HEREFORD BUYERS:

I'm sure you'll recognize the fact that this entire herd is the one that Dan and I built together. We purchased only the very best of herd sires and females to build this outstanding Hereford Herd that has produced so well for us.

With Dan gone, the burdensome problems of continuation are too many and too great. Therefore, my only alternative is to offer you this golden opportunity to improve your own herds.

I hope you'll take advantage of my offer, and make this the MAGIC KEY to your Hereford success.

I'll be seeing you May 31st at the ranch.
