

# French Face New Cabinet Vote Crisis

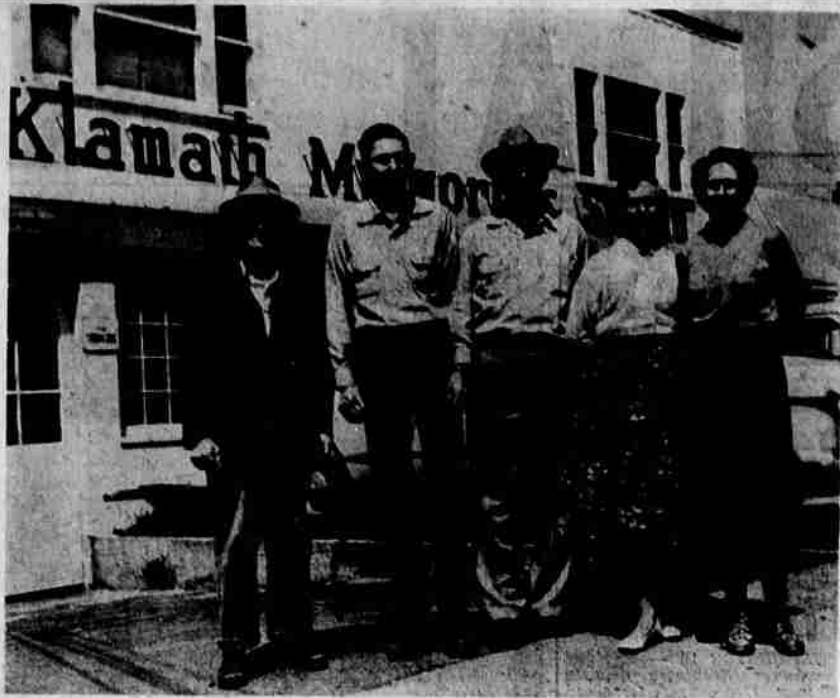

PARIS (AP) — Parliamentary observers expect Premier Joseph Laniel's government to win a National Assembly vote of confidence tomorrow unless the besieged Indochina fortress of Dien Bien Phu falls to the Vietminh rebels in the meantime.

Laniel told the Assembly last night it would have to look for a new government or postpone demands for a debate on Indochina beginning May 14. When deputies, including some of his own supporters, persisted in their call for the debate, the Premier made the issue one of confidence in the Cabinet.

This would require the government's resignation if the Assembly does not uphold its demand for a postponement of the discussion.

Laniel's chances of survival looked good today. Few of the deputies wanted to risk a government crisis at a time when the fate of Dien Bien Phu was in the balance, and when the Geneva talks on peace in Indochina were about to start.

But if Dien Bien Phu should fall to the Communist-led rebels before the vote, most observers felt sure the Cabinet would collapse too. That would pull the rug out from under France's delegation at Geneva.

**EVERYBODY WORKS** in the family of Mr. and Mrs. Edward S. Robinson, owners of the Klamath Millwork and Supply on Spring Street celebrating its 28th anniversary in business in Klamath Falls this week. Here they are with right hand man (upper left) M. C. Anderson, who has been with the business for the past 10 years. The family, (l to r) are son Willard who does his stint around the plant, "Ed" Robinson, "boss", who is also chairman of the board of education of school district No. 1, daughter Sally who helps in the office and Mrs. Robinson, chief bookkeeper and "maker of checks". Lower left — Winfield Seaver, operating a cut-off saw.

# New Security Office Slated

NEW YORK (AP) — The New York Times said today that Atty. Gen. Brownell will announce soon the establishment of a Division of Internal Security in the Department of Justice.

The new unit, the Times said, "will handle cases involving espionage, treason, sabotage, federal employe loyalty or security risks and subversive activities—in fact, all court proceedings dealing with matters affecting the

internal security of the United States and its possessions. It was understood that the new division would supplement the substantial part of the workload of the FBI. Internal security investigations now constitute a separate unit in the past.

# KF Business Completes 28th Year

By RUTH KING  
The Klamath Millwork and Supply Company, 616 Spring Street, grew and grew in 28 years from a little "unpainted, two-man crew plant to the present, imposing, prosperous, business that employs 10 men the year 'round."

Started in 1926, it has weathered the good years and the not so good and is right in there pitching, turning out a carload of lumber per week, milled into 25,000 to 50,000 small pieces for window frames, door frames, cabinets and other detail work for builders across the country. That means a million board feet of lumber annually.

Any pattern ordered can be matched and cut, according to Edward S. Robinson, who with Mrs. Robinson and their son Willard, and daughter Sally, keep the wheels turning every work day in the year. There have been no layoffs in 28 years.

Most of the window frames are assembled for shipment and that necessitates handling several times. The work is largely accomplished with modern machines that put on even the finishing touches.

Carloads of the finished products are now shipped to many parts of the U.S., with Texas a good market. One carload went to Massachusetts recently.

Pine is used exclusively. The fragrant piles of sawdust are sold to meat markets and garages.

Robinson taught woodworking in high school for four years then went into the contract woodworking business.

Both he and Mrs. Robinson are active in church and civic affairs. Two months ago they sold the Moulding Craft, Incorporated, which they had also operated for some time, to Klamath Falls residents, Mr. and Mrs. G. Clifton Baxter.

Men now employed by Robinson include M. C. Anderson, former foreman of the Moulding Craft division of the business; Winfield Seaver, Lawrence, Morgan, Wayne Anderson, Forrest Cullen, H. S. Hand, William Burpee, Elijah Chambers and Charles Smith.
