

NEIL R. HUFF, son of Mr. and Mrs. H. L. Huff, 1436 Derby Street, has graduated from the sea duty indoctrination course at the Marine Corps recruit depot in San Diego and transferred for duty aboard one of the capital ships of the Pacific Fleet.

WILLIAM EDWARD GREENE JR., son of William Edward Greene, Tulelake, was commissioned a second lieutenant in the corps of engineers, May 18, at Fort Belvoir, Va.

Labor Camp Growth Told

TULELAKE—The Tulelake Growers Association trailer camp will be opened at Newell, June 15, it was announced Saturday by TGA Manager Cliff Jenkins.

The camp, opened for the first time last year for the convenience of migratory workers desiring to do farm work in the Tulelake Basin, has had 32 additional stalls added and the camp will now accommodate 64 trailers.

Mrs. Gladys Moore, in charge of the camp during the latter part of the harvest last fall, will return by the opening date and will run the camp again this year.

With her husband and eight children, Mrs. Moore has spent the winter in Arizona. Moore will do farm work and the children will attend school at Newell when the fall term starts.

4-H Deadline Date Reported

Oregon 4-H club members carrying pig and sheep projects have until June 15 to get their young animals, according to Cal O. Monroe, state 4-H club agent.

He said prospects are good for selling the animals when the projects are completed, particularly if club members have their stock ready for market early.

Weaner pigs bought before the deadline will be eligible for participation in the pig feeding contest at the state fair, Monroe said. In this contest, pig club members must have a pen-of-three market pigs that weigh between 170 and 220 pounds at fair time. After judging, one animal is slaughtered to check on value of edible parts of the hog.

Announcing a new gasoline so superior that we guarantee...

New RICHFIELD ETHYL

Now, from the West's most modern refinery comes America's most advanced automotive gasoline—New Richfield Ethyl. You'll say "It's Best," after two fill-ups, or we'll pay **DOUBLE YOUR MONEY BACK** on a tankful of gasoline.

No other petroleum company has dared make this offer!

Today's new-car trend to higher compressions, overhead valves, automatic transmissions and more automatic controls demanded this completely new gasoline—the first motor fuel that meets ALL the requirements of today's advance-design cars, yet gives top performance in every car.

Thousands of miles of road testing have proved, beyond the shadow of a doubt, that New Richfield Ethyl is America's most advanced gasoline. But you are the judge. Test two tankfuls in your own car, in every way. If you do not agree that New Richfield Ethyl gives you the finest performance of any gasoline you have ever used, just follow the conditions of the Guarantee Certificate your Richfield dealer gives you... and get **DOUBLE YOUR MONEY BACK** on a full tank of gasoline.

Why can Richfield make this sensational guarantee? Because Richfield has just completed the installation, at its 540-acre main refinery, of \$40,000,000 worth of the most advanced refining equipment known to science. Exclusive processes, made possible by these new facilities, enable Richfield to produce New Richfield Ethyl from multiple components of gasoline stocks and scientific additives never before used in this controlled combination. The result is a gasoline that—

• Increases spark-plug life...reduces misfiring and pre-ignition knock...gives increased power and mileage.

• Minimizes high-compression knock...reduces vapor lock stalling even on hottest days.

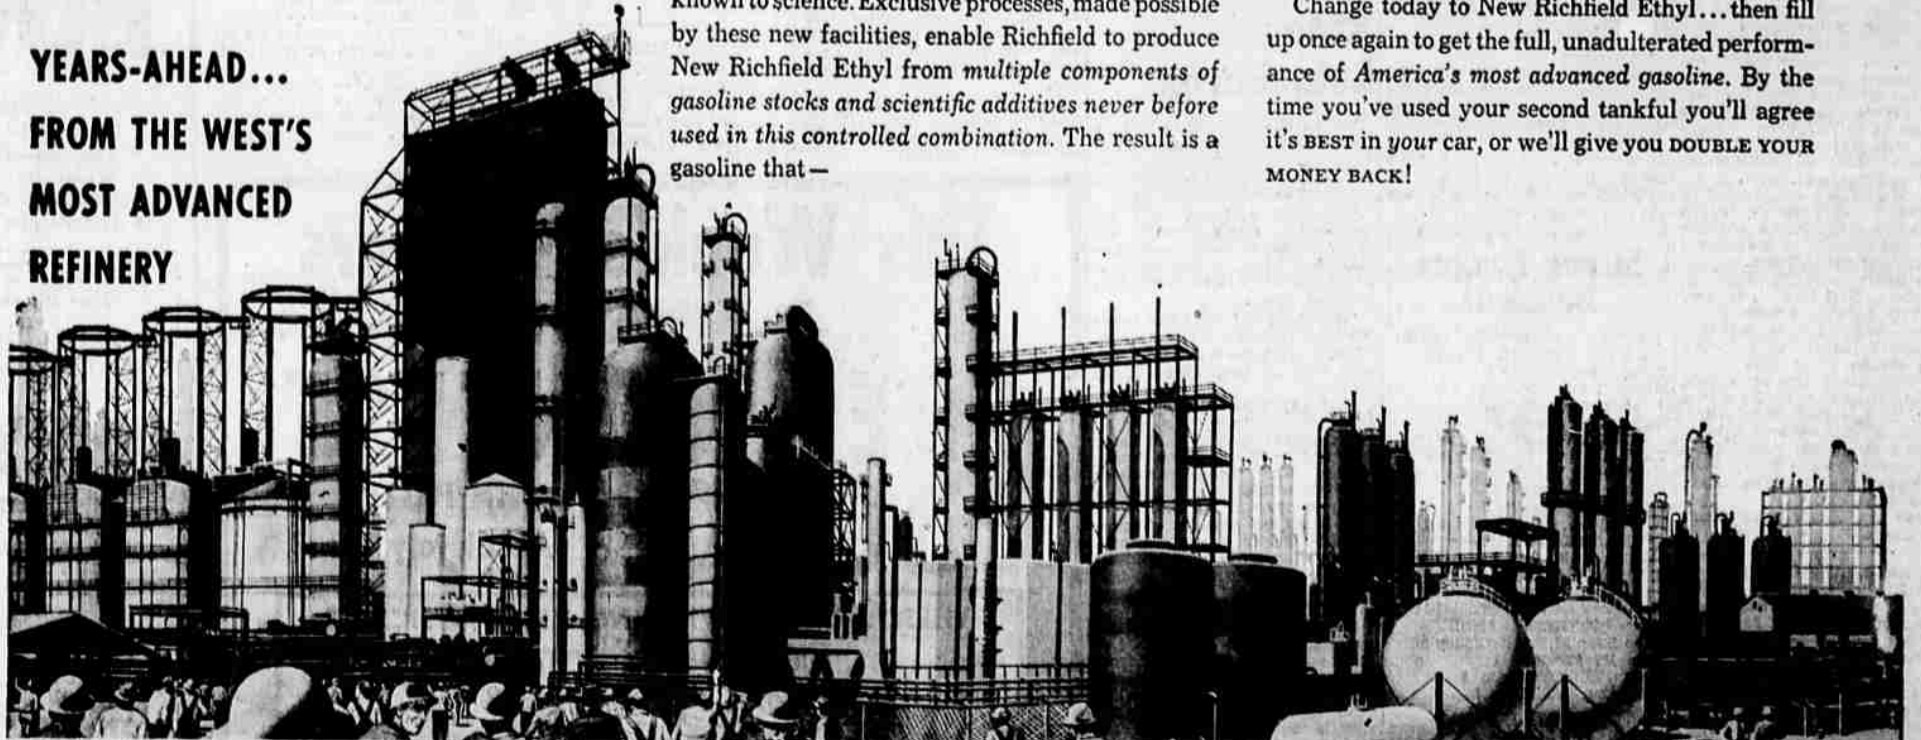

• Assures instant starting...ends most cold-engine stalling even in cold, wet, foggy weather.

• Protects and lubricates valves, valve stems and guides, upper cylinder walls and pistons...reduces combustion chamber deposits.

• Gives Rust-Proof protection against costly damage from rust and corrosion in gas tank, fuel lines, fuel pump and carburetor.

Change today to New Richfield Ethyl... then fill up once again to get the full, unadulterated performance of America's most advanced gasoline. By the time you've used your second tankful you'll agree it's **BEST** in your car, or we'll give you **DOUBLE YOUR MONEY BACK!**

YEARS-AHEAD... FROM THE WEST'S MOST ADVANCED REFINERY

"DO YOU KNOW YOU PAY 8¢ TAX ON EVERY GALLON OF GASOLINE? BEFORE TAXES—GASOLINE COSTS NO MORE THAN 25 YEARS AGO!"
