WALL STREET

NEW YORK (AP) — The stock market headed down Tuesday with the recently strong aircrafts suffering severe profit-taking.

Selling in the aircrafts forced price cuts from 1 to around 5 points at times in that division.

Losses elsewhere went to around 2 points while gains of a similar amount were seen infrequently.

Volume built up until it was near Monday's 2,100,000 shares, a total above the daily average so far this year.

California Red Helpers Sentenced

SAN FRANCISCO (AP)—A federal court jury last night convicted three men and a woman of sheltering a fugitive Communist leader.

The four, Mrs. Shirley Kremen, 22; Samuel I. Coleman, 43; Carl Ross, 41; and Sidney Steinberg, 39, heard the verdict with no show of emotion.

All were found guilty on two counts of harboring Robert Thompson, a Communist party chieftain, after he disappeared in 1951 following his conviction in New York of conspiring to advocate overthrow of the U. S. government. Arrested by the FBI in a Sierra hideout last August with the four convicted yesterday, Thompson is serving a term in Atlanta federal prison.

Mrs. Kremen, Coleman and Ross also were found guilty of harboring Steinberg, himself a fugitive from a New York indictment charging conspiracy to advocate overthrow of the government.

The three face maximum prison sentences of 11 years and fines of $15,000 each. Steinberg faces a maximum sentence of 10 years and a maximum fine of $15,000. There was no indication whether they would appeal.

Judge Louis E. Goodman canceled bail for all four and ordered them to jail. He will hear motions for a new trial and pass sentence Monday.

The jury deliberated 9½ hours.

A fifth defendant, Mrs. Patricia Blau, was given a directed verdict of acquittal last week by Judge Goodman, who said the evidence against her was insufficient.

Mrs. Blau was arrested on a California highway hours after Thompson and the convicted four were picked up together at the mountain cabin.

Steinberg, a naturalized Lithuanian, is a former national secretary of the Communist party, Ross, a native of Michigan, is a former secretary of the Communist party in Minnesota. Coleman, a native New Yorker, is a former member of the Communist education department in New York. Mrs. Kremen, a former Los Angeles City College student, was described by the FBI as having Communist affiliations.

Alaska Voters Go To Polls

JUNEAU, Alaska (AP) — Alaskans were voting Tuesday in a primary election eyed with interest by political trend-watchers of the two major parties.

Two years ago, Alaskans swung to the Republican side in their choice of territorial legislators and re-elected a Democratic delegate to Congress by a reduced margin.

Alaskans are nominating candidates on opposing tickets for delegate to Congress, territorial treasurer, labor commissioner and to fill 32 seats in the Legislature.

Democrats and Republicans will study results of the balloting and will regard as significant a swing toward either party. In Alaska, it's an adage that as Alaska goes, so goes the nation. The real test, however, comes later in the general election.

Incumbent E. L. Bartlett is opposing territorial Auditor Nell Moore on the Democratic ticket of Tuesday's primary. Mrs. Barbara Dimock of Anchorage, a first term member of the House and the first woman to seek a seat in Congress from Alaska, opposes Ray Beach, secretary of the Republican Central Committee, for the GOP nomination.

Grains

CHICAGO GRAIN

CHICAGO (AP) — Wheat broke sharply on the board of trade Tuesday, ending up with losses extending to 8 cents. Final prices were at the day's lows. Other grains declined in sympathy with wheat.

Several waves of selling swept over the wheat pit. The last one followed news the Senate had defeated an effort to extend rigid price supports on basic crops through 1955.

The market showed poor resistance to the selling, which was based on prospects for a record carryover of wheat on July 1, improving crop prospects in the southwest a a result of recent rains and concern about adequacy of storage room for the approaching harvest.

New crop soybeans lost several cents and even the old crop months retreated after surging into new high ground since 1948 in early dealings.

Wheat closed 4 to 8 cents lower, May 2.05 ½-2.04 ½; corn ⅞-2 ⅛ lower, May 1.52 ½-⅝; oats ½-1 ¼ lower, May 75 ¾; rye 1 ¾-2 ½ lower, May 98 ¾-½; soybeans 4 ¾-9 ¼ lower, May 4.10 ¾-4.11; and lard 20 cents to 1.10 a hundred pounds lower, May 20.02-19.80.

East Hit By Thunderstorms

By THE ASSOCIATED PRESS

Showers or thunderstorms hit broad areas in the eastern half of the nation again Tuesday while snow fell in paris of Montana.

There were two inches of snow on the ground at Cut Bank, Mont., while smaller amounts were reported at Havre and Glasgow. It was 23 above at Cut Bank as cool air extended along the northern border states.

Generally mild weather prevailed over the southern two-thirds of the country. Record readings for the date were reported Monday in some Midwest cities. Small tornadoes were reported in northwestern Iowa, with no injuries and light damage.

Rain fell early Tuesday from Connecticut westward to western Minnesota while another wet belt extended from southern Michigan to northern Texas. Heaviest falls were in the northern Great Lakes region. Showers hit areas in the eastern Great Lakes, the central Atlantic and along the Pacific Coast.

NAACP Leader To Speak

Franklin H. Williams who will make three speeches in Klamath Falls, May 5, 6 and 7, is a World War II veteran and a former member of the American Veterans Committee National Board.

He has written numerous articles for magazines and journals and in October, 1948, was chosen by Mademoiselle Magazine as the nation's future leader in the field of race relations.

"America's Achille's Heel" will be William's topic when he speaks to the Toketee Lions Club on May 5. Thursday, May 6, he will meet with the local NAACP at the Congregational Church at 7:30 p.m. The Council of Church Women and friends, will hear him on "The Christian Woman's Trusteeship" Friday, May 7, at 7:30 p.m. at St. Paul's Episcopal Church.

CE CONVENTION 30 Dot

At least 300 more beds are urgently needed in order to have accommodations for the expected 600 visiting Christian Endeavor members from other parts of the state who will gather for the convention in Klamath Falls April 29 through May 2.

Several churches in Klamath Falls have assumed quotas to fill for securing housing for the delegates. The churches are St. Paul's Episcopal Church, First Methodist Church, Klamath Temple, Klamath Lutheran Church, First Presbyterian Church, Bible Baptist Church, Hope Lutheran Church, Church of the Bretheran, Mr. Laki Community Church and First Christian Church.

The housing committee, headed by Mrs. Joseph Glodoski, urges that those who have tentatively promised housing, make these promises concrete as soon as possible so that the committee will know how to plan.

Mrs. Glodoski reminded Klamathites that the housing need not be elaborate.

"These young C.E. members are from average homes like our own, and any place which would make temporary accommodations for visiting friends or relatives of your own is what is needed," she said. "This may include a daveno, daybed or sleeping bag, as well as spare rooms."

Anyone having available sleeping accommodations for the three nights of the convention is urged to contact one of the cooperating churches or Mrs. Glodoski, telephone 6896.

Police Report House Robber

Watches, an electric razor and a valuable gun were stolen from the home of S. F. Konnie, 303½ Pine, sometime Monday afternoon, city police reported today.

According to Konnie about $200 worth of personal belongings were taken including a Bulova wrist watch, Waltham pocket watch, Burlington pocket watch, a Remington electric razor and a 250-3000 rifle.

The house was entered and the articles stolen sometime between 3:45 and 8 p.m., Konnie stated.

Austrian Flees From Red Wrath

VIENNA, Austria (AP) — The West was reported Tuesday to have acquired another recruit as a result of the defection of Soviet intelligence Capt. Nikolai E. Khokhlov.

This one was described as a 53-year-old Austrian textile expert who unwittingly carried Khokhlov's innocent - looking murder weapons into Germany.

Informed American sources said the man, Erich Lampel, and his family fled to West Austria April 11 from his home in the American sector of Vienna. They said he had been questioned by two American security agents and feared the Russians in their neighboring section of the city would grab him.

When he disappeared from the Austrian capital, the Communists had charged he was kidnaped. U. S. authorities announced then that Lampel had left Vienna "on his own initiative and now is in Western Austria entirely as a result of his own free choice."

A BROKEN AIR DEFLECTOR tore loose on the CAA test plane here last Thursday and ripped this eight inch gash in the nose section of the twin engined Beech, narrowly missing the rudder control cable. Here, Russ Avery, airport manager, studies the little chunk of metal that did the damage. The plane, which landed without difficulty for repairs, was engaged in test work on the new omnirange installation being installed at the municipal airport. A full picture story of the omnirange will be carried in the Herald and News shortly.

Chamber Plan Roads Forum

Tom Walters, chairman of the Klamath County Chamber of Commerce Roads and Highways Committee, and Harry Boivin, member of the City of Klamath Falls' Cross-Town Traffic Committee, will be the principal panel members of the chamber open forum meeting Wednesday noon at the Winema Hotel.

These men will make preliminary statements of the work and plans of their groups on traffic matters, concerning both the city and the county, and then the meeting will be open for questions and answers discussion.

Vic Schoonover, chamber director in charge of forums, will moderate the program. All persons interested in streets, roads and highways problems are invited to attend, Schoonover said.

Mild Quake Hits Memphis

MEMPHIS, Tenn. (AP)—Ten seconds of fear gripped thousands of persons last night as a "moderately strong" earthquake jarred along part of the New Madrid Fault.

The fault, which runs from Cairo, Ill., to Memphis, was the site of a series of monstrous earthquakes in 1811 and 1812, one of which formed nationally known Reelfoot lake.

The tremor last night was felt here; at Blytheville, Ark., 60 miles to the northwest; Jackson, Tenn., 80 miles to the northeast; and Corinth, Miss., 80 miles to the east. Other Tennessee and Arkansas cities closer in to Memphis also reported a thorough shaking.

The only damage reported was in Memphis, where a resident said the plaster in the ceiling of his home was cracked.

Member Of City Planning Commission Resigns At Weekly Council Meeting

At a relatively quiet meeting Monday evening, City Council accepted the resignation of the conditional appointment of a planning commissioner; tabled action on some condemnation proceedings and appointed two committees; one to work on an Alcoholics Anonymous project; the other to study a request for two hour parking meters on certain streets.

T. J. O'Harra, whose appointment to the Planning Commission was confirmed conditionally only last week following a delay of several weeks, resigned, saying that his position had been made that of a "'political pawn,' and that I won't be," he declared.

His appointment was confirmed on the condition that the mayor, as chairman of the Park Board, would give his assurance that all future purchases and transactions of the Park Board would be advertised for bids. Mayor Landry last night said he could not guarantee that, but he would, as he said, "use my influence towards it."

In his letter of resignation, O'Harra, who is a member of the School Board, Park Board and Recreation Committee, said: "When Mayor Landry inquired if I was able to serve on the Planning Commission I told him I was extremely busy but would take the matter under advisement. The value of coordination between the Park Board, Recreation Committee and Planning Commission for the maximum beneficial development of the city was apparent to me and it was my sincere desire to serve.

'POLITICAL PAWN'

"In view of the opposition expressed at the April 19 meeting of the council wherein my position was made that of a political pawn, which I cannot and will not be, and under which conditions a coordinated and cooperative effort of the bodies concerned would be impossible as far as I was concerned, I have but one alternative which is to firmly and finally refuse the appointment.

"With my refusal I urge that compromising of other candidates be unthought of in the future. My only desire was to further the development of this community's facilities for the best interest of all the people, and not just a few."

RESIGNATION ACCEPTED

Council tabled indefinitely the proposed condemnation of certain buildings on Worden, owned by Mrs. J. O. Divens, following a hearing in which Fire Chief Roy Rowe and Building Inspector Vern Schorigen declared the buildings "not dangerous."

The city officials' reports indicated that the lots had been cleaned up, foundation and walls completed, open places were closed and the little building at the rear, which was leaning, had been "leveled some."

City Attorney Henry Perkins said that legally the city could take no further action because, since the condemnation proceedings had started, the place had been cleaned up.

The hearing on the condemnation of certain buildings on Alameda and on Wendling is set for May 10.

AA MEETING PLACE

A committee consisting of Councilmen Don Kenyon and Wendall Smith, and Lyle Downing will study the possibility of acquiring a meeting place for Alcoholics Anonymous in the city.

Downing, representing the AA, told council that the local chapter has 75 to 100 recoveries to its credit, and that the present meeting places at Maple Park and the YMCA are not adequate.

"AA needs a place where meetings can be held away from the public eye and where a social center can be developed for members," Downing said. He pointed out that through AA, the city saves money formerly used for caring for drunks at the city jail, and the community reclaims useful citizens.

A request from the Merchants Association to change parking meters on Pine, Street, Klamath Avenue and intersecting streets from one hour to two hour meters will be considered by a committee consisting of Councilman Smith, Kenyon, Frank Tarr and Keith Moon, president of the association.

In the event the change is made, parking meters on Main Street will remain one hour machines.
