Guatemala Changing Under Reds

BY JACK RUTLEDGE

GUATEMALA (AP)—A few side-lights of life in this controversial country:

There are few American films here except a handful that were in the country eight months ago when a new tax went into effect and Hollywood pulled out.

These old movies are moving from theater to theater but operators are about running out of people who haven't seen them, or want to see them again. Some say they face bankruptcy.

Top English, French and Italian producers also have pulled out. Guatemala gets a few second-rate films from those countries, but mainly depends on Mexico, Argentina, Cuba and Spain for films. A few Soviet films are beginning to trickle in.

Coffee is grown in Guatemala. It provides 80 per cent of the country's exports. Many housewives can see the stuff growing practically next door but it costs them up to \$1.20 a pound. And even then it's not as good as the coffee Americans get.

The coffee sold here is usually left-over, broken beans, or an inferior grade that isn't sold abroad. By the cup in restaurants coffee costs 10 cents or more.

Guatemala's economy is geared so closely to that of the United States that they even use Uncle Sam's nickels, dimes and quarters. They have their own coins, of course, but you'll find almost as many American local coins in circulation.

The imported slot machines haven't been converted to local currency. They won't work with Guatemala coins.

You'll hear daily English lessons over the radio.

But tourism is temporarily a dead duck. One agency that features guided tours said it hadn't had the pleasure of conducting one in two weeks.

Another said sadly it seemed to be a choice between tourism and communism and so far officials seem to prefer communism.

Hay Storage Space Found

TULELAKE — Space in two small warehouses at Newell is being made available to Tulelake Growers Association members for hay storage. Applications will be accepted until June 15.

There are 12 sections in one building and 13 in the other. Each section will hold 34 tons of hay and will rent for \$50 a year, half to be paid when the storage is let, the other half when the hay is taken out of storage.

An elevator will be furnished to facilitate handling in and out. The association will maintain fire insurance on the buildings. The grower may carry his own hay insurance.

Taxicab Drives Off Pier End

LONG BEACH, Calif. (AP)—Two Navy wives, hurrying to meet their husbands' destroyer, went right off the end of the pier in a taxicab.

The taxi sped down the pier yesterday and the driver slammed on the brakes—too late. The cab went over the edge and bumped down onto a cement platform four feet below.

Mrs. Nancy T. McFadden, 24, suffered back injuries and Mrs. Walter S. Crowwell was bruised. The McFadden's baby daughter Connie was not injured, nor was the cab driver.

The husbands were aboard one of four destroyers of the Navy's Sighting Duck Division, home after seven months at sea. They were given emergency leaves to visit their wives at Seaside Hospital.

Producer Plans Film About Jesus

By BOB THOMAS

HOLLYWOOD (AP)—A Protestant minister is gambling his life savings on the chance that movie audiences will go for a film biography of Jesus exactly as it was told in the Bible.

The man who is taking the gamble is Dr. James K. Friedrich, a curious combination of churchman and film producer. A priest of the Episcopal Church, he is also head of Cathedral Films, which has made 35 movies for showings in churches.

Dr. Friedrich, who is equally at home in the language of the pulpit and the sound stage, is spending half a million dollars, most of it from his own holdings, on a spectacle called "Day of Triumph." It will tell the story of Christ from his baptism through the Resurrection.

"I've put in everything I've got, including a mortgage on my insurance," the producer said. "But I've done it before."

That was in 1938, when he first started in the movie business. When he was in a seminary in Virginia, he was amazed at the drama of the life of St. Paul. He never realized that the Bible could be so exciting, and he vowed to bring the dramatic power of the Scriptures to the public. After graduation, he arranged an assignment as a church assistant in Hollywood and produced his first picture, "The Great Commandment."

The film was bought by 20th Century-Fox. Dr. Friedrich used the profits to set up Cathedral Films. Among his films was a serial on the life of Paul.

Inspired partly by the commercial success of "Martin Luther," Dr. Friedrich decided to go ahead with the life of Christ. One of the first problems was finding a suitable actor. One named Robert Wilson was in his agent's office when the call came in for someone who could play Jesus.

Wilson volunteered. He had been brought up in church surroundings, his father being a minister of a fundamentalist sect. The family had frowned on his ambitions to become an actor. He recalled that his mother had finally relented, saying, "Perhaps someday you may be able to play the greatest role of all."

Commemencement Held In Merrill

MERRILL — Three boys and nine girls, wearing blue caps and gowns, received high school diplomas at commencement exercises, Thursday evening, in the Merrill High School gym. Members of the class of 1954 are Martha Marie Beasley, Betty Lou Daniel, Frances Mae Eifer, Michael Ray Geraghty, Donnie Dean Heaton, Ruth Janet Merriman, John Francis O'Neil Jr., Mary Lou Qualls, Connie Mae Reeves, Alma Yvonne Conner Testerman, Cora Jean Williams, and Nancy Ann Williams.

Mrs. Rudy Paygr was the organizer for the professional and recreational. The Rev. G. A. Milne gave the invocation. Members of the girls chorus sang two numbers accompanied by Lovetta McTaggart. Nancy Williams was the valedictorian, and Yvonne Testerman gave the salutatory address.

Frank Jenkins, publisher of the Herald and News, was the speaker for the evening. Theme of his interesting and informative talk was "The Last Frontier."

School superintendent Harold Hendrickson, made the award presentation. Outstanding girl athlete was Connie Reeves, outstanding boy athlete was John O'Neil Jr., best school citizen was Yvonne Testerman. Martha Beasley was the recipient of two scholarship awards; Mrs. Cecil Adams, representing the Soroptimist Club, Klamath Falls, presented Martha a \$200 check to be used for nurses training. Her second award of \$100 was presented by Mrs. Lillian Thomas, president of the Merrill BPW.

Senior class president John O'Neil Jr., presented the class gift to the school; a bronze plaque inscribed "Home of the Huskies," which was accepted by Jackie Barry, next year's student body president.

Roy Beasley, member of the local school board, presented the diploma.

The 1954 commencement exercises closed with the Rev. Elvin Hess of the Assembly of God church giving the benediction.

Grain Grower Meeting Held

NEWELL — The first annual meeting of the Newell Grain Growers was held June 1 at the Newell school. It marked the culmination of efforts of growers in Modoc county to form an organization to build their grain elevator and market their grain cooperatively.

New directors are Chet Kongalis, Bud Pettigrew, Woody Chambers, Manuel Silva, Everett Lynam, Dan M. Crawford and Glen Arthur. Jack Markam has been named manager.

Construction has started on a new modern 200,000-bushel grain elevator. Completion date is set for August 6.

There are 71 charter members.

Hay Storage Space Found

TULELAKE — Space in two small warehouses at Newell is being made available to Tulelake Growers Association members for hay storage. Applications will be accepted until June 15.

There are 12 sections in one building and 13 in the other. Each section will hold 34 tons of hay and will rent for \$50 a year, half to be paid when the storage is let, the other half when the hay is taken out of storage.

An elevator will be furnished to facilitate handling in and out. The association will maintain fire insurance on the buildings. The grower may carry his own hay insurance.

Eight Nations Form TV Network

LONDON (AP)—For the next month, West European television viewers can tune in on an eight-nation hookup. TV experts said the 45-minute debut of the network yesterday was a huge success.

The long-awaited experiment got under way with views of the Fete de Narcisses in Montreux, Switzerland, a carnival commonly known as the "Battle of Flowers." The pickup then shifted to Vatican City, where Pope Pius XII broadcast an apostolic blessing.

The network plans to transmit a daily program for a month. Nations participating are Britain, Belgium, Denmark, France, West Germany, the Netherlands, Italy and Switzerland. Sponsors hope the net can be made permanent.

"DENNIS THE MENACE"

Los Alamos Fights Bad Forest Fire

LOS ALAMOS, N.M., (AP)—Atomic Energy Commission officials used some 1,000 men today in an effort to finish licking a stubborn forest fire which for two days menaced this atomic city.

The wind which lashed flames towards the town through dry forest lands died down early today, allowing complete containment of the blaze.

Bonanza Women's Club Meets

BONANZA — The Bonanza Women's Club met at the library June 6 with Esther Brown presiding. Twelve new chairs are to be ordered for the library.

Members are planning hobby classes to follow the business meetings. Clara Bold was appointed chairman for the annual bazaar and food sale with the date tentatively set for December 4, to be held in the library. The funds from this affair go to improve the Bonanza library.

Work days (sewing, etc.) are held every Monday at the library during library hours, 2 to 5 p.m.

Refreshments were served to Pat Wakefield, Velda Halsey, Janet Fernlund, Jeannette Stewart, Lizzie Schmor, Birdie Burk, Clara Bold, Esther Brown and Florence Horn by Mabel Maxwell, Ethel Jones and Gerlie Dick.

The next meeting will be July 6, at 2 p.m. in the library.

OES Plans 25th Anniversary

CHILQUIN — At a stated meeting of Cascade Crest Chapter No. 159, OES, last week in Chilquin, Mrs. Helen Wing, associate matron, in the absence of Mrs. Rosalie Hoback, worthy matron, and Dwight Kircher, worthy patron, presided in the East. Plans were discussed for the 25th anniversary to be held June 19.

Rosalie Hoback announced, last month, the appointment, by the Worthy Grand Matron Irene McKinley of Donna Ridgour, Modoc, to Grand Place for the 1954 Grand Chapter session.

A no-hostess luncheon for all past matrons in this vicinity will be held June 14 at the Yacht Club. Refreshments were served by Mrs. Betty Moore, Klamath Agency, and Mrs. Myrtle Myers, Williamson River.

AEC Urges Revisions In Atomic Law

By ELTON C. FAY

WASHINGTON (AP)—Secrecy provisions of the Atomic Energy Act are so tight that the United States can't tell its allies what it learns about Russia's nuclear weapons.

The Atomic Energy Commission is asking Congress to include, in revision of the law, a section specifically to permit exchange of intelligence information on the "evaluation of the atomic capabilities of potential enemies."

A literal interpretation of the atomic law — and the AEC leans over backward in cleaving to both the letter and spirit of an act which contains drastic penalties for violation — is responsible for the curious situation.

The present act, which the commission recommends be amended to allow some exchange of various atomic information with friendly powers, contains a definite ban on communication of "restricted data" to any foreign nation or national. Information gleaned from intelligence sources on the capabilities or intentions of a foreign power is classified as restricted-top secret, secret or confidential.

This means that even information on Soviet atomic tests, picked up by seismograph (recording earth shocks at long range), by analysis of upper air showing traces of radioactivity or by intelligence coming from agent sources cannot be passed on to Britain or other allies unless there is a public announcement by the White House.

Exchange of information is a two-way street. Britain, feeling that the tight provisions of the American Atomic Energy Act have choked off all data coming from the United States, is keeping her own information to herself, including intelligence on Soviet atomic developments.

The AEC put its proposal for permitting exchange of intelligence into the general, over-all recommendation for permitting exchange of other information with allies, including the suggestion that the President be authorized to determine what data on design and manufacturing methods should be transmitted to allies.

KLAMATH BASIN GRADE PRODUCERS ASSOCIATION

Second Annual Herald & News Brand Names-Roundup Advertising Award

In The Herald and News Annual Roundup Edition "Featuring Famous Brands"

An award will be made to the firm judged having the best advertisement promoting both its own Brand Names and the Klamath Basin Roundup in the Annual Roundup Edition which will be published Wednesday, June 23. The news content of this edition will be on the Roundup and will feature pictures of the Queen Contestants.

Copies of the edition will be sent to the Oregon Advertising Club in Portland, which will select an Award Committee of advertising experts to select the winner. Judging consideration will be both on promotion of a firm's own Brand Names and on its promotion of the Klamath Basin Roundup. The winning ad then will be submitted to the national Brand Names Foundation for consideration in making its annual Brand Names Awards.

An award trophy will be presented the winner and the winning ad will be reprinted by the Herald and News.

Orders for ads in the Annual Roundup Edition, in exact size and shape, will be taken until Saturday June 12; final deadline for ad copy and layout will be Friday, June 18. See a Herald and News advertising representative or telephone 8111.
