May Day Celebrated

BURLINGTON, Wis. (AP) — This southern Wisconsin city—normal population 4,700—today welcomed thousands of visitors for a close look at an American-style May Day.

The theme for the day-long program on "May Day-U. S. Way" was Americanism—reminding citizens of "their greatest asset—citizenship in this great country." And the theme behind that theme was retorting to communism which traditionally is glorified on every first day of May.

Officials of "May Day-U. S. Way", expected Burlington to be jammed with 25,000 people, which would be the largest crowd in this city's history.

Heading the list of visitors was the full state of Wisconsin's 12 elected spokesmen in Washington, Republican Senators Wiley and McCarthy filled main speaking roles.

"May Day-U. S. Way", sponsored by the American Legion, opened with church services in the morning. A parade consisting of some 70 floats depicting the bill of rights followed. A luncheon was scheduled to be followed by a speaking program on the high school athletic field.

During his speech, McCarthy will fly to Oshkosh to attend a state meeting of Young Republicans.

Smoked tongue, sliced thin and served cold, makes a fine addition to a cold cut platter for a buffet supper. Be sure to cool the tongue in the liquid in which it was cooked if you want it to be moist and flavorful. Serve a big casserole of scalloped potatoes with the tongue and other cold meats; choose crisp crunchy vegetables to put in the go-along salad for texture contrast.

Dermott's New Curl Lotion Revives Lost Hair Waves

This is the amazing new curl lotion you have been reading about in all the important fashion magazines. It's wonderful! An entirely new idea that returns crisp curl to your hair in no time at all, yet is not a "permanent" lotion. Particularly effective for keeping lagging troublesome ends off your neck. A clear, blue-tinted liquid as thin as water, it dries even faster than water without the slightest trace of stickiness and without the slightest risk of damaging chemical action to the hair.

Wonderful for last minute repair jobs before a date or after a shampoo, it adds necessary body and crispness with no sacrifice of sheen. Created by Dermott, well-known hair stylist, to give lustre and lasting waves to his own coiffures, this amazing lotion is now available to the public. Women are delighted to find it gives "body" to fine hair, and with continued use, encourages natural waves. Star Drug 5th and Main
