a new evaporated milk of highly pleasing flavor has been developed but this product has some tendency to jell in storage. The researchers believe that they can find an answer to this problem.

Any person bitten should receive Pasteur treatment as quickly as possible if the biting animal is known to be rabid or if it cannot be confined, observed, or examined. Your doctor is prepared to give you this indispensable protection. We stock fresh vaccines and many other emergency items in order to serve your vital needs promptly.

Bachelors Hold Long Party

SAN FRANCISCO (AP)—About 20 revelers at Saturday night's Bachelors' Ball kept their high society party going until the unprecedented hour of 11:30 a.m. yesterday in the chateau of the Palace Hotel management because a church meeting was going on in an adjoining room.

The bachelors and their guests were dancing to a jazz band, drinking milk punch and shooting firecrackers.

The hotel authorities began at 10 a.m. encouraging the revelers to go home. But one of them said they had lost an hour in the switch to daylight saving time and they were going to make it up.

POLICE ORDER

TAIPEH, Formosa, (AP)—The red light district here is—in the strictest sense of the word—no more. The places still operate—but under white lights.

Police ordered the red lights taken down because custom dictates they signify police and fire stations.
