

Office Group Name Leaders

Officers for the coming year were elected Tuesday evening at a meeting at the Winema Hotel by members of the local chapter of the National Office Management Association (NOMA).

L. Ernest Taylor is the new president, succeeding Jack Hopkins, who becomes a member of the board of directors. Other officers include Julius Guntton, first vice president; Ted Lind, second vice president; Lea Godard, secretary, and Lorn Dalcour, treasurer. Other directors are Kenneth Brice, Chester Clark, Max Saunders and Alice Vitus.

The new slate of officers and directors will be installed at a social party scheduled for Tuesday, May 25, at the Yacht Club.

Theme of the Tuesday meeting was Education Night. An open discussion was held between members of NOMA and members of the pub-

lic school system on problems and programs in the training and preparation of today's commercial students as office personnel in tomorrow's business world. Various phases touched upon were business' responsibility in the training of commercial students in the schools; the needs of our schools for the provision of better training of commercial students for the business world, and how NOMA and the public schools can work together in the field of business education.

New members introduced to the group were Harold Ashley, clerk of KUHIS district, and Ed Hickman, office manager of Weyerhaeuser Timber Company.

L. ERNEST TAYLOR

Error Told In Spud Article

An error in the Potato Seed Rot story, appearing on page 13 of the spring issue of Oregon's Agricultural Progress, has been detected by County Agent C. A. Henderson. The error is in the amount of water to be mixed with Phygon.

The statement as it appeared in the Progress reads: "Dip all seed pieces in Phygon (one pound in ten pounds of water)"—according to Henderson it should read: "Dip all seed pieces in Phygon (one pound in ten gallons of water)".

DEFENSE FACT

BEIRUT, Lebanon (AP)—Members of the pro-Western National Front Party said Thursday they believed the Lebanese Chamber of Deputies would approve a defensive military pact with the West if such a treaty was offered.

THE NEW INTERNATIONAL ONE HUNDRED is being shown and demonstrated at Juckeland Truck Sales and Service, Inc., International truck dealer for the Klamath area. The One Hundred is a new low-cost half-ton pickup with advanced riding and performance features. It is powered by a new, high-compression engine, the Economy Silver Diamond 220. The new model's features include easy handling, swift acceleration and cab comfort, in recognition of the frequent use of pickup trucks as personal and family vehicles. The One Hundred is designed to be an efficient and economical carrier of half-ton loads.

Polio Vaccine Not Used in KF

No polio vaccine has been made available for Klamath County by the state health department for a mass vaccination of school children; according to Dr. Seth Kerron, Klamath County health officer. However, a gamma globulin will be available at a later date in case of exposure to a diagnosed case of polio.
