TO BE (Right) OR NOT TO BE (above) — and even Shakespeare would frown on the mailboxes pictured above. This being "Mail Box Improvement Week," Postmaster Chet Langslet (pictured) took a tour of rural roads to inspect receptacles for Post Office parcels, periodicals and epistles. Those in the top picture are too high; one is too low; the standard is not substantial; fronts are uneven; names and addresses are not clearly marked. Those in the lower picture speak for themselves and for their owners.

Formosa Holds Inauguration

TAIPEH, Formosa—Chiang Kai-shek began his second term as president of Nationalist China today with a call for more military and moral support and a strong alliance of anti-Communist Asian nations.

Inauguration day was a festive occasion on this Nationalist Island despite the threat of Communist air attack from the nearby Red-held mainland.

Thousands of exploding firecrackers provided a noisy background as Chiang and Vice President Chen Cheng took the oath of office in a city hall built during the Japanese occupation.

In a brief inauguration address

Chiang declared that his Nationalist armies could recover the mainland of China if given a "reasonable amount of moral and material support from the free world and an adequate supply of the implements of war."

He also called on all Asian nations facing a threat of Red invasion to "establish on the Communist periphery a strong collective organization capable of collective action."

Chiefs of all diplomatic missions here were in the audience. Also attending was U. S. Defense Secretary Charles E. Wilson and top American military and diplomatic representatives in Taipei.

Conspicuously absent was the President's wife who is in a San Francisco hospital undergoing treatment for a skin disorder.

Search For Heirs Told

CHICAGO, Ill., May 20—A will-o'-the-wisp search is under way in southwestern Oregon and bordering California areas for descendants or other relatives of the late Christopher C. Martin and his wife, Nettie, nee Bruns, who are wanted to claim a \$7,000 estate.

This became known here today when Walter C. Cox, probate geologist, 208 South LaSalle St., who specializes in tracing missing relatives to settle estates, took over the hunt with but few helpful clues.

"The estate was left," Mr. Cox said, "by a member of the Martin-Bruns family who died without issue. Under inheritance laws applying, it reverts to the couple's children, with grandchildren next in line."

"Nettie Bruns, who reportedly came from Michigan, and Christopher C. Martin are known to have lived in or near Jacksonville, Oregon, for some time after their marriage in the early 1890s, before moving to an adjacent but unidentified locality."

"This locality is variously indicated to have been in California or Oregon. The couple is said to have had at least one child, but if no descendants survive then the estate may be claimed by living next-of-kin who would be Mr. and Mrs. Martin's brothers and sisters or their descendants."
