

WALL STREET
NEW YORK — A smart rally in the stock market Thursday pushed prices higher in key sections of the list.
 The rise sent the Associated Press average of 60 stocks into new high ground for the year, the fifth time in six sessions.
 Gains amounted to 1 to 2 points at the best. Losses were almost all fractional.
 Trading amounted to an estimated 1,800,000 shares. That compares with 2,020,000 shares traded Wednesday.

Committee Ends Farm Hearings

WASHINGTON — A Senate subcommittee Wednesday completed hearings on the House-passed Agriculture Department appropriation bill after hearing appeals for increased funds for grain research.
 Chairman Young (R-ND) said the Appropriations Committee probably would begin consideration of the subcommittee's recommendations in about two weeks.
 Members of the Grain Improvement Council and a representative of the National Association of Wheat Growers backed requests that this year's 1 1/2 million dollars for research on grain diseases, insect control and breeding of better strains be increased by \$65,000.
 In addition to funds approved by the House, the witnesses asked \$150,000 more for wheat research activities, \$115,000 for soybeans, \$100,000 for oats, \$100,000 for corn, \$100,000 for rice, \$50,000 for barley and \$20,000 for flax.
 Donald G. Fletcher, Minneapolis, executive secretary of the Rust Prevention Assn., said industry and states are paying \$5 to every \$1 of federal funds in research work.
 He urged added appropriations for research on methods to combat rust, other plant diseases, insect damage and to help eradicate common berry bushes which are hosts to rust.
 Floyd Root, Sherman County, Ore., speaking for the National Association of Wheat Growers, said an additional \$6,000 is needed for wheat quality investigations in laboratories in Manhattan, Kan., Pullman, Wash., Wooster, Ohio, and Beltsville, Md. The United States no longer can compete in the export market with inferior or low quality wheat, he added.
 Another \$40,000 is needed for research in plant diseases and breeding work at Brookings, S. D., Logan, Utah, Manhattan, Kan. and Urbana, Ill., he said; \$25,000 for chemical control of rusts and physiology of smuts at Lincoln, Neb., Beltsville and Corvallis, Ore. and \$25,000 more for seed increase and foreign testing.

Sailor Burned At Navy Base

BREMERTON, Wash. — One sailor burned to death in a fire that forced 48 others to jump for their lives early Thursday from the second floor of a barracks building at the Navy's Keyport torpedo station.
 The Navy identified the victim as Henry Danson, torpedoman first class, of Worcester, Mass. Six men were brought to the Navy Hospital here with fractures, burns or shock.
 The fire, which started shortly before 2 a.m., flared through the men's sleeping quarters so quickly that the men were unable to save any of their belongings.
 The cause of the fire was unknown. It burned out the interior of the top floor of the two-story frame structure.

Woman Freed Of Dope Charges

CLEVELAND — The young woman handed the man 31 capsules containing a white powder and accepted \$62 in return. Then the man, a federal narcotics agent, arrested her on charges of selling dope.
 But Federal Judge Charles J. McNamee yesterday dismissed the charges against Miss Josephine Evans, 24. Laboratory tests showed the capsules she sold contained only milk sugar.
 Miss Evans went free, and the agent was out \$62.

Motorist Aids Injured Man

Carl E. Erickson, 48, Springfield, Oregon, was brought to the Klamath Valley Hospital about 4 a.m. this morning by a passing motorist, after his car hit a soft shoulder on Highway 97 north of the Chilquin junction and turned over. He was not seriously injured and will be released today, according to state police.
 The injured man told officers he was on his way to Las Vegas to look for work and apparently went to sleep momentarily and lost control of the car.
 The accident occurred about 3 a.m. Erickson gave his address as 1311 C Street, Springfield. The car was completely demolished.

 An iris garden tour is planned for June.
 A plant sale was conducted at the close of the meeting.

Solons Probe Army Athletes

WASHINGTON — House investigators called Army officers to a public hearing Thursday to explain reports that 10 name athletes spent most of their time in the Army playing baseball and boxing.
 Eight major league baseball players and two boxers were listed among the 10 men whose cases are under study by a House armed services subcommittee headed by Rep. Hess (R-Ohio).
 The House members are trying to find out whether these men were "fiddled" while in the Army by being permitted to play baseball and box instead of taking part in normal military duties.
 Hess has made it clear, however, that the players themselves are not charged with doing anything improper.
 Brig. Gen. Herbert P. Powell, deputy chief of the Army's personnel division, went before the subcommittee Wednesday, flanked by Army officers familiar with the 10 cases.
 Powell said the Army's sports program of baseball, basketball, football and other games are "moral builders, even for the spectators."
 He produced a series of documents showing that the Army had been issuing directives ever since 1919 to guard against favored treatment for name athletes and entertainers.
 But, he acknowledged, "In a few cases, field commanders may not have carried out department policy."
 Powell said the Army has put into effect a new monitoring system under which a check will be kept on all athletes on active duty to guard against any abuses of the army policy.

Red Visits U.S. Forces

HERSFELD, Germany — Escorted by U. S. Air Force helicopters and jet fighters and a covey of military police jeeps, a high Soviet army officer crossed into West Germany today and headed for U. S. Army headquarters at Heidelberg.
 The officer was believed to be Col. Gen. A. A. Grechko, commander in chief of Soviet armed forces in East Germany, en route to pay a courtesy call on Gen. William M. Hoge, commander of the U. S. Army in Europe.
 Hoge paid a "formal courtesy visit" — lasting 15 minutes — to Grechko at his headquarters in East Berlin last November.
 Two U. S. helicopters escorted the three big black Soviet limousines across the East-West border here. Shortly after, two American jet fighters joined the convoy. Six MP jeeps fell in line, fore and aft, as the party sped down the express highway toward Heidelberg.
 U. S. Army and Air Force officials refused to say who was in the Russian party.

Flying Boat Reported Lost

CORPUS CHRISTI, Tex. — The Naval air station here reported Thursday one of its flying boats, with ten men aboard, is missing in the Gulf of Mexico.
 The plane, a PBM patrol bomber, was on a routine training flight. It was last heard from at about 9 o'clock Wednesday night and at that time reported its position as 75 miles east of Brownsville.
 The Navy said an extensive search of the gulf area is being made.
 The plane carried fuel sufficient to keep it aloft until 4 a. m. Thursday.
 The Navy withheld the names of the ten men aboard.

Museum Displays Huge Single Glass

CORNING, N. Y. — The Corning Glass Works has on display at its museum what it says is the largest single piece of glass in the world.
 The glass—a round, experimental casting of a mirror to be used in the Mt. Palomar, Calif., observatory telescope—is 10 feet in diameter, more than a foot thick and weighs 20 tons.

Police Arrest Theft Suspect

Nealon Franklin Sawyer, 33, Tulelake, was arrested by city police Wednesday evening, when he was seen to enter a pickup, reported earlier to have been stolen in Tulelake.
 Spotting the pickup on a downtown street, officers waited only a few minutes when Sawyer showed up and started to drive away. He admitted driving the vehicle from Tulelake to Klamath Falls. The pickup belongs to the Marshall Wells Store, at Tulelake.
 Two men, Arthur Kerlee and Joe Spencer, who were with Sawyer were also arrested and lodged in the city jail, charged with vagrancy. Sawyer is being held for California authorities.

Zsa Zsa Complains About Cold Plane

SHANNON, Ireland — Zsa Zsa Gabor started out for New York today with Porfirio Rubirosa but landed here complaining "I'm frozen."
 The dapper Dominican's private plane developed heater trouble en route from Paris.
 Zsa Zsa, complaining of the chill, hopped off the plane bundled up in a full-length mink, blue jeans, two cardigan sweaters and white wool ankle socks.
 When it appeared it would take some time to fix the plane, a converted B25, Zsa Zsa hurried off to the airport hotel to get some rest.
 Rubirosa, who stood by silently while his blonde companion did the talking, wore gray slacks and a blue blazer.

4-H Regional Meeting To Be Held In Klamath Falls

Klamath County 4-H Leaders Association will host a meeting of 4-H leaders from region No. 3, Jackson County and Northern California on Monday, May 10, at 7:30 p.m. Joan's Kitchen at the fairgrounds.
 Region No. 3 includes Lake, Crook, Deschutes, Jefferson and Klamath counties.
 The Klamath group has planned an interesting agenda for the visiting representatives.
 Eugene Pavell, who has won county-wide acclaim for his arrowhead collection and accompanying slides and talk, will be featured speaker of the evening, and will exhibit many of his collection items.
 Pavell, who collects arrowheads strictly as a hobby, now has about 5,000 separate items, gathered in five years of collecting. Most of the arrowheads have been picked up in Southern Oregon; a few in the Columbia River region.
 His collection includes all types and sizes, agate and obsidian arrowheads, and some hunting knives.
 Pavell will discuss the Indian involved in making arrowheads and the various civilizations involved. He will tell how people, himself included, became interested in arrowhead hunting and why they continue to hunt arrowheads.
 Also on the agenda for the evening will be repeat performances by two demonstration teams who won championship awards in the annual 4-H Spring Fair recently completed.
 The participants will be Chendelle Horaly and Nancie Rayson, Midland, demonstrating c r e p paper cord; Peggy Carson and Katherine Moore, Merrill, with a flower arrangement demonstration.
 Mrs. Fred Wolfrum, chairman of this year's Spring Fair, will report on that event.
 The committee in charge of arrangements for the meeting consists of the club officers: Dale Fleming, president; Dr. Joe Riker, first vice president; Mrs. Robert Parker, second vice president; Mrs. Oral Heavlin, secretary and Francis Skinner, 4-H club agent and associate member of the association.

PAUL PATTERSON
 has demonstrated effective action

His RECORD is outstanding

- The integrity of the governor's office has been above question.
- Oregon's budget is balanced and despite rising costs of administration, state taxes have not been increased. . . there has been no deficit spending here.
- The current five-year highway construction program is being completed on schedule with a new long-range program in the making.
- Patterson's prompt and effective leadership met the emergency at the state prison—brought needed reforms.
- When seasonal unemployment reached high levels in early 1954 he marshalled the full resources of the state to better the situation.
- He has been alert, interested and effective in meeting problems as they arise.
